

# H.P. Sauce

being thick and fruity, can be taken with meat, just like mustard. It is not hot; it does not sting the palate. Its new and delicious flavour is quite distinct from ordinary sauces.

This is the delicious relish that is used on the dining tables of both the British and Canadian Houses of Parliament.

Buy a bottle to-day and judge for yourself

## Section Men for Highways.

To Keep in Order Portions of Road Placed in their Charge.

Hon. Mr. Armstrong, commissioner of works and mines, brought down in the House of Assembly yesterday afternoon a bill for its second reading which has for its object the appointment of patrolmen or section men for the public highways. The duties of these men will be to maintain and keep in order the section of road which may be placed in their charge, the government, providing them with the necessary tools. Their work will be surface work, the cleaning of rocks from the roadway, the filling in of ruts and holes, the attention to culverts and bridges, and all work that may through the action of nature be undone.

In short the appointment of these men is a recognition that no work under the climate conditions and the wear and tear upon the roads, can be permanent, and patrol men will be provided to keep, mile by mile, these roads in condition.

On the principle that "a stitch in time saves nine," these patrols will be employed to remedy all defects in the roads which through neglect would develop more serious trouble and greater expense.

Mr. Tanner offered some criticism and was answered effectively by the resourceful Dr. Bissett. Said the doctor: "There may come a day when those who now criticize may have the responsibility." (Hear, hear, from the Tory benches.)

"Yes," continued Dr. Bissett, "evil days come to every country, and history has told of lands being scourged with grasshoppers."

In the evening, the debate on the Douglas Crown Lands resolution was continued and finished. Mr. F. J. Logan made a brief speech replete with facts, figures and logic, which sharply called the attention of the House to the reckless and inaccurate statements of the Opposition. He was followed by Dr. Bissett, who with his usual eloquence and caustic wit gave the Opposition "a hoist with its own petard" by giving a history of the Crown Land Office under Tory management between 1878 and 1882.—N. S. Recorder.

**FISH PLENTIFUL.**—Word was received from Port aux Basques yesterday to the effect that there is still plenty of codfish there and the boats out secured 7 to 10 qts. There is no ice about.

## CHRONIC BRONCHITIS

Cannot be cured with ordinary soothing syrups. The disease must be attacked at the root to eradicate the irritation of the lungs, heal the wounds and strengthen the respiratory organs. The composition of

### MATHIEU'S SYRUP

of Tar and Cod Liver Oil and other Medicinal Extracts marks amongst all other remedies as the true specific for the diseases of the throat, the bronchial tubes and the lungs. Here are a few conclusive proofs:

THOMPSON, N.S., Mch. 29, '08.  
Fillmore & Morris, Amherst, N.S.  
Dear Sirs,—Yours of the 27th to hand re Mathieu's Cough Syrup, and would say it gives the best results of any cough syrup we have ever handled. The medicine is all right.

Yours truly,  
ARMOUR & MATTINSON.

Port Hawkesbury, C.B., Apr. 3, '08.  
Fillmore & Morris, Amherst, N.S.  
Dear Sirs,—I rec'd yours of the 27th ult. asking about Mathieu's Syrup. It is an excellent Medicine for coughs, cold and consumption. Please send me another lot of 2 doz. with samples. Enclosed find \$5.00 the amount of my bill.

Yours truly,  
A. F. DICKSON.

SPRINGHILL, N.S., April 4.  
Fillmore & Morris, Amherst, N.S.  
Dear Sirs,—In reference to your inquiry as to the selling qualities of Mathieu's Syrup, we might say that it is of no use whatever for us to keep any other Cough Medicine in stock. When you first began to sell it here, the Druggists did not handle it, and now every Druggist in town has it, and we are sure they find a ready sale for it. Mathieu's Syrup is sold by at least 18 Dealers in Springhill.

FERRIS & PEEL.

AGAINST HEADACHE there is no remedy so active as Mathieu's Nerve Powders which contain no opium, morphine or chloral. 25 cents per box of 18 powders.

J. L. MATHIEU Co., Sherbrooke, Can.

THOS. McMURDO & Co., Wholesale Chemists and Druggists, St. John's, Nfld.

## Getting Rid of Female Moustaches.

To women who are annoyed by disfiguring, downy hair growths a method of permanently eradicating the same will come as a piece of good news. For this purpose pure powdered phenol may be used, applied directly to the superfluous hair. Almost any chemist should be able to supply an ounce of this drug. The recommended treatment is designed not only to remove the disfiguring growth instantly, leaving no trace, but to actually kill the hair roots without irritating the skin. Objectionable body odors resulting from perspiration and other causes, may be instantly banished by simply applying a little powdered (white) percol to the affected surfaces occasionally. Smart women are rapidly adopting the use of the natural astringent of orange blossoms when the complexion is inclined to be oily. It makes a capital greaseless cream and holds the powder perfectly.

## Burned With Lye.

Zam-Buk Brought Him Relief.

Geo. T. Ryall, 542 10th Ave. E., Vancouver, while employed at a soap works had his foot badly burned in caustic lye. He says: "After three months of ineffectual treatment by doctors, the burn was still an open sore, so I tried Zam-Buk."

"From the very first application this balm brought me relief. The inflammation and poison were drawn from the wound. Then healing commenced."

"In a short time new healthy flesh filled in the wound, and my foot was quite sound again. I have proved Zam-Buk for other wounds and injuries, and in my estimation it is the finest healer in existence."

