## HISTORICAL RELOCATION

### Richest Claim Known to the World

Dick Lowe's Famous Fraction at the Mouth of Big Skookum Jumped.

There was quite a buzz of excitement among the clerks at the gold commissioner's office yesterday afternoon when J. W. Boyle presented an application for record of 2a above of Bonanza and upon looking up the records it was found to be open for re location and had been open for the past two days. The application was received and as fifteen days had expired since the claim expired the grant was issued at once. There i probably no claim in the Klondike that is so historical as Dick Lowe's famous fraction which is the claim referred to and which is known as 2a above. Though but 86 feet long in has produced a splendid fortune for its one time owner and there is no one in the country who is at allfamiliar with the output of the various rich claims who will not say that the Lowe fraction was the richest piece of ground ever opened up in th Klondike. The paystreak extended from rim to rim and the gravel seemed to have caught not only the run of gold down Bonanza but also that down Big Skookum gulch at the mouth of which the claim is located In 1900 by his own confession Lowe admitted that the output of the ning vs Day was concluded, the de- to make that method perfectly feasclaim to that date had been \$250,-000 with a large body of virgin ground that had been untouched by pick or shovel. The history of Lowe's acquiring

the claim is well known to all the old timers. In March, '97, Bonanza and Eldorado were surveyed by Wm. Ogilvie, who later became commis- tiff, who is also the appellant, for sioner of the territory. One of his the introduction af further evidence assistants was Dick Lowe who was After argument the application was carrying the chain. When 2 above on granted upon terms and the case was Bonanza was surveyed and measured sent back to the gold commissioner and that amount was lopped off and that it is desired to put in made into a fraction known as 2a. Mr. Ogilvie told Lowe that was a likely looking fraction and he had that of the conflict of a survey better stake it, but the chain man the claim owned by the defendantdemurred on account of the short with the ground that is claimed by length of the ground, remarking it the plaintiff. Woodworth is the ownwas not worth staking. After some er of creek claims 7 and 8 of Eighty been made. insistance he finally did stake it lit- pup, a tributary of Hunker, and the tle dreaming the fabulous wealth defendants own a bench in the sec that was so soon to be his. ### RECEPTION **TOMORROW**

Governor's Party Will Not Arrive Tonight

Had Not Passed Indian River Two O'Clock This After-

All plans had been perfected today -c15 to tender a rousing reception to the new commissioner, Hon. F. T. Congdon. The event was to take place at the D.A.A. A. reception parlors and was to be largely in the nature of an informal welcome

Addresses from the city and the board of trade have been prepared and other details planned, but it has been decided to postpone the function until tomorrow night at 8:30.

It is understood that the stage bringing the commissioner and party. remained at Yukon Crossing last night and therefore they will be late arriving, if in fact they reach Dawson at all today. At 2 o'clock the stage had not been reported at Indian River which is 30 miles dis tant. It cannot possibly reach Dawson before 7 of 8 this evening and hence the notice of Mayor Mollennan which appears elsewhere announcing the office looking very sober and ratishouted Mr. Bowset Travelling in the same stage with
