"Blood Will Tell."

AT THE NICKEL THEATRE.

The mid-week programme at the Nickel Theatre to-day is one of the best ever seen at this popular house of entertainment. Foremost on the bill is the great social drama by the Essanay Co., "Blood Will Tell." This is a beautifully costumed production, carrying a story of romance. Francis X. Bushman, the well known matinee hero, is in the leading role. Mr. Bushman, it will be remembered, won the Ladies' World Competition for the best actor. The great old actor, John Bunny, is the life of a very funny comedy entitled "Polishing Up." "On the Border" is a thrilling melodrama. Howard Stanley sings: "Winter Nights" in which Rose Lyold starred. This is a great song and many will, no doubt, turn out to hear it.

Minard's Liniment Co., Limited.

Gentlemen—I had my leg badly hurt, the pain was very severe and a large swelling came above the knee. I expected it would be serious—I rubbed it with MINARD'S LINIMENT, which stopped the pain and reduced the swelling very quickly. I cannot speak too highly of MINARD'S LINIMENT.

W. C. T. U.

Resolutions Sent to the Government.
St. John's, Nfld.

April 26th, 1915.

Right Hon. Sir Edward Morris, Prime Minister.

Dear Sir—At a special meeting of the W. C. T. U. held April 26th, 1915, the following resolutions were passed and ordered to be forwarded to the Government.

RESOLVED—That the W.C.T.U. place on record its hearty approval of the Government's decision in pledging itself to bring in a Bill providing the necessary machinery for a plebiscite on Total Prohibition of all spirituous liquors.

RESOLVED—That we respectfully represent to the Government—

(a) That a majority of VOTES CAST be considered sufficient to decide the question.

(b) That the Bill be so constructed as to become a final act in 1916 without further legislation should a majority be in favor of Prohibition.

Casino Theatre.

The highly successful photo-play: "Mr. Barnes of New York" will be supplanted on Thursday, Friday and Saturday by two magnificent productions of the artists and photographers' skill. First and foremost is the sensational and much talked of "Third Degree" consisting of five reels and produced by the famous Lubin Co. The second being the beautiful and thrilling story of "The Lily of the Valley" from the Studios of the great Selig concern. Patrons are again advised to "be on time" in order to get the full benefit of these superior "works of art."

Last Night's Concert.

The patriotic concert held at St. Mary's Hall, South Side, last night, was attended by a large and appreciative audience. The programme was under the direction of Misses Muriel and Gladys Nurse and Miss B. Snow, and consisted of vocal and instrumental selections, recitations and an amusing dialogue entitled "Mixed Pickles." The following ladies and gentlemen took part:—Mrs. Strang; Misses Myrtle Williams, B. Snow, A. Aylward, Eileen Nurse, Irene Harris, K. Myler, Muriel Nurse, Eidel (2), Gladys Nurse, Daisy Skinner; Messrs. W. T. Gaulton, H. Chaplin, H. Evans, M. Colton, B. Colton, C. Maunders, Herschell, Fox, Mackintosh, Kerr and Rev. H. Uphill. All the items were particularly well rendered, especially the singing of "LaMarseillaise" by the Misses Eidel, daughters of Mr. E. Eidel, of St. Pierre. The sweet voices of these young ladies charmed the audience and they had to respond to several encores. After the National Anthem had been sung, dancing was indulged in until 3 o'clock this morning. The proceeds amounted to \$120 which will be donated to the fund in Aid of our Sick and Wounded Soldiers.

To the Misses Nurses and Miss Snow, the promoters of the affair, much congratulation is due for the success which crowned their efforts in such a worthy cause. We understand that by special request the concert will be repeated at an early date.

NOTE OF THANKS.—As a relative, and on behalf of Mr. and Mrs. Chas. Mookler, parents of the late Miss Madge, I wish to thank all kind friends who assisted them in their sad hour when death claimed their only and beloved child. Special mention of Rev. Fr. Sheehan, who was often beside her sick bed. Each visit from that saintly priest brought Madge in closer union with the Sacred Heart of which she was a devout member of the League. Thanks to those who sent messages of sympathy, among them are: Sergt. William and L.-Corp. Robert Clark, of the 1st Nfld. Regiment. Her parents also have the sympathy of the Nuns of the Presentation Convent and the pupils of same who came in large numbers to her late home to offer a prayer to God for the repose of her soul, and take their last look at her that often stood beside them in class. Thanks to Miss Hannah Wayte and Kitty McCarthy for many acts of kindness to dear Madge; and also to Miss Stella Wilson for a beautiful wreath to adorn her casket—adv. Hearts united to the Sacred Heart. Time or distance cannot part.

FEET IN THE SPRINGTIME.

In the Spring milady's pedal extremities lightly turn to aches and pains. With the approach of warm weather you begin to pay with interest for the indiscretions of the winter months.

