**Will You Cripple Your Ford**  
 OR RENEW ITS LEASE OF LIFE!  
 When the Ford Car leaves the plant at Ford, Canada, it presents standardized production reduced to a science. There is no lost motion anywhere in its construction, each part is of the material and temper best calculated to perform the function it has to perform. The result is not only a car phenomenally low price, but a car so sound in all its component parts that it will serve you satisfactorily for many years.  
 Parts here and there will require to be replaced in time, it rests with you at this stage whether you cripple your car or renew its lease of life.  
 The use of spurious parts will accomplish the former. Genuine Ford Parts will assure the latter.  
 Spurious parts allow a greater profit to the seller and are palmed off on you whenever opportunity offers. Take chances. Demand Genuine Ford Parts and extend the life and usefulness of your car.
