Sports and Pastimes.

Base Ball.

There was a meagre attendance at the Maple Leaf grounds on Thursday afternoon, to witness the match between the Cass Club of Detroit and Maple Leafs. From the first inning the home team had the game well in hand, and had it not been for errors should have blanketed their opponents throughout as they did the first five innings. The Leafs led off with hard hitting and scored four runs at the start of the game. There play was good up to the sixth innings when they allowed two runs to be tallied against them. Later in the game this score was increased to four, but before the ninth inning was finished the Leafs had increased their majority by four, the game resulting 4 to 8. The Cass men are a fine gentlemanly lot of fellows and play an easy game. They objected considerably to the umpiring and certainly there was some room for objection as far as regarded the calling of balls and strikes. The visiting team left for Harrison yesterday morning.

In the game at Harrison on Dominion Day, between the Cass Club and the Browns, the former were defeated by a score of 24 to 3.

The Stratford Alliance club yesterday defeated the Guelph Athletics (junior) at Stratford by 9 to 8.

A match is in progress at the Maple Leaf grounds this afternoon between the Athletics, of Guelph, and Tecumseh, of Toronto, for the junior championship.

It is said R. Emalie has received an engagement with the Toronto to pitch for \$40 a month and board.

Lacrosse.

A team of the Guelph Lacrosse Club visited Erin village yesterday, and were defeated in three straight games. Time, 35, 25 and 10 minutes each. In justice to the Guelph Club it may be said they could only get a part of their best team together. They speak highly of the courteous treatment received at the hands of the Erin Club, and hope to have a return match played here shortly, when they will try and wipe out their defeat and appreciate the kind reception accorded them at Erin.

An exciting game is expected on the Maple Leaf grounds on Monday between Brampton and Guelph. The match will be for the cup offered by Guelph, which is worth a struggle.

Jumping.

E. W. Johnston, the athlete, claims to have beaten the greatest standing hop-step-and-jump (without weights) on record, at the Guelph Caledonian games yesterday. The distance was 32 feet 6 inches. He says the greatest on record was that of Harraves in England, in 1865, who covered 31 feet 4 inches. Johnston says he has already the best hop-step-and-jump in America with weights, the distance being 34 feet 10 inches.

FROM WASHINGTON.

Attempted Murder of President Garfield.

HE IS SHOT IN THE BREAST.

The Assassin a Discharged Ex-Consul.

THE LATEST ABOUT HIS CONDITION.

(Special to the Mercury per Dominion Line.)

New York, July 2nd. President Garfield while purchasing a ticket in the Baltimore and Potomac depot at Washington this morning was shot. The assassin has been arrested. No particulars can be ascertained at this hour. The wound is feared to be a fatal one.

Another report says General Garfield is dead, but a later report contradicted this and says he is not dead, but badly injured.

FOURTH DISPATCH.

President Garfield was shot twice in the right breast, at 9:30 this a.m., at B. & O. depot.

FIFTH DISPATCH.

The name of the assassin is said to be Giteaux, of Chicago, ex-Consul of Marcellus.

SIXTH DISPATCH.

The President has just been taken to the White House in an ambulance under guard of mounted police. The excitement is intense.

BY MONTREAL LINE.

WASHINGTON, July 2.—The President is alive, and the doctors have hopes.

10 a. m.—Garfield is now lying in a private room at the officers' quarters, Doctor Bliss, surgeon, Gen. Barnes, Dr. Parkis, a colored Dr., in attendance. The shooting was done by a slender man 5 feet 7 inches high. He refused to give his name, but it is said by persons who profess to know him that his name is Doody. The prisoner was arrested immediately after by the officers in the depot.

He was first taken to police headquarters and subsequently removed to jail.

10:30 a. m.—The President has been made as comfortable as possible in the chamber at the White House. All persons are excluded from the grounds surrounding the mansion. Immense crowds gathered around the grounds.

10:40 a. m.—Physicians attending the President are now holding a consultation. Dr. Bliss reports the President's wound not mortal.

WASHINGTON, 11:05.—The President is conscious and does not complain of great suffering. He has directed a telegram to his wife. It is impossible to say as yet what the result will be, but the surgeons are of opinion that his wounds are not necessarily fatal.

11:10 a. m.—It is utterly impossible to gain access to the White House. The police and soldiers are all around it and will not let any one but Cabinet officers in. Communication by telephone is the only way to reach them.

11:15.—The name of the assassin as written by himself is Charles Giteaux, and he says he is an attorney at law in Chicago.

The Star's extra says when the assassin was arrested he said "I did it and want to be arrested. I am a Stalwart, and Arthur is President now. I have a letter here that I want you to give to General Sherman. It will explain everything. Take me to the police station."

11:20.—The best information we can obtain is that the President is lying in a critical condition. One of the balls it is supposed have entered his bowels.

WASHINGTON, 12 noon.—The President continues to improve, the physicians have not yet tried to reach the balls.

