### PUBLIC COMMENT.

That friend of Hon. Mr. Emerson, who was allowed to make over \$8,000 in three weeks by land deals, is the latest among grafters to be brought to the front. All the booting has not been in the West. The present Government will take the lion for making millionaires at the expense of honest taxpayers.

Despite the fulminations of the editor of The Toronto Globe against the sports system and the partisanship of the Whitney Government, it will be observed that Mr. Whitney has made the Rev. J. A. Macdonald, editor of the Globe, and a number of other Grits, members of the Board of Governors of Toronto University. This, comments the Brockville Recorder, will rather astonish a lot of extreme party men on both sides, but the fact is that Premier Whitney is too big a man to place party interests before Provincial interests. He places the public interests first, and the people of Ontario are finding that out rapidly. The contrast between the playmate partisans of the preceding regime and the big men of the present administration is being brought daily into a prominence which cannot fail to fill the former with keen anguish.

## DISTRICT

### BLenheim

June 28.—Mrs. Geo. H. Lane and children left on Tuesday evening for Detroit to join her husband, Captain Lane, of the steamer H. E. Packer, and intend taking a short trip on the boat.

Mrs. Geo. Topholme, and daughter Ida, of Ridgetown, were Blenheim visitors on Tuesday.

Mr. Phillip Colborne, who has recently taken a situation at J. W. Fleming & Son, has rented E. W. Knight's house on McGeorge street and will shortly move his family here from Bridgen.

Word has been received from Listowel that L. H. Edmonds' horse, Darkey Boy, has pulled off the biggest event of the day at the races held there today.

Mr. Stevenson, principal of the Guilds Public school, has had charge of the P. S. Leaving class at the school; 47 pupils are writing for it and 82 pupils are writing on the entrance work.

Mrs. James Sterling returned from Chatham last evening, where she has been visiting relatives.

Rev. Hugh Cowan, of Bridge End, and Rev. G. Gilmore, will exchange pulpits on Sunday next.

Miss M. R. von Cullen has returned from Toronto. She has studied music for the last nine months under Prof. Welsman, of Toronto College of Music.

E. W. Knight has rented the rooms over H. Faust's harness shop.

Mrs. J. M. Dunlop is visiting relatives at Wheatley this week.

The suburban time table got out by the P. M. R. from Chatham

### Don't Dose the Stomach

Cure Catarrh by Breathing Hyomei.

There is one treatment for nasal catarrh which is based upon common sense and at the same time, is thoroughly scientific.

Hyomei is not a cure-all; it is a specific for the cure of catarrhal troubles. Breathing through the nose pocket, instead of the mouth, with every outbreath, the aromatic healing of Hyomei penetrates to the most remote part of the nose, throat and lungs, healing all inflammation and killing the catarrhal germ, wherever present.

The Hyomei nasal outfit sells for \$1.00, and consists of an inhaler that can be carried in the vest-pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a life-time, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that treats the disease without stooping, dosing, applying the medication and healing where the disease germs are present.

Do not dose the stomach to cure nasal catarrh; breathe Hyomei.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

## THE RATEPAYERS ARE AGAINST THE BEET SUGAR PROPOSITION

Merchants and Taxpayers Express Their Views to The Planet—Security is Not Considered Good—The By-law is Very Much Out of Public Favor

In view of the strong wave of public opinion against the passing, and even the submitting, of the Beet Sugar By-law, The Planet gives below the expression of opinion from some of the taxpayers who are opposed to the measure. These citizens add their words of opposition to those expressed by other ratepayers and published yesterday.

W. Wilson, of Coltart & Wilson.—The citizens gave the sugar people sufficient evidence at the last election to prove that they don't want the factory here. Now they try to almost the same old by-law out before us again. From what I have observed, the people do not want the factory any more now than they did then; in fact, many are against it now who formerly were in favor of it. I have been in Berlin, and I know the statements made in The Planet the other evening regarding the Berlin factory to be absolute facts. The only thing Chathamites will derive from such a concern for their \$75,000 is the vile smell which always permeates the air in the vicinity of beet sugar factories. The by-law is a very poor thing, and it is a pity that the city should be saddled with even a portion of the cost of submitting such a weak affair, which will never carry by the votes of the citizens.

