

THE HAMILTON TIMES

MONDAY, SEPT. 13, 1909.

BEWARE THE DECEIVER!

The loud-mouthed phrasemonger of the Toronto News is so well known and its object is so manifest that much of its raving is permitted to pass without comment by its Liberal contemporaries...

panies paid dividends, but the total income of the companies was \$51,583,863. The mileage of the ocean cables increased between 1902 and 1907 by 177.6 per cent.

IN 'OWNERSHIP' LANDS.

In France and Germany public ownership and operation of the telephone exists in a degree so absolute as to rejoice the most besotted advocate of the system...

Whitney's dealings with the Provincial mineral resources are likely to come in for a good deal of severe criticism in the near future.

THE PEOPLE'S RIGHTS SACRIFICED

Whitney's dealings with the Provincial mineral resources are likely to come in for a good deal of severe criticism in the near future.

EDITORIAL NOTES.

Will those typhoid patients from outside count to the city's discredit in the returns of contagious diseases?

Toronto's big fair is over. An increase of 13 per cent. in attendance is claimed for this year...

General Tracey, of New York, a former secretary of the navy, declares that although he has been a Protectionist, he believes that the United States will, ere long, become a free country.

The struggle of the rival Polar claimants for fame or infamy promises to attract much attention within the next few weeks.

It is hardly worth while to sorrow over the fate of the Persian Shah. A lot of people would think it a good exchange to give up Teheran and the throne for a pension of \$160,000 a year.

On Saturday Lieutenant-Governor Gibson laid the corner stone of the memorial to the South African volunteers to be erected in Toronto.

If Cook should not be able to make good his claims to having discovered the Pole those newspapers which went into a great scheme of money-making by cornering his story will be left in rather an awkward position.

The scarlet fever outbreak appears to be now under control. The foothold the disease obtained should teach a lesson that should be heeded by all.

TELEGRAPH PROGRESS. A United States census bulletin tells us that more than 15,000,000 miles of wire were in use for the telegraph and telephone systems of the country last year.

ailment. Even when it does not prove fatal, as it often does, it is apt to leave very unpleasant after effects.

Uncle Sam has found places for 3,000 office-seekers. It will take that many for the work of the coming census...

This Cook-Pearry quarrel has so far been conducted at long range. Ere long, however, the disputants will come to closer quarters...

Perhaps Mr. Coleman, of the Radial, could satisfy all interests, those which would deny him freight rights on the streets and those which would force him to do a freight business within the city...

The excess of United States exports over imports in 1908 was \$66,431,554. In 1909 that excess had declined to \$351,000,880.

One hundred and fifty years ago the history-making battle on the Plains of Abraham was fought. The world has seen many battles in which there was greater bloodshed...

Congratulations to the Very Rev. Dean Mahony, the new Vicar-General of the Hamilton diocese. In selecting Dean Mahony for this important office...

Before a meeting of the Illinois State Labor Commission held in Chicago recently it was charged that 800 of the best actors in America were blacklisted by the Vaudeville Trust.

In defense of this charter it is argued that no privileges are allowed under it now now allowed at the Woodbine, at Hamilton, at Port Erie, and at Windsor.

Would it not have been more to the point for the Globe to have begun a campaign for the amendment of the law against this gambling on all tracks rather than to object to the chartering of any new track?

"Printers' Ink," New York, very properly deprecates the prospect of a "spite-fence" tariff war between Canada and the United States...

Canada is not pining for any foot-tariff war; but our contemporary may rest assured that entering her with a club is not the best way to win Canadian trade.

Our Exchanges

POLICE FIRST. (Bromfield Courier.) They are talking of buying an auto for Hamilton's fire chief. Better outfit that police force first.

CLEVER WORK. (Ottawa Citizen.) The Hamilton police, by a most daring and clever bit of work, have captured three "Black Hand" criminals in the act.

THE WET SEASON. (Bramford Expositor.) Toronto having monopolized all the good exhibition weather, it will be the usual order of things if the Western Fair gets the back-water.

DOG AND LETTER CARRIER. (London Free Press.) United States letter carriers are not required to deliver mail at houses where vicious dogs run loose.