11:30.—The condition of the President is very much improved. Immediately after the shooting his pulse went down to 53, and his face was of ashen hue. The pulse is now 63 and color is returning. The symptoms denote considerable improvement. It is not thought wise to make further attempts at present to withdraw the bullets. It is difficult to determine until a thorough examination has been made how serious his internal injuries may be. Surface indications give good ground for hoping that the President will rally. The assassin is a foreigner by birth, and has been a very persistent applicant for a Consular position. He waited at the Executive Mansion several weeks, and his disappointment in not getting what he wanted led to temporary aberration of mind.

12 noon.—The physicians announce that as soon as his pulse reaches 70 another attempt will be made to extract the bullets.

12:50.—Dr. Lincoln, who has just left the President, says the wound is very serious, but not necessarily fatal. An effort has just been made to probe for the ball, but without reaching it. Another attempt will soon be made, and until the direction taken by the ball is known the extent of the injuries and immediate danger cannot be known. At present there are no signs of internal hemorrhage, and very little external bleeding. A consultation of the most eminent surgeons of the city will be held this 3 p. m.

WASHINGTON, July 1, 2:35.—Dr. Bliss has issued the following:—The reaction from the shock of the injury has been

very gradual. The President is suffering some pain, but it was thought best not to disturb him by making exploration for balls until after consultation at 3 p. m.

Mr. Walron formerly was foreman in the machine room of Bell's organ factory, and for some time kept a confectionery store on Wyndham street, in this city.

AFFAIRS IN IRELAND.

THE ALLEGED SECRET MISSION A HOAX.

ANOTHER RIOT.

Amendments to the Land Bill.

LONDON, June 30.—Lord Granville stated in the House of Lords to-day that he had very good reason to believe that the report that President Garfield sent a secret mission to England was totally unfounded.

At a banquet to Parnell last night in honour of his 35th birthday, Parnell said that though the Irish party had now to struggle with many difficulties he hoped the day was not far distant when they would meet in College Green as an Irish Parliament, and Ireland would have no master but the will of the majority of the Irish people. The sentiment was received with warm acclamation, and the Irish members of the House of Commons, who were present, were warmly applauded.

DUBLIN, June 30.—A flying column of infantry, cavalry, and police, assisted by the Sheriff, are enforcing evictions at Mitchellstown to-day. The tenants paid the rent for every case, thus preventing eviction. Trees were placed across several of the roads to delay the column, which upon entering town found a number of carts thrown across the streets. The military and police charged the crowd until the streets were deserted. Thirty persons were injured.

LONDON, July 1.—The House of Commons last night, on the motion of the Attorney-General, considered the amendment "fair rent" from Clause 7 of the Land Bill. An amendment by Lord Russell (Liberal) requiring the Court to have regard in fixing statutory rents to the interest both of landlord and tenant was adopted by the Government and carried. The amendment disposes of the most disputable point of the seventh clause.

Mr. Gladstone modified his previous declaration concerning the inviolability of leases by the statement that some relief should be given to leaseholders subject to undue pressure. Mr. Gladstone favoured the granting of trust leases, while maintaining that they could not be revised. The Home Rulers last night passed a resolution protesting against the mischiefous changes in the Land Bill accepted by the Government.

PREVENTION BETTER THAN CURE.

"No one acquainted with the present state of the Science of Medicine will for a moment question that to prevent disease is its first and most important aim." This can easily be done by keeping a bottle of Frutaline in the house, and taking it according to directions, at the first symptoms of illness. Sick-Headache, Biliousness, Vomiting, Scarlet Fever, and derangement of the Stomach generally, are at once relieved by a few doses of Frutaline. No home should be without it. Pleasant, agreeable and effective. Invaluable in the nursery as a gentle aperient. Sold by W. G. Smith & Co., Guelph.

Free of Charge.

All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice, or any affection of the Throat and Lungs, are requested to call at A. B. Petrie's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption Free of charge, which will convince them of its wonderful merits and show what a regular dollar-size bottle will do. Call early. W. G. Smith & Co., Guelph.

THE ATHLETES.

There has never been so keen a contest before. With such competitors as E. W. Johnston, whose trial for victory with Charles Biggar here two years ago, will be remembered, it might be thought that amateurs would have little chance, but on the contrary the professionals were beaten in several events, to the satisfaction of the onlookers. Johnston is the holder of twenty-three gold and silver medals, among them being that for the international championship, which was open to the world. M. McDonald, Toronto, another competitor, carries a gold medal won at Barrie, as the best general athlete in Canada. The principal competitors, besides those mentioned, were Arch. Scott, Brussels; Dan. Smith, Lunenburg; A. M. Tavish, Agricultural College; John Feighner, Brantford; and Fowler, who was engaged to pitch for the Maple Leaf base ball club.

THE PIPERS.

George A. Smith, Hamilton, the excellent piper of the Guelph Caledonian Society; D. M. Gordon and D. K. Anderson, Toronto; and Grant, Durham. These musicians, indispensable on such an occasion, were not specially invited, but the many familiar Scottish airs they played, while lending a national tone to the proceedings had a thrilling effect on the hearers. In their competition, which included strathspeys, reels, pibroch and march, etc., the accuracy and finish of the players was especially marked. "Our ain Piper" Mr. Smith, as usual, carried everything before him, and secured fresh evidences of admiration from his brother clansmen of the Royal Guelph Society, Thos. Laidlaw, Dundas City Hall.

