Notice of Sale.

To Matthew Russell and Sarah Ann Russell, both of Newcastle in the County of Northumberland, and all others whom it may concern.

Take notice that there will be sold at Public Auction in front of the Engine House in Newcastle, in the said County of Northumberland on Monday the Fifteenth day of March next at twelve o'clock noon, all that certain piece or parcel of land situate lying and being in the Town of Newcastle aforesaid, being part of lot number two, granted to the late Henry McCullam, deceased, and abutted and bounded as follows; to wit:—On the Larver or Easterly side by that part of the said lot occupied by Henry Copp, on the Upper or Westerly side by that part of the same lot owned and occupied by Harvey Phinney, Northerly, or in front by Mary Street, and having a front thereon of fifty feet, and extending thereto, northerly or in rear one hundred and twelve feet, being the same lands on which the said parties hereto of the first part reside and which were conveyed to the said Sarah Ann Russell by Robert T. Millar by indenture bearing date the Eighteenth day of December, A. D. 1874, as by reference thereto will more fully appear.

Also all that other piece or parcel of land situate lying and being in the Town of Newcastle aforesaid being part of the lands conveyed to Mary Vondy by her late father, Henry McCullam, deceased, and abutted and bounded as follows, to wit:—commencing on the northerly side of Mary Street at the South-westerly angle of that part of the same lands sold by the said Mary Vondy to Matthew Russell, thence westerly along Mary Street, fifty-seven feet, thence northerly at right angles to the said Street one hundred and twelve feet, thence Easterly on a line parallel to the said Street fifty-seven feet to the north west angle of the said land sold to the said Matthew Russell, thence southerly along the said Matthew Russell's westerly side line to the place of beginning, which piece of land and Premises were conveyed to the said Sarah Ann Russell by John Donovan by Indenture bearing date the Sixth day of October, A. D., 1881, as by reference to the said deed will more fully appear.

The above sale will be made under and by virtue of a Power of sale contained in a certain Indenture of Mortgage bearing date the Eleventh day of October, A. D., 1881, and made between the said Matthew Russell and Sarah Ann Russell of the first part, and John Brander, of Newcastle aforesaid, Merchant, of the second part, default having been made in the payment of the money secured by said Indenture of Mortgage.

Agents make $15.00 to $30.00 weekly. Books on time. Prospectus free to canvassers.

General Intelligence.

PROPOSED RAILWAY EXTENSION.

The Temiscouata to Moncton, via the Boiestown or Doaktown Route.

Among the multiplied railway projects east and west is that of the Temiscouta Railway Company to extend their line from its present terminus at Edmunston to Moncton. As is well known their existing line connects the St. Lawrence valley at Riviere du Loup with the head of the St. John river valley at Edmunston. The proposed extension would descend the St. John valley to Grand Falls, thence diverging across the Tobique river some 25 miles from its mouth, thence on to Boiestown on the Miramichi and thence across the highlands to Berry's Mills or Moncton. A glance at the map will show that this route would considerably shorten the distance by rail between Halifax and Quebec, the present terminals of the Intercolonial system. What is of equal importance is the fact that it would open up a vast interior country now inaccessible by rail, and much of it possessing valuable resources in lumber. It would greatly increase the importance of Moncton by giving to that town a short cut to the upper valleys of both the Miramichi and the St. John. The projected extension would also either intersect, or pass so near the western part of Kent County, to be of value in giving access to and opening up that region, which in no other way has any near prospect of railway advantages.

There is little doubt that this line must some day be built, and when constructed it would render our system of trunk lines in New Brunswick fairly complete. So many demands are being made upon the federal treasury for railway extensions in the central provinces, the North West and British Columbia that it is pleasant to find a New Brunswick project of so much merit entering the competition.—Richibucto Review.

TWO MEN BLOWN TO ATOMS.

