## TOILET PAPERS

New Stock just to hand. We offer **3 Rolls for 27c**

## House of Assembly,

### NOTICE OF QUESTION.

At yesterday's sitting of the House Mr. Michael Cashin gave notice of the following questions:—

To ask Hon. the Prime Minister to lay on the table of the House copies of all correspondence up to date, telegraphic and otherwise, passing between himself or his Department and Sir Edgar Dowling in regard to the suggestion that the latter should visit Washington to represent this Colony in connection with the imposition of a tax on our fishery products by the United States.

To ask Hon. the Prime Minister if the Government has yet appointed a Commission, as promised, to inquire into the transactions surrounding the shipment of fish on Government account by the "President Cooker" last Fall and the purchase of salt on Government account per S.S. "Tuckahoe" last Fall, and if such Commission has been appointed, to give the names of those acting thereon, and if such Commission has not been appointed, why not. Also if it is intended to appoint the same gentlemen to this Commission as acted in the Woodford Affidavit Inquiry.

To ask Hon. the Minister of Marine and Fisheries to lay on the table of the House copies of any correspondence between himself or his Department and Dr. Grenfell, in regard to the latter representing the Colony in the United States in connection with our fishery problems, and also to state if any instructions have been given by him to Dr. Grenfell to act on our behalf, and if so what is the nature of the same.

To ask Hon. the Prime Minister, in the absence of the Hon. Minister of Finance and Customs, what was the amount paid for interest on debentures and bonds of the Colony due in London for the half year just closed, and what amount was gained thereon as a result of the exchange with England; and also what amount was due in New York for interest on our debentures and bonds at the end of the half year, and what amount was lost by exchange with America.

## With the Rod.

A Cobb has had some very fine fishing in the pools near his lodge at Harry's Brook, the past two weeks. The Milley and Job party, four in number, who went to South Branch last week, landed thirty salmon on Thursday.

J. Bemister and P. Keegan spent the week end fishing at Harry's Brook. They say the Pools of that river are literally full of salmon of the biggest kind.

On Thursday, H. Brownhill and H. Barrett, of Sydney, landed seven salmon from Robinson's River. Four of them ranged in weight from ten to fourteen pounds each, and the other three were smaller.

The fishing on Harry's Brook is exceptionally good this year. J. B. Orr and F. Brazil of St. John's, had 10 salmon one morning of which Mr. Orr landed 2 (one 1 1/2 and one 1 3/4 lbs.) Fishing in the Dump Pool, Mr. Orr landed one 12, one 20 and one 25. Mr. Power landed a 23 lb. salmon at the Dump Pool, and Mr. Emerson caught five fine salmon. Dr. A. F. Perkins caught a fine bunch of trout in Old Man's Pool and a 4 1/2 lb. grilse in Harry's River.

"Laugh and grow fat" is an old axiom. We advise the use of a good tonic, named "Brick's Tasteless". Price \$1.00; postage 20c. extra.—apr26,11

## Terra Nova

### Swamped With Debt.

The following despatch, ostensibly from St. John's, is taken from the current issue of the North Sydney Herald. It is truly illuminating. The above caption is that given it by the journal of publication:

St. John's, Nfld., July 4.—Customs revenue of the colony of Newfoundland for the fiscal year ended on June 20 was announced yesterday at six million dollars, as compared with eight and a half million dollars in the previous year, and seven millions in 1918-19.

In submitting the annual budget to the legislature recently, government officials estimated that colonial revenue from all sources for the year would be eight million dollars, resulting in a deficit of three millions as compared with a surplus of one and a half millions last year.

Treasury reserve has been exhausted and the colony will operate in a loss during the coming year on a loan of six millions floated this spring in the United States. As the greater part of the proceeds of his loan is to be devoted to special purposes, the government has imposed additional taxes for the purpose of raising revenue to meet general expenses. The total public debt of the colony is now fifty-one million dollars.

WELL ATTENDED—The band concerts given last night in Victoria and Bannerman Parks were attended by a large number of people.

MINARD'S LINIMENT RELIEVES COLDS, Etc.
