HIGH PRAISE FOR REV. C. W. ROSE FROM HIS PEOPLE

Letter of Appreciation is Drafted and Will be Presented to Pastor

The following letter of appreciation will be presented to Rev. C. W. Rose B. A., B. D. who is leaving Park Baptist Church:

Dear Pastor:—The members of Park Baptist Church having learned from you of the call being extended to you by First Baptist Church in Amherst Nova Scotia which is, we believe, one of the largest and most influential Province of Nova Scotia have honored with a call, and further because of your desire to accept the call now presented to you, believing it is the call of the Master we, after thoughtful and prayerful consideration of their assistance.

We desire however as a church to express our sincere gratitude to you for the very many manner and Christian spirit with which you have dealt with us as to the negotiations leading up to the call being presented to you. Our Deacons' Board having assured us through its chairman, Bro. Howie, and Bro. Frank Foster, that with your accustomed frankness, and gentlemanly Christian bearing, you at once took your deacons into your confidence and explained to them completely the details of the call as they proceeded, and the reasons why you believed that it was your duty to accept it, and further these reasons having been given to the church by you in a most loyal and affectionate message to us; under all these circumstances, we in loyal and affectionate regard to you and for your wishes and to the Great Head of the Church and for His Cause, hereby acquiesce to your wishes and release you from the pastorate of the church at the time stated by you or at your convenience.

In thus accepting your resignation as the pastor over us, for the past five years, we desire to place on record our high and sincere appreciation of you, both as pastor of our church and also of your gentlemanly and Christian deportment at all times among us, and our citizens generally; for we recognize the high esteem in which you are held by all denominations of Christians throughout the entire city, and we part with you with the full assurance that you will ever have our very best and sincerest wishes for your future; that you will be abundantly blessed in your work in Amherst, Nova Scotia, and with the good old historic church to which you are called and wish whom you expect to labor, we wish you many years of happiness and prosperity in your new charge.

We further wish to bear testimony to our very high appreciation and our affectionate regard for Mrs. Rose. We feel that Mrs. Rose is an ideal Pastor's wife. Mrs. Rose has the same kindly spirit and the same pleasant smile for each and all alike. Park Church has always been blessed in Pastor's wives. We comment on Mrs. Rose most heartily not only on her membership of the First Baptist Church in Amherst, but to all the churches and all the people generally. The large class of little ones of our Bible School will miss her much. The poor and those in trouble to whom she has been a source of comfort, will miss her, and we will all miss her. Then your little daughter too, we commend you and your family to the great Head of the Church and wish for each of you many years of real happiness, peace and prosperity.

Endorsed by the church on motion by Bro. S. G. Read and seconded by Bro. Oswald Morris, on Wednesday, Committee—Hugh Howie, Franklin Grobb, S. G. Read.

FLY APHORISMS.

It is better to screen the cradle and wear a smile than scoff at the precaution and wear mourning. Flies in the dining room usually precede nurses in the sick room. Screens in the windows prevent crepe on the door. Flies, as well as bad water, spread typhoid.

A fly in the milk may mean a member of the family in the grave. A fly has natural enemies; the most persistent and effective of these should be man.

It costs less to buy a screen door than to become sick and lay off a month. It's a short haul from the garbage can to the dining table via the fly route. If at first you don't succeed, swat swat again.—From the Journal of the American Medical Association.

Cholera infantum is one of the most fatal ailments of childhood and during the hot summer months thousands of little lives are lost by its ravages. The best way to guard against it is to give the baby an occasional dose of Baby's Own Tablets. The Tablets never fail to regulate the bowels and sweeten the stomach, thus prevent cholera infantum, diarrhoea, dysentery and all other stomach and bowel complaints. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Ice Cream Social

An Ice Cream Social under the auspices of St. Luke's Ladies Guild was held on Ham and Nott's lawn last Wednesday evening. St. Luke's Mandolin band under the conductorship of Mr. Johnson played selection throughout the evening. Although several of its members were unavoidably absent, those selections won very much applause. The following members of the band were present; Messrs. Johnson, Jos. Havradine, Wm. Clarke, Geo. Hewitt, W. Sprinall and Clifford Childs. The violin solos by Mr. Johnson and a song by Mr. Harradine were very much appreciated. Mr. Wm Clarke, the organist of St. Luke's church, accompanied in his usual capable manner. The ice cream booth was well patronized, as also was the grab bag. W. Springall was the lucky grabber securing a brand new Ingersoll watch for five cents. A very enjoyable evening was brought to a close about 10:30 by the singing of the National Anthem.

SPECIAL NOTICE.

The largely advertised Hard Times Shoe Sale commences at 203 Colborne street to-morrow, money must be raised and we are offering the inducements to raise it. All we ask is that you call and see. The Appreciation of Diamonds

More and more diamonds are bought, sold and worn every year. And this in spite of the fact that the tendency of diamond prices is steadily upward.

Which last fact makes the purchase of a good diamond a worth-while investment.

Our diamond display to-day is away above the average. We import our diamonds direct from the cutters and set them in our own workshop.

We are positive we can save you money.