Stubenville, Ohio, Feb. 28.—A vast quantity of nitro-glycerine stored between Gould Station and New Alexandria, Ohio, on the Panhandle railway in the Gould field exploded this afternoon at one o'clock, killing two men and injuring a number of others. Both men were blown to atoms, only a man's toe being found. Houses were knocked down and trees were torn up by the roots. The report of the explosion was heard ten miles away. The men killed were oil drivers, named Dreary and Rolston.

UNDERMINED BY WATER.

Disaster to a Viaduct in Cincinnati.

Cincinnati, March 4.—At a late hour last night 200 feet of the west end of the immense Eighth street viaduct gave way and crashed into Mill creek. All the electric lights on the elevated thoroughfare were at once extinguished. So far as is known no lives were lost. A street car had just crossed the viaduct but a minute or two before, and another car was just stopped on the brink of the chasm. Both cars were filled with passengers. The cause of the accident was the high waters that have undermined and generally weakened the foundation. To repair the damage will cost $50,000.

TOWN CAVING IN.

Wilkesbarre, Pa., March 2.—The mining town of Wyoming is caving in. The town contains 4,000 inhabitants and is situated over a mine. There is a layer of quicksand 100 feet deep between the bottom of the town and the top of the mine and last night the quick sand began pouring into the mine shaft. The whole town may be engulfed. The post office is now twenty feet below the surface and still sinking. The miners in the affected vein had barely time to escape with their lives. They had to fight their way waist deep in the sand as it was.

WEYLER TO RESIGN.

Incensed That the Crown Should Interfere with His Policy Regarding Prisoners.

New York, March 1.—The 'Herald's' correspondent in Havana send the following from Tampa: 'I am informed on the highest authority that General Weyler has forwarded his resignation to the Spanish Government at Madrid. The Captain-General will leave the island as soon as possible, probably in about three weeks. This decisive step General Weyler determined to take as soon as he heard of the release of Julio Sanguilly. The Captain-General had frequently said he would resign if the Crown should interfere with his policy in regard to prisoners, especially Americans, and he was incensed beyond measure at being ignored in the negotiations carried on by the Spanish Government in the case of Sanguilly. It is reported that General Ramon Blanco Y'Arenas, the Marquis of Pena Plata, may be appointed to succeed General Weyler.

Key West, Fla., March 1.—General Julio Sanguilly and family arrived on the 'Mascotte' on Saturday night. They go through to New York. Mrs. Eva Adan, wife of General Alejanro Rodriguez, also arrived. She states that the Cuban cause is improving and she has great hopes of its ultimate success. Her treatment while in prison was disgraceful to a lady of refinement, she stated. She was thrown among the lowest of her sex and harshly treated.

THE REPORT CONTRADICTED.

London, March 1.—A despatch to the 'Central News' from Madrid says the report that General Weyler has resigned the governorship of Cuba on account of the failure of the home government to consult him in the matter of the release of Julio Sanguilly is untrue.

TWENTY-SEVEN SEAMEN DROWNED.

Violent Storm on the North Coast of Spain.

Madrid, March 4.—Violent storms have raged on the north coast of Spain, causing great damage to property. Two vessels have been wrecked off Puerto Debasajes, and twenty seven members of their crews drowned.

MARCH APRIL MAY

Are the months in which to give especial attention to the condition of your physical health. If you pass safely through these months and find yourself strong and vigorous, on the arrival of warmer weather, you may reasonably expect that you will be well in summer. Now is the time to take Hood's Sarsaparilla, because now is the time when the blood must be purified, enriched and vitalized, and because Hood's Sarsaparilla is the only true blood purifier prominently in the public eye to-day. Hood's Sarsaparilla has power to make you healthy and guard your system against disease.

ANNUAL LICENSE.

Chicago, March 2.—The city council by a unanimous vote has passed an ordinance requiring every dealer in cigarettes in Chicago to pay an annual license of $100, to the city treasury. The number of packages sent to Chicago annually approximates 20,000,000. A small dealer must sell 20,000 packages before he can earn what he has paid out for his license. The down town dealers in the paper stocks say they will not feel the expense of the license, but in the suburbs the effect of the ordinance will be practically to prohibit the sale. Mayor Swift will sign the ordinance which goes into effect immediately.

