SACKVILLE, N. B., THURSDAY, AUGUST 14, 1884.

FARM AND HOUSEHOLD.

ment.

—In an after dinner speech at the Commencement exercises of the Storrs Agricultural School, Henry seven bushels per acre. The first estimates were twelve bushels per acre, then fell to ten, and then to nine, and now officially to seven.

—A cow in County Carlow, Ireland, has produced four lower than the condition of the fancy farmer odour that it will prevent depretations.

—Tupentine has so strong an odour that it will prevent depretation.

—Tupentine has so strong an odour that it will prevent depredation.

—In an after dinner speech at the count discover the lady's sympathies were strongly groused, and the gentleman was certain that he could discover evidences that the man had a great deal of moral worth in his character. One of the guards was appealed to the information, and he replied:

"Yes, he is very well behaved—one of the best in the prison."

"He seems sorry for his effence," observed the lady.

Mise.

—A cow in County Carlow, Ireland, has produced four heifer calves in ten months. The cow was calved in April 4, 1881, had her two first calves on July 25th, last year, and two more on the 25th of May, this year. last year, and two more on the 25th of May, this year.

—The trustees of the Miss. Agricultural College have decided to create a dairy department at that that the last of the content of

contural College have decided to create a dairy department at that institution, in which complete institution, in which complete institution, in which complete institution can be had in that imporportant industry.

—A. F. Holt, at Cape Cad Hill, New Sharen, is one of the most successful dairy farmers in Franklin County. He has fitted up a frost proof and rat proof cellar and dairy room, with a small elevator te save steps to the cellar. He is milking that province, being in the proportion of one acre to every 52.7 acres of leared farm land.

If hung in plum trees it will prevent at that intended at tacks of the curculio.

Lady Eleanor thought him rather lady. "Oh, about two years ago." "W-why! when was it?" gasped the lady.

"Why, I believe he came from your city. I think he entered a his interest been so deeply stirred before.

Lady Eleanor thought him rather absent as he took her to the carriage and drove back with her; she feared that her plan for distracting his mind from his work had not succeed-that the plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his work had not succeed-that her plan for distracting his mind from his was plan his int considers for all purposes that the Durhams are a little superior, but for butter alone the Jorseys take the lead. Mrs. Holt is now making both butter and cheese, at the same time \$2,256,182. Of these Ontario alone exported 8,939,250, the value of them being \$1,611,088. them being \$1.611,088.

—May 20 the steamer "Doranda" took from Queensland for Lendon readily sell all they make this side

alaughtered at once.

The fellowing list gives the number and average price of the Shorthorns, Jerseys and Holsteins sold by saction in the United States during 1885—Shorthorns, 3,284, average price \$205.66; Jerseys, 1,638 average price \$205.66; Jerseys, 1,638 average price sold by the state of \$250.006; Jerseys, 1,638 average and the state of \$250.006 and thirst quenching. Flavorings may be added if desired, and the addition of a small quantity of ginger is said to be an imprevement. Stone jars are the best for keeping the drink cool.

The apple stop of the Annapolis and Cornwallis valleys premises in weight at the lowest has seen to be largest ever known; according to some estimates it may reach some \$250.000 to 30,000 barris.