## Three Lives Snuffed Out

Winnipeg, April 14.—While the Gunn building on Jarvis avenue was being fumigated to drive out cockroaches to-night, the deadly fumes of the acid used penetrated into Turkish bath rooms nearby.

Nicholas Warnock and C. Derkas two bathers, and George Cobblelink, an attendant, were asphyxiated. Their bodies were found by another attendant.

The fumigating apparatus, has been placed under arrest pending investigation.

## Home-Made Beauty.

The very simplest things are very often the most effective in making a woman beautiful. For instance, few people know that a dull or greasy complexion can be instantly brought to a pretty, youthful natural bloom merely by the application of ordinary clemite dissolved in water. Moreover, the method cannot be detected even under the closest scrutiny. The result will last all day long and requires no powdering even under the most trying conditions indoors or out. If you have no clemite in the house get about an ounce from the chemist's end and add only enough water to dissolve it. Apply a little to the face. It is good for the skin and immediately produces that cool, velvety, natural "bloom" so much desired. To bring a natural red color to the lips, rub them with a soft stick of proclactum.

## Were Tried and Stood the Test.

DODD'S KIDNEY PILLS MAKING A REPUTATION IN THE WEST.

Saskatchewan Man Tells How They Cured Him, After Four Months' Suffering from Backache and Other Forms of Kidney Disease.

ST. PHILLIPS, Sask., April 25. (Special).—In a new country, where changes of climate and impure water are among the difficulties to be surmounted, kidney trouble is prevalent. It is the kidneys, the organs that strain the impurities out of the blood, that first feel any undue strain on the body. Consequently, Dodd's Kidney Pills have been well tried and tested in this neighborhood.

They have stood the test. Many settlers tell of backache, rheumatism and urinary troubles cured by Dodd's Kidney Pills. Mr. Otto Oshewski is one of these. In speaking of his cure he says:

"I suffered from kidney disease for four months. My back ached, I had heart flutterings, and was always tired and nervous. My skin had a harsh, dry feeling; my limbs were heavy; and I had a dragging sensation across the loins."

"I consulted a doctor, but as I did not appear to improve, I decided to try Dodd's Kidney Pills. I used six boxes, and now I am all right."

Dodd's Kidney Pills always stand the test. Ask your neighbors.

## The Actress Eye.

Actresses years ago abandoned the practice of clipping off the ends of the eyelashes to make them grow longer and stronger. Very often the lashes did not respond to this treatment, and remained ugly and stubby, which, of course, was tragic. Nowadays much less heroic and far more effective methods are used to force the growth of the long, curling lash and expressive eyebrow. Smart women use a very delicate and quite harmless substance known to chemists as mennaleine. It is applied to lash and brow at night with the finger-tips, to accomplish the desired result. It is greatly in demand by the profession for this purpose. Rouge is always obvious, but powdered collodium defies detection, and is quite harmless.

## Personal.

By word to hand we learn that Mr. F. W. Burden, son of Mr. K. Burden, of this city, who has been studying medicine at Queen's University, Kingston, Ont., has graduated. Mr. Burden entered college just when the course was raised from four to five years and is one of the first of our students in Canadian Universities to complete the five year course. Dr. Burden will spend the summer with friends at home and later will likely go to the Old Country to pursue further study in medical science. We congratulate the Doctor and his friends upon his success.

## Cable News.

Special to Evening Telegram.

LONDON, April 25. Knox, the engineer, whose conviction on a charge of drunkenness, caused the recent great strike on the North Eastern Railway, has received a free pardon from the King.

TORONTO, April 25. Dr. Friedmann's cure was discussed at a private meeting of the Medical Academy here last night. Some of the members are quite sceptical about the results.

MADRID, April 25. A decree ordering the continuance of obligatory teaching of Christianity in Spanish public schools, excepting the children of non-Catholics from compulsion, was signed to-day by King Alfonso.

BERLIN, April 25.

The risk of rejection by the Imperial Parliament of an appropriation of \$2,500,000 to build a new yacht for Emperor William, is so great that an urgent summons has been sent to all loyal deputies to be present in force when the matter comes up for deliberation. The Socialists, it is understood, intend to demand a roll call on the third reading, when the Poles, Danes, Alsattians and many Southern German members of the Clerical and Central parties have announced their intention to vote against the expenditure.

LONDON, April 25. Postmaster General Samuel, presenting the Post Office Budget in the Commons, declared himself in favor of universal penny postage, which, he said, would cost £500,000 yearly. The loss through penny postage between England and the States for the first year, he said, was £136,000. It was now reduced to £123,000. No development was more remarkable than the increased use of the overseas cables since the reduction of rates. A new loaded telephone cable, the longest in the world, was being laid from England to Belgium. The Post Office was communicating with the German Post Office with a view to the establishment of telephonic communication between them.

## Train Notes.

The express which left Port aux Basques this morning, is due here at 7 p.m. to-morrow. The express with the Lintrose passengers, is due here at 2 a.m. to-morrow. The west bound express is due at Port aux Basques at 5 p.m.

MOTOR COMPETITION.—We learn that a new company which was recently formed, will run a motor down to Portugal Cove from St. John's beginning on the 1st of May. To offset this, the twenty Portugal Cove cabmen who have been handling this business for years, will import a new motor of their own capable of seating twenty persons. They say if the others wish to do so they will enter into a rate war, and intend to have the lion's share of this traffic.