SWEET CHARITY. (Louisville Courier-Journal.) "Couldn't you give something from our abundance to help a poor woman?" "Why, certainly. I'll contribute an old shawl gown and some puffs."

BLOOD MONEY. (Toronto Telegram.) Ontario, per its Government, had neither the generosity to pay the bills

for safeguarding the health of Cobalt nor the courage to make the great mining properties pay these bills.

NICE LINE OF GOODS. (London Advertiser.) American farmers are flocking into the Canadian West to inspect the harvest, with a view to purchasing land.

PROSPEROUS. (Guelph Herald.) Macdonald Institute will have a full attendance this term, and we are told that fifty young ladies are on the "waiting" list.

NO FLIES ON HER. (Toronto Star.) England is said to be comparatively free from flies.

FOR SOLE BENEFIT OF THE CATARACT. (Continued from Page 1.) King Edward VII, chapter 19 referred to in paragraph 8 of the statement of claim...

Large Turnout at Funeral of Late Oliver Beatty.

Joshua Worthington passed away at Toronto on Saturday. Mr. Worthington formerly resided in this country, but for some time has been living in Toronto.

Margaret, infant daughter of Thomas and Mrs. Galloway, passed away at her parents' residence, 221 Murray street east, on Saturday, aged 14 months.

The death occurred yesterday at Killbuck of a much respected resident of this city in the person of Louisa Kling, wife of John Draker.

Edward Thomas Richards, the second son of Harvey and Julia Richards, 42 Pearl street south, died yesterday, in his 26th year.

The death took place yesterday of Philip Mariani, only daughter of T. J. and Mrs. Baker, 130 Ingham street.

The funeral of Oliver Beatty took place from his late residence, 355 Charlton avenue west, on Saturday at 2 p.m.

Much sympathy will be extended to Mr. and Mrs. Thomas Holt, 378 Bay street north, in the death of their 4-year-old son, Austin Booth.

The funeral of Miss Pearl Nixon took place from the residence of her uncle, T. W. Mountain, 190 West avenue north, on Saturday at 3 p.m.

The funeral of Miss Pearl Nixon took place from the residence of her uncle, T. W. Mountain, 190 West avenue north, on Saturday at 3 p.m.

The funeral of Mrs. Uphemia Millar took place from her late residence, Devon Lodge, Beach road, yesterday at 2 p.m.

Continued Sale of Natural Gas STOVES and RANGES

Although the shipment was delayed, we put out 22 stoves on Saturday, which shows the great demand for our high-grade ranges. The demonstrator pointed out the many new and improved ideas in our ranges...

CONSIDER THESE POINTS

An up-to-date range, with 3 ordinary burners, 1 jumbo burner, 1 simmering burner, 18-inch oven with improved lighter, for \$12.50

Table range with side elevated oven, broiler and warming closet, real worth \$45, for \$28.00

Deposit small amount now and we will store any stove or range till you are prepared to have it installed or pay for it in full.

If you are not prepared to instal stove or range now and desire to take advantage of this slaughter sale, make a small deposit and we will store it for you till you are ready.

A COMPLAINT.

Visitor Writes About Toronto Fair Accommodations.

Writing about the Toronto Exhibition in "The Weekly Fruit Grower," Free Lance, after enumerating the many splendid features of the great fair, says:

But this galaxy of good things provided by the Toronto people is greatly marred to us by three drawbacks. The first is that there is only one entrance and exit from the grounds, and that consequently all the street cars have to be bunched in one place which causes great inconvenience at the hours when the public are rushing in, and much greater inconvenience when they are rushing out.

The second is that it is nearly impossible to get a moderately decent meal anywhere in the grounds. The third is the extraordinary hardships to be encountered on the way back.

The matter of street car accommodation at the fair grounds is something that every person who has ever wanted to see an evening performance through has had to complain of. As things are at present all the loading must be done on one track and only one car can be filled at a time.

The street railway company seems to provide an abundance of cars, but after the close of a long and perhaps a hot day at the great fair it jars one's nerves to have to push and scramble for an hour in an effort to reach the spot where the one car can be filled.