MONCTON.

Mr. Blair's Axe has Fallen With a Vengeance in the I. C. R. Shops.

Moncton, Feb. 28.—The axe has fallen in the I. C. R. shops. About fifty grits clamoring for jobs have been taken in since the change of government, and to-day about sixty-five men employed in the different departments received notice that their services would not be required after March 9th. After every man known to be a conservative in his leanings has been discharged, including some members of the association of car workers, notwithstanding Mr. Blair's pledge to the dominion executive at Ottawa. Among those fired is one man who entered the service as a boy and has been steadily employed for twenty-four years. The discharge is generally condemned.—Sun.

WE SHOULD RETALIATE.

Professor Goldwin Smith Says we Must Take Action.

Prof. Goldwin Smith is in New York where he will attend the banquet of Cornell alumni to night. He has been interviewed in New York and asked his opinion of the Corliss clause in the Immigration bill, by which aliens cannot reside in Canada and do business in the United States daily.

Dr. Goldwin Smith said:—'It prevents those Canadians who reside opposite Detroit, and in those small towns opposite Buffalo and Niagara Falls, from coming over daily and working. It is not only an absurd law, if it becomes law, but it is the veriest clap-trap imaginable. Congressman Corliss is evidently endeavouring to make political capital by it, and I hope the President will veto it. I understand that the President has sent the bill to Secretary Olney to hear his report on it. As I said, it is a clap trap, and I will show how utterly uncalled for such legislation is. It is true many Canadians live in these small towns, the suburbs of Detroit, Buffalo and Niagara Falls, and have employment in the latter cities. They take out of these little money. In fact, I suppose they do their trading and their wives do their shopping in the larger cities. But say they do take much of their money into Canada, why, the entire amount would not equal the sum spent by a United States millionaire in one European summer trip. But I do not believe they save as much in Canada as they spend in the cities where they are employed.'

'What will Canada do if the bill becomes law?'

'Canada will pass retaliatory measures, of course, and much irritation and unkind feeling will be engendered. Already there is much feeling on the subject and the Canadians who are anti-United States are not slow in expressing their opinions and making the best of the situation. What must the friends of this country in Canada think if such a bill becomes a law? I am not attacking the bill generally, but the clause that Congressman Corliss had inserted. It is unjust discrimination against a friendly and neighborly nation, and is inspired by politics alone. I hope the papers of this country will point out the absurdity of such a clause and prevent, if possible, its enactment.'

'Have you any idea what kind of retaliatory laws Canada would enact?'

'That is for the future. But why should not Canada resent anything so preposterous and unjust?' The professor talked about the Cuban question and the situation in Crete. In answer to questions he said that it would be a serious mistake for the United States to annex Cuba. 'It would give,' he added, 'great trouble to this country, and be a never ending source of discord and bickering.—Record 2nd.

NEWS NOTES.

Blondin, the renowned rope walker, is dead.

The newest prohibitionist idea comes from Minnesota, where the Legislature has been called on to discuss a bill providing that all licensed bars have the word 'Dangerous' in prominent letters over their doors.

Dr. Drewson, a leading chemist of New York, is at Ottawa on business regarding the pulp industry. He says Canada has this business practically in her own hands if she adopts a certain course. An export duty on pulp wood would compel the pulp manufacturers of the United States to come to Canada to manufacture.

RETALIATORY MEASURES.

Windsor, Ont., Feb. 23.—A special meeting of the city council adopted by unanimous consent a by-law prohibiting the employment by any contractor on public works of any workman unless he has resided in Windsor for six months continuously previous to his employment. Any violations of this by-law are to be followed by a penalty of $100. It is a measure retaliatory to the Corliss bill.

