

## "CLUMSY FORGER."

"He worked with the R. N. Co. for a short period for which he was paid a cheque of \$5.00. He erased his own name and wrote that of George White, also rubbed out the \$5.00 figures and raised the cheque to \$400.90, but did not alter the amount in writing."

He did not alter the amount in writing, because this portion of the cheque was written with a PROTECTOGRAPH CHEQUE WRITER and therefore could not possibly be altered. Were this not the case the written amount would have been altered, the cheque cashed, the culprit missing and the Company who signed the cheque short \$395.90 in their cash.

Remember the Bank is not responsible in the case of a raised cheque.

If the firm mentioned above did not have a cheque writer they would buy one to-day. Will you wait until your cheque is raised or will you order one to-day?

You pay Fire Insurance year after year, why not pay for a Protectograph Cheque Writer and insure your Bank Account for always.

Newfoundland is virgin territory for the cheque raiser. It is a profitable business. Guard against it.

Buy it to-day, we will deliver it. You may pay for it to-morrow, and not get it.

**Price \$85.00.**
