

MONTH IN JAIL.

Fifteen Suffragettes Go to Prison Rather Than Pay Fine.

Gladstone, Haldane and Burns Also Guilty, They Say.

London, July 12.—Fifteen of the suffragettes who, in the course of the raid on the House of Commons on June 29, indulged in the breaking of windows with stones hidden in brown paper parcels, went to prison for a month to-day rather than pay the fines inflicted by Sir Albert De Rutzen, the Bow street magistrate. Sir Alfred commented severely upon the lamentable spectacle of respectable women in the dock on charges usually associated with juvenile hoodlums.

ORANGEMEN.

Celebrations Held at Galt and Hagersville To-day.

About three hundred representatives of the local lodges of Orangemen met at their hall this morning and marched to King street station, where they entered on special cars for Galt. They expected to spend a very pleasant day there, taking part in the big celebration to be held by the Orangemen of that place in honor of the 219th anniversary of the battle of the Boyne.

He rolled down a stony embankment at the side of the roadbed, fracturing his skull, and suffering several cuts and bruises, and internal injuries as well.

The person who is septic seems to see nothing but sickness.

FREE NOTICES.

The New York Herald is publishing a series of articles on the duty of newspapers toward their readers and advertising patrons, showing that a newspaper's editorial and news columns should not be influenced in any way by its advertising interests. The Times thoroughly endorses the position taken by the Herald, taking care that no influence but that of the public good shall reach its editorial columns.

QUALITY COUNTS.

Edward L. King, for many years connected with the old established real estate firm of Richard V. Harnett & Co. and now the senior member of E. L. King & Co. and secretary of the Real Estate Board of Brokers of the City of New York, said that, while the Herald as an advertising medium was pre-eminent among the newspapers and periodicals of the day, he believed this to be because of the quality of its circulation and not the result of far less important quantity without quality, or "cut rates," "write up" or "puffs" for the benefit of certain advertisers.

AS WITNESS.

Mary Elizabeth Stewart Wanted at Annapolis.

Word was received here to-day that Mary Elizabeth Stewart, who is a very important witness in the Government investigation of the death of L. T. Sutton, whose mother she was murdered by, and other officers at Annapolis, is now at Stoney Brook, Simcoe county, in the Muskoka district. Mrs. Sutton is very anxious that Miss Stewart should tell what she knows. Efforts were made through Hamilton to reach her to-day. The Sutton case is causing quite a sensation in the States.

PAINFULLY BURNED.

While working in the pit at the G. T. R. roundhouse yesterday morning, E. G. Brookes, 141 Cannon street west, was painfully burned about the head and shoulders. He was making some repairs under an engine, when someone dumped the hot ashes out of the firebox of the engine into the pit. Brookes, while not directly under the shower of ashes, was plentifully sprinkled with them. He was taken to the City Hospital, where the burns were dressed.

POCKETS OF GOLD.

Los Angeles Water Supply Filters Through Snow of Gold.

Randburg, Cal., July 12.—The water supply of Los Angeles, from the filtered snows of the Owens Valley county will wind through strata of gold. Part of the aqueduct is found to be heavy with auriferous veins, and in a number of cases pockets of gold have been taken away. Some parcels of the construction works laborers actually fight for because of the chance of striking a pocket.

BADLY HURT.

John Freeth Had Two Ribs Broken This Morning.

Mr. John Freeth, the well-known contractor, 179 Catharine street north, met with a rather serious accident this morning and will be laid up in the hospital for some time. He was driving near the corner of Mary and Rebecca streets when a horse attached to a wagon, and having no driver, issued from an alley and ran into Mr. Freeth's rig, upsetting it, throwing the driver out and piling on top of the outfit. Mr. Freeth had no chance to turn or get out of the way, and received the full force of the shock. He sustained injuries consisting of two broken ribs, numerous cuts and bruises. He was driven home and Dr. Hopkins attended him, and he was subsequently removed to the hospital.

CAUGHT THEM.

Young Boys Broke Into Turbine Steamship Office.