THE DANCERS.

The eleven o'clock train by the western brought one to the number of dancers whose absence would have made the competition flat no matter how good it might have been. This arrival was a. Matheson whose jocular face has been a welcome sight on the occasion of this and previous gatherings. In a Highland fling, Scotch reel or any other dance he will show his quickness that is just as graceful and lively as he looks. Messrs. G. B. Robertson, H. Henderson, Hamilton, J. L. Henderson, Toronto, the Campbells, Dundas, and F. Campbell, Toronto, were the other dancers. They are also well known here. Mr. H. Henderson is an excellent dancer, and carries a handsome guinea gold medal which attests the fact. Tommie McMillan is the boy whose dancing has been admired and rewarded with first prizes here as well as at other Caledonian gatherings through the country.

There were a great many visitors from the sister societies of different towns and cities to witness the games, many of whom arrived while the games were in progress. The Dundas Society has always taken a deep interest in the success of their brethren here, and has been represented in the games every year. The representatives on this occasion were Chief Bertram, First Chieflain Lumsden, Second Do. Riach, Secretary W. Lawson, Ex-Chief J. Riach, and dancers W. F. Campbell, John Campbell and Alex. Riach. The Brussels Society was also represented through Messrs. F. Scott, Chief; O. R. Vanston, 2nd Chieflain; and P. Scott, Secretary. The Hamilton Society, which like Dundas, has been represented at every gathering, had present representatives in the persons of Duncan Robertson, Treas.; James Henderson, Mashico, M. J. Patterson and son Geo. Smith James Greenless, George Smith and others. These gentlemen received special attention at the hands of their entertainers, who were delighted with their presence.

The games concluded shortly before six o'clock with an exciting tug of war, between a team of the Hamilton and Dundas Caledonians against a team of the Guelph Society. After a hard struggle the Guelph men succeeded in drawing their opponents over the line twice in succession, thus winning the battle.

The gathering may be set down as decidedly the most successful yet held in Guelph, and every credit is due the Committee who made their arrangements so well. The best of order prevailed, and once or twice when the crowd increased upon the ring they were easily moved back by the Chief of Police and P. C. Everson.

The Judges were—Dancing and Pipe playing—Herr. Michie, Ferguson; Wm. McKenzie, Galt; William Brown, Galt.

DOMINION DAY.

SIXTH ANNUAL GATHERING OF THE CALEDONIANS.

Another Successful Celebration.

Splendid Athletic Competition and Scottish Concert.

THE BASE BALL MATCH.

An Exciting Game between the Toronto and Maple Leafs.

The Cricket Match—Incidents, etc.

Citizens were astir betimes on Friday morning and busy in their preparations for the celebration of Dominion Day. At an early hour the leading streets presented a scene of unusual bustle, the various roads leading to the city being fairly alive with teams containing crowded vehicles, while all forenoon the trains of the different railways poured forth their quota to join the ever increasing throng. The arrival of so many visitors indicated great expectations for a day of pleasure in the Royal City, and if any were disappointed the fault could not be charged to those who provided the entertainment. With the exception of the heat, which was oppressive under the blazing sun, nature favored the celebration, while possibly no day would offer more programme than that laid down by the same class of visitors who have derived so much enjoyment.

THE CALEDONIAN GAMES.

The sixth annual games of the Guelph Caledonian Society, which for the last three years have been held on Dominion Day, were of course the chief attraction. Relying on the success of past gatherings for enjoyment from the present one, large numbers had been drawn to the city. Their expectations must have been fully realized, for in the history of the Society there has never been witnessed so excellent a competition, neither in point of numbers competing nor in the ability of contestants.

THE PROCESSION.

For an hour before the Caledonian procession, announced to leave the Society's rooms at 10 o'clock, had formed, Upper Wyndham street was crowded with the sons of the "land of the heather" hastening to join in the festivities, and with citizens waiting to see the procession. At length shortly before 11 o'clock the Caledonians fell into column in the following order: Chief E. F. B. Johnston, of the Guelph Caledonian Society; and Chief Bertram of the Dundas Society; the standard bearers—Messrs. D. McKenzie and W. Ward; Messrs. James and Bril—the latter representing St. George's Society; and the former ex-Chieflain (of Guelph); next came the pipers, dancers and clansmen in Highland costume, and these were followed by about three hundred members of the Society wearing kilts, sporrans and Gungary caps and the pretty tartan badges which distinguished them from others as regarded nationality. Mr. George Bruce acted as Marshall.

The route of the procession was by way of Wyndham and Woodlee streets and the London Road to the Exhibition Park. These highways were lined with spectators, who witnessed a most imposing because of its annual occurrence. The grounds were reached between 11 and 12 o'clock, and every thing being in order
