MUCH ADLER-I-KA USED IN KENTVILLE

It is reported by the Clark Drug Store that much Adler-i-ka is used in Kentville. People have found out that ONE SPOONFUL of this simple buckhorn bark and glycerine mixture relieves almost ANY CASE of Constipation, sour or gassy stomach. It is so powerful that it is used successfully in ap-ndici is. ONE MINUTE after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe.

For Service, Registered Holstein Bull, Service fee \$1.00. C. P. Magee, Church St. 3 mos

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-LIVES"

HATTIE WARREN
Port Robinson, Ont., July 8th, 1913.
"We have used 'Fruit-a-lives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-lives'. She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-lives' and would never be without them."

WILLIAM WARREN.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

In the City declare that money which formerly went in drink is now directed over the counters, and more domestic commodities are being purchased.

NOTICE TO BEE-KEEPERS

During the past session of the Local Legislature an Act was passed, entitled "The Foul Brood Act, 1916" for the control of infectious bee diseases. The Government has appointed Mr. C. B. Gooderham as an Inspector to carry out the provisions of this Act, and also to instruct all those interested in modern methods of bee keeping. His headquarters are at the Experimental Station, Kentville, and he will be pleased to get into touch with all those desirous of information or assistance.

Members of the Beekeepers Association are also notified that their annual subscriptions are now due.

C. HOGAN,
Secy.-Treasurer
Annapolis Valley Beekeepers Association. sw 41

Kitchener as an Explorer

Interesting Stories of His Early Career and Labors in the Holy Land

Lord Kitchener's early career must always have a special interest for Christian people. His work in connection with the Palestine Survey yielded valuable results, that, so far, only experts have been able properly to appreciate. His Palestine Exploration work was very dear to Kitchener's heart, and moved him to the only poetical quotation that appears to be recorded in any of his utterances. Speaking before the Geographical Section of the British Association in 1878 on his survey of Galilee, Lieutenant Kitchener (as he was then) said: "We hope to rescue from the hands of that ruthless destroyer, the uneducated Arab, one of the most interesting ruins in Palestine, hallowed by the footprints of our Lord. I allude to the synagogue of Capernaum, which is rapidly disappearing owing to the stones being burnt for lime. Should we not preserve for ourselves and our children buildings so hallowed, so unique? Let us hope that if this expedition succeeds, it may be a means of leaving some 'footprints on the sands of time.'"

The speaker proceeded to quote the verse from Longfellow's "Psalm of Life," containing the reference to the "forlorn and shipwrecked brother," which, many ventured to hope, might be the worst fate that had overtaken Lord Kitchener himself.

Of more general interest is the fact that while pursuing his labours in the Holy Land under the direction of Lieutenant Conder, Lieutenant Kitchener (as he was then) nearly lost his life. Arabs, with murderous intent, were about to dispatch the commander of the expedition when Kitchener interposed, and received the blows intended for Conder, the latter describing Kitchener's escape "unaccountable." The patient attention to detail, which has always been one of Lord Kitchener's traits, was doubtless fostered in Palestine, for on the great map of Western Palestine to which his name is attached appear special signs for vineyards, orchards, springs, towns, and even wine-presses. A rare instance of his humour is permitted to appear in one of his communications to the Palestine Exploration Committee, where Kitchener explains his omission of a certain name in his map of Mount Carmel, a name which, he indicates, originally found its way into other maps incorrectly through the action of "enthusiastic travellers who look more for what should be in the country than for what is."

Effect of Prohibition

Manitoba has now experienced one month of prohibition and the eyes of the Dominion are turned toward this Province watching the operation of the Manitoba Temperance Act. Out of the many beneficial results, consequent upon this new law, and which are apparent on every hand, there stand out the following facts with perhaps greater emphasis than any of the other:

The commercial end of immorality has been reduced to such an extent that if such conditions continue in the Province they will be reduced to a minimum within three months.

Only 24 drunks were arrested in June as compared with 261 in the previous month of May. There have been only one-half as many convictions in the Winnipeg police court as there were during May.

Just half as many vagrants were convicted during June as May.

The wholesale houses report that collections during June have been far better, and this very desired condition is directly attributed to prohibition.

The hotelmen have surrendered themselves to the new conditions, have fallen into line, and are helping to their best endeavors in the administering of the Act.

No weaknesses in the Manitoba Temperance Act have as yet been discovered, and in the cases taken to court by the license department convictions have been obtained.

GOOD RICH BLOOD MEANS GOOD HEALTH

Just a Little More Rich, Red Blood Cures Most Ailments

The lack of sufficient rich, red blood does not end merely in a pale complexion. It is much more serious. Bloodless people are tired, languid, run-down folk who do not enjoy life. Food does not nourish; there's indigestion, heart palpitation, headache, backache and nearly always nervousness. If this bloodlessness is neglected too long, a decline is sure to follow. Just a little more rich, red blood cures all these troubles. Then you have new health, new vitality and pleasure in life. To get more rich, red blood the remedy is Dr. Williams' Pink Pills. No other medicine increases and enriches the blood so quickly or so surely. This is not a mere claim. Dr. Williams' Pink Pills have done this over and over again throughout the world. That is why thousands of people always have a good word to say for this medicine. Miss Gertrude Haffner, Kingston, Ont., says:—"About two years ago I was suffering greatly with 'anaemia, so much so that I had to give up my situation. I became so weak that I could scarcely walk without help. I had no ambition, no color, no appetite and was constantly troubled with headaches and dizzy spells. I was taking medicine from the doctor, but it did not do me a particle of good. One day a friend asked me if I had tried Dr. Williams' Pink Pills. Though as the result of my condition I was greatly discouraged, I began the use of the Pills, and thanks to that good friend's advice after using a few boxes I began to feel much better. Under the continued use of the pills I gained in weight, my color came back and I grew gradually stronger. I looked so much better that people would ask me what I was taking and I had no hesitation in giving the credit to Dr. Williams' Pink Pills. I am so grateful for what this medicine has done for me that I will do all I can to extend its use."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