Two young boys broke into the office of the Turbine Steamship Company yesterday afternoon and stole a quantity of tickets. The watchman discovered the robbery and reported it to P. C. Campaign, junior, also giving him the description of two boys whom he suspected. Campaign found the boys a short time after, and on searching them found some of the tickets in their pockets. The remainder were found in a hiding place. The boys caused considerable damage in the office, but the company will not prosecute if the damage is paid for.

LEVEL CROSSINGS.

Railway Commission Ask Railways For All Particulars.

(Special Despatch to the Times.) Ottawa, July 12.—The Railway Commission has issued an order to all railway companies requiring them to file with the Board by Sept. 1 a detailed statement as to all level crossings in their lines of railway where accidents have occurred since Jan. 1, 1909. Details must be given as to the number and character of the accidents and as to whether or not any protection has since been afforded at these crossings. Under the Act passed at last session all level crossings where fatalities have occurred are to be considered as dangerous, and the Board is empowered to order the railways to protect them.

COCAINE HABIT.

The Drug Dragging Down the Youth of Toronto.

(Toronto News.) Cocaine is demoralizing the youth of Toronto. There are in Toronto, it is estimated, between two hundred and fifty and three hundred young people who are in the clutches of this deadly drug. A certain few druggists make a practice of catering to the cravings of these slaves of the fatal habit. The traffic in this drug takes young men and white girls into Chinese joints, where their ruin is speedily consummated. Men are dying to-day in this city in low dives as the direct result of the cocaine habit because the drug is so easy to procure. The startling fact is that, while the police know that this condition exists, and, although the drug store which is the chief point of distribution for the drug is not far from a police station, within fifty yards of it, they seem powerless to cope with the evil.

LEON LING.

Elsie Sigel's Murderer Said to be in Budapest.

Vienna, July 12.—A telegram received from Budapest declares Leon Ling, the Chinese who on June 9 is supposed to have murdered Elsie Sigel in New York, is in that city. The communication says that the Budapest police received an anonymous communication that Ling was staying with a Chinese family, and they at once began a search of the Chinese quarters for him.

Not Ordering That Kind.

Young Wife—"I'd like to have fifty pounds of sugar sent to this address." Salesgirl (in department store)—"Yes, ma'am. Flat?" Young Wife—"No; I prefer the kind that comes in round sacks."

Not His Best Role.

Algy—"If there is anything I detest, it is this so-called 'joy-riding.'" Miss Burton—"I don't doubt it. I saw you on horseback the other day, and you didn't look the least bit like a joy rider."

It is better to talk in your sleep, no doubt than to talk to some one else till they go to sleep.

SOME FAMOUS BULLS.

The House of Commons, as might have been expected, has contributed a fair share to a very amusing collection of "bulls." It was in one of the debates of that body that the late Col. Sanderson described Eastern Russia as "man enough to take her stand" in defence of a certain threatened right. An Irish M. P. once declared that of the outrages reported from Ireland three-quarters were exaggerated and half had no foundation in fact—a statistical computation that reminds one of another Irish M. P. who declared excitedly to a group of fellow members: "I want to convince you that there isn't a truth in half the lies they are telling about Ireland."

The biography of Dean Hook recalls a certain minor canon who used to preach at the Cathedral when Hook was a boy at Winchester School. In one of his sermons there occurred the striking reflection that "what is impossible can never be, and very seldom comes to pass."

Another discourse was long remembered for its pathetic lamentation on the degeneracy of the age: "O tempora, o mores! What times we live in! Little boys and girls run about the streets cursing and swearing before they can either walk or talk!" But the Church of England has no monopoly of these violent contrasts, for it was at a City Temple meeting not many years ago that a speaker exclaimed: "of find my time is already gone. Therefore I will keep within it."—From the Windsor Magazine.

ROYCROFTERS.

Hamilton People Attended Unique Convention. A number of Hamilton persons attended the convention of Roycrofters at East Aurora, N. Y., last week, and report having had a most profitable time. Some spent only a day at the general convention, while others stayed a week. Among those in attendance from this city were Mrs. Wm. Jarvis, Nurse Deyman, Miss Young, Miss Patterson and Miss R. Page.

It is explained that Roycroftism is not a religion—it is a new system of life. This system, plan or habit does not seek to separate religion from work, or to separate from life, or art from play, and it does not desire to destroy the religious emotions or impulses, but it is opposed to religious institutionalism.
