HEALTH OF CITY GOOD

Dr. W. R. Hall M. H. O.
Presents His Annual Re-
port to City Council

Board of Health Has Been Active
During the Past Year—Several
Improvements Recommended

At last night's meeting of the City Council, Medical Health Officer Dr. W. R. Hall presented his annual report upon the health of the city. The report was received and, owing to the rush of business, will be read at the next meeting of the Council.

The report is a very complete one and reflects much credit upon Chatham's wide awake and capable M. H. O. Dr. Hall has made a special study of health matters and there is no man in the city who could fill this position as efficiently as does Dr. Hall. He has been a busy man during the past year, as the report will show, and has kept an earnest and watchful lookout for any advance along medical lines, which would tend to improve the health of the city.

Below are some of the items ap-
pearing in the report:

The local Board of Health held 13
formal meetings during the year. The
expense to the city through this
board has been \$1,388.67, in which
amount salaries are included.

During the year there were 163
births registered, and 142 deaths.

Causes of death—20 consumption, 6
cancer, 7 accident, 5 pneumonia.

There were 80 cases of diphtheria,
of which only 2 patients died. There
were 15 cases of scarlet fever, 3 pa-
tients dying. Only two cases of
measles were reported. There were
45 cases of typhoid fever, only one
of which proved fatal. Twenty-two
cases habitually used well water, six
used the city water. The M. H. O.
recommended that all wells in the
city should be closed up. Owing to
the large number of cases of con-
sumption a movement is on foot to
establish a sanatorium for the treat-
ment of this disease.

The death rate from pneumonia is
very low, only five.

In reference to the collection of
garbage inaugurated this year, 149
householders took advantage of the
system during the summer. At
present there are 80 using the sys-
tem.

The scavenger work has been done
especially well this year by Andrew
Barbert.

The M. H. O. referred to the exhi-
bition of establishments by merchants,
where they are exposed to dust and
dirt from the street, recommending
a by-law.

The water supply is good. There
are now 7,932 household connections
and a daily consumption of 850,000
imperial gallons. The city con-
structed 8,814 feet of new connect-
ing sewers.

He also recommended that the
Council take into consideration the
establishment of a contagious dis-
ease hospital.

The report will be dealt with at
the next meeting of the Council.

MUCH SYMPATHY

Referring to the sad death of the
late R. G. McCosh, eldest son of
Rural Dean McCosh, the esteemed
rector of Christ Church, the Winni-
peg Telegram in its issue of Wed-
nesday last said: "Mr. McCosh, who
was about thirty years of age, had
been in the employ of the Bank of
Commerce here for the past two or
three months, and was a general
favorite with the staff. In the
capacity of receiving teller, he had
always done his work well, and while
he was leaving the bank in a month
or two, it was at his own desire,
and had he wished to remain he
could have done so. He had been
ill for some time, and was in a de-
spicant frame of mind. He had
been married but seven months.
John Aird, manager of the bank,
stated yesterday that there was ab-
solutely no reason why, so far as
the bank was concerned, the young
man should have taken his life.
His accounts were straight, and had
he wished to remain with the bank
he could have done so.

Mr. Laird, of Toronto, the assist-
ant general manager of the bank,
spoke some time ago in very compli-
mentary terms as to the late Mr.
McCosh's ability. He stated that all
the managers of the agencies in
which the deceased had worked dur-
ing the last twelve or thirteen years
had referred to him in their reports
as a young man of excellent ability.

In view of the many conflicting
newspaper reports and rumors re-
lating to his death, and assigned
causes, it might be well to say that,
though he had violated the rules of
the bank by marrying before draw-
ing the requisite salary and was dis-
ciplined for so doing, he was never
discharged. He voluntarily resigned
in September last, and again enter-
ed the service of the bank the fol-
lowing month.

The funeral took place on Saturday
last at half past two. The Rev. J.
W. Hodgins, rector of Holy Trinity
church, and the Rev. W. H. Colles
read the impressive burial service of
the Church of England; the first
a med gentleman read Cowper's well
known hymn, "God moves in a my-

sterious way. His wonders to per-
form." Although the funeral was
private, quite a number of old and
intimate friends of the bereaved fam-
ily were present to pay their last
tribute of respect to the memory of
the deceased. The witnesses and of-
ficers of Christ Church at least
those in the city, were present and
followed the remains to their last
resting place. The pall bearers were
Messrs. John A. Morton, George S.
Heyward, J. W. Shackleton, W. H.
Harper, Charles Kellar, and J. C.
Pritchard.

The very deepest sympathy by all
the members of Christ Church, and
the numerous friends of the family
throughout the city and Diocese of
Huron, has been extended to Mr.
and Mrs. McCosh and family, and
letters and telegrams of condolence
have been received in great numbers.
Mr. and Mrs. McCosh are deeply
touched and very grateful for all
the sympathy shown them in the
sore trial which they in the provid-
ence of God have been called upon
to bear.