In warm weather you should wash your feet twice a day. You will understand how necessary cleanliness really is when you realize that the largest blood vessels of the body are situated in the legs. Consequently the feet perspire, and this perspiration causes a vast amount of the foot discomfort from which folks suffer, including soft corns between the toes. The odor of perspiration is an unpardonable offense, not alone because of the pain it causes you yourself, but of the discomfort to those with whom you are associated.

There is absolutely no excuse for this annoyance. To keep your feet absolutely clean and sweet requires not more than ten minutes' effort a day and the use of an inexpensive powder if your trouble is serious enough to require it.

Mild cases of perspiration are benefited by bathing the feet in water as hot as can be borne to which a teaspoon of common baking soda has been added. Another good wash is one or two drams of alum dissolved in a pint of alcohol and added to your foot bath in the same proportion—a teaspoonful to a basin of water.

In cases of excessive perspiration bathe your feet in hot salt water dry them carefully and apply the following lotion: One grain of permanganate of potash, and one ounce of distilled water. Apply this lotion with a piece of soft gauze. Then dust your feet with talcum powder. Change your stockings at least once a day and if you are troubled with excessive perspiration change them twice a day until a remedy has been entirely effected.

ENGLAND HAS NEW NAVY.

London, April 21.—If the censor ridden British public were privately informed that the British fleet was being augmented by something like a submarine every three days, a destroyer every week, and a battleship, cruiser or dreadnought every month, it would laugh the statement to scorn. And yet that is a fact.

If Britain's present overwhelming fleet were to meet defeat at the hands of the German navy and be totally destroyed, there would be a residue of such dimensions that the balance of sea power would still remain with Great Britain.

By May 1st this country will not only be supreme on a naval standpoint, but it will have a perfectly trained and equipped army of 1,500,000 men. By the end of the war England will have the biggest navy that the world has ever seen, and it will also possess the largest army in the world.

Of course it is not contended that Great Britain is building a submarine every three days. That would be, humanly speaking, an impossibility. But there are other ways of obtaining these little craft. Numbers of these deadly submarine vessels are being rushed from Canada and elsewhere in parts and put together on this side.

Every day that the German fleet remains cooped up in Kiel the odds are increased enormously against Germany.

Some day perhaps the government will take the nation into its confidence. On the other hand it may be that a government which reckons on the inertia of the multitude knows what it is about. Maybe the whole truth of the present situation will never be made public—on this side.

NEW BOILER TUBES FOR KRON PRINZ.

Newport News, April 22.—The German converted Kron Prinz Wilhelm was floated from dry dock at the shipyard here to-day, after her hull had been painted and repaired. She was towed to an anchorage in the harbor, and to-night the guard from Fort Monroe returned to its post.

New boiler tubes for the Wilhelm arrived to-day and will be installed by shipyard mechanics.

The Naval Board which surveyed the ship has made its report to Washington, with a recommendation to the time to be allowed for repairs. As in the case of the Prinz Eitel Friedrich, the time within which the Wilhelm must leave American waters, or intern for the war, will be kept secret.

Britain Gives Up Football Matches.

London, April 22.—"There will be no association football cup ties or league matches next season," said F. J. Wall, secretary of the Football Association. This decision was not unexpected because of a continuous outcry that has been going on since the beginning of the war that it was scandalous for the pick of Great Britain's athletes to play football instead of joining the army.

Amateur football practically stopped when the war began, but professionals, who number nearly five thousand, continued as usual.

LARGE FUNERAL.—The funeral of the late William Veeley took place yesterday afternoon and was largely attended. Amongst the mourners were a representation of horse owners, a deputation from the Truckmen's Union, of which deceased was a prominent member, acting as a guard of honor. The remains were enclosed in a handsome casket, profusely covered with floral wreaths. Interment was at the C. of E. Cemetery and Rev. W. E. Cracknell officiated at the graveside.

A GERMAN VIEW OF KITCHENER.

The Cologne Gazette prints a short article on Lord Kitchener, in which that journal remarks that the man who is commanding the British armies against Germany deserves all the more attention because nothing much is known about his personality. British generals, the journal says, are not in the habit of enlightening the world with all sorts of details about themselves.

"Kitchener," the journal continues, "is taciturn even for an Englishman. Moreover, he does not pay over-frequent visits to the British troops in France, but prefers to remain in Whitehall at the War Office, when he controls the enormous war machine which he is hurling against us from all corners of the globe and which he has, in the first place, to piece together. It is the historic experience in all British wars that their organization is never ready at the beginning of the operations and that the real preparations have always to be begun after the outbreak of hostilities."

"Field Marshal Horatio Herbert Kitchener is the embodiment of British will power, British toughness, and British concentration. We do not know whether he has accepted the task of fighting the German nation in arms with pleasure. He is in no way equal to the undertaking, because he lacks the first quality of the great general, namely, the psychological sense. Kitchener does not possess the slightest understanding of the souls of the people he is fighting or controlling. He is the personification of the soulless British imperial machine which wages war by means of bargains and intrigues. It is for that very reason that his compatriots believe in him."

Flowers in compact arrangement are used liberally on the more elaborate types of hats and to a moderate extent on tailored hats.