A. R. Coltart—I am against the passing of such a by-law. I cannot see that the outlay of so much money to bring a seemingly indefinite proposition to the city would be anything but folly.

A. C. McKay—I don't think the proposition is any good when all the facts are considered. It is not in the best interests of the citizens that such a by-law should be carried.

David Nagle—I have read up the proposition, and I cannot see how the passing of such a by-law can be of benefit to the citizens of Chatham. Why, you can smell the refuse from the Wallaceburg factory before you get anywhere near the plant. They

have to put the windows of the electric cars down when they draw near the sugar factory, to keep the stench out.

One gentleman speaking to a reporter this morning, was quite indignant that the Council did not demand that the promoters of the scheme to bring the Wainston factory here, should place the money which is supposed to pay half the cost of submitting the by-law with the city treasurer. "Yes, I know they left a marked cheque with Ald. Austin," he continued in reply to an explanation, "but that cheque will not pay all of half of the expense of submitting the by-law. We are already out three or four hundred dollars for submitting this by-law the first time, and I don't think we should take any risks at going the full shot any more. It is too much to ask us to pay even half. If this by-law is defeated, and there is every indication that it will be, where are we going to look for the rest of the money incurred through submitting the by-law. It will just be a case of the city having to fork up the bigger share."

Mr. Wendell Wilson, of this city, was in Wallaceburg recently. He says that the smell from the decaying pulp and refuse in the vicinity of the sugar factory was very nauseating, and permeated the whole neighborhood. The G. T. B. hog pens in this city, he says, are not in it for a minute with the vile odor which comes off the refuse from the sugar factory.

The smell from the Wallaceburg factory, so a Wallaceburg man says, pollutes the whole town and people living there are forced to keep their windows closed to bar out the sickening stench.

N. H. Stevens—I am strongly against the beet sugar proposition as offered to the city by the Keystone Co. It is the poorest, the very poorest, proposition ever offered to the city, and in the interests of both the citizens and the farmers of Kent County I strongly advise the ratepayers to vote it down.

### DECORATED THE GRAVES

The members of the local Macabees tent on Sunday went to Maple Leaf Cemetery, where they decorated the graves of deceased brethren. There were over a hundred Sir Knights on parade, and about two hundred members and their wives were present to witness the impressive proceedings.

Come 16 graves were decorated, 15 of which were the graves of deceased County of Kent Macabees, and one that of a deceased brother from Chicago, Ill. The 24th Regiment Band was in attendance.

On their return to the lodge rooms the brethren passed a hearty vote of thanks to Grand Master Turner for his courtesy and kindness during the ceremony.

### FASHION HINTS

LADIES' COSTUMES.

No. 4135.

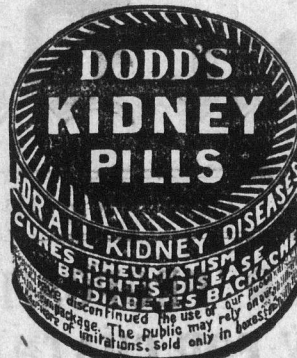

There is nothing prettier for outing wear than a sailor costume, and the one portrayed is of blue linen, trimmed with braid and a sailor knot of blue silk. The blouse is made to slip on over the head and left to pouch slightly all around over the belt. The applied yoke, which is a pretty feature, may be used or not, and choice is given between a square sailor collar or one that is in round effect. Full length or three-quarter sleeves are provided for in the pattern. Seven gored are used for fashioning the skirt, which is in round length, and the closing is at the back. Light weight flannel, serge, cashmere, pique, chambray, gingham, cotton chevrot, mohair and pongees are recommended.

The quantity of material required for size 36 is 2 1/2 yards of 36 inch goods. Pattern No. 4135 is cut in sizes 32 to 40 inches, bust measure. Mailed postpaid on receipt of 10 cents, name, size and address to the Fashion Department of the C. Austin Co.

This label in all genuine.

"Progress" Clothing

Sold by Leading Clothiers Throughout Canada
