Mr. E. Rathwell has a hen which brought out a chick with two bodies, four legs and one head. It lived for a few days.

When Wm. Hill, of Colborne, was crossing the river at Turner's old mill, in a top buggy, the bridge went down. At this point the river is pretty deep, the buggy got filled with water and man, horse, vehicle and bridge timber got mixed up kind of promiscuous like. Arthur Cantelon, who was working at E. Rathwell's new house, and one of Mr. R's men went to the rescue. The man and horse were aided to "terra firma," and by means of a long rope the buggy was pulled ashore, but badly damaged. Some of the harness went down stream. Mr. Hill's rescue may in part be at-tributed to the buoyancy of money, as he had about \$300 on his person. Mr. Rathwell took the stranger in, supplied him with dry clothing and a good square meal, and sent him out on his way rejoicing.-[Ex.