A committee was appointed to draft a memorial to the governor general and dominion cabinet requesting them to immediately pass an act providing against the employment of alien artizans and mechanics in Canada. Another method of retaliation that will be urged upon the dominion parliament at the approaching session, is an order requiring the Ferry company, whose boats ply between Windsor and Detroit, to register half its boats in Canada and to employ on such boats only Canadian crews. At present nearly every man employed on these ferries is an American citizen.

Munyon's Catarrh Remedies never fail. The Catarrh Cure—price 25c.—eradicates the disease from the system and the Catarrh Tablets—price 25c.—cleanse and heal the parts.

Munyon's Asthma Remedies relieve in three minutes and cure permanently. Price, $1.

Munyon's Vitalizer, a great tonic and restorer of vital strength to weak people. $1.

A separate cure for each disease. At all druggists, 25c. a bottle.

Personal letters to Professor Munyon, 11-13 Albert St., Toronto, answered with free medical advice for any disease.

as directly opposed to any proposition of the kind.

Mr. Emmerson said the object of appointing the two large committees of the house upon municipalities and corporations was to do away with useless discussions on such bills on the floors of the house. He would move that progress be reported with leave to sit again, so that the bill might be perfected in the meantime.

The motion was seconded by Dr. Stockton and carried.

Mr. Hill, from the standing committee; Mr. Fowler, from the corporations committee, and Mr. Black, from municipalities, submitted reports.—Adjourned.

Fredericton, N. B., March 3.—Mr. Russell presented the petition of the Royal Templars of Temperance of the maritime provinces, praying for the enactment of a prohibitary liquor law.

Hon. Mr. Dunn presented a bill to protect the timber lands of the crown from fire, and stimulate the cutting of timber on such lands in certain cases.

Mr. Sivewright presented the petition of Rev. Joseph McLeod against the passage of a bill incorporating the Free Christian Baptist Church in New Brunswick, and on his suggestion the petition was read by the clerk.

Hon. Mr. Emmerson presented a petition of A. P. Barnhill and others in favor of a bill to reduce the capital stock of the Keystone Fire Insurance company of St. John; and he moved that rule 79 of the house, requiring the publication of proposed legislation be rescinded to admit of the introduction of said bill.

Hon. Mr. Emmerson said, judging by reports in to-day's papers, the affairs of this company were not in a satisfactory state. The question was whether the company's affairs should be wound up, or its capital stock reduced. If the stock was reduced he understood Senator Cox of Ontario and other wealthy men were willing to come to the rescue of the company. The proposed legislation was in the interest of stock holders and he thought all rules should be suspended.

Mr. Shaw said he was a stockholder in the company. He had got enough of fire insurance company stock and he doubted the wisdom of rescinding the rule referred to.

Mr. Emmerson said the proposed bill was in the interests of the stockholders.

Mr. Shaw withdrew his objections and the motion was carried unanimously.

Mr. Hill from the standing rules committee, Mr. Wells from the municipalities committee, and Hon. Mr. Tweedie from the corporations committee, submitted reports.

Mr. Tweedie introduced a bill to authorize the school trustees of Chatham to issue debentures.

Local Legislature.

Fredericton, N. B., March 2.—Hon. Mr. Tweedie introduced the appropriation; Mr. Dunn, relating to the issue of timber licenses, and for the protection of birds and animals; Mr. Johnson, relating to the marsh at Richibucto village, and Richibucto Cape, in Kent county.

Hon. Mr. Emmerson committed a bill to amend the Highway Act of 1896, Mr. Killam in the chair.

Progress was reported with leave, the bill in the meantime to go before the municipalities committee, so that members may have every opportunity of preparing any desired amendments.

Mr. Sumner committed a bill relating to the levying and assessing of taxes in the city of Moncton, Mr. Vencit in the chair.

Mr. Richard thought the exemptions in the bill should include church property.

Mr. Pitts said he was opposed to putting in any bill passed by this house a clause granting exemptions for church property. He wished to be understood
