#### Scots Honor Patron Saint.

LARGE GATHERING PRESENT.

St. Andrew's Night celebration held's under the auspices of St. Andrew's Society in Grenfell Hall last night, proved to be a huge success. The affair was attended by a large gathering of Scotchmen and their friends. President H. D. Reid opened the proceedings by extending a hearty welcome to all, and said that throughout the world Scotsmen always celebrate on the feast of Scotland's Patron Saint whom Newfoundlanderrs always appreciated. Scottish numbers were contributed by Misses Barbara Langmead, Margaret Mitchell, Mesdames, C. F. Garland, and A. V. Burns, and Messrs. K. Trapnell, A. Lawrence and J. Welington. A dance followed, the music of the Majestic Orchestra, under the direction of Mr. Bowes, being all that could be desired. The Ladies' Auxiliary served supper during the evening. The affair did not conclude till an early hour this morning, and St. Andrew's Night celebration of 1922 will go down in history, as one of the best. The arrangements were carried out without a hitch, and one and all felt very pleased with the excellent management.

### Should Organize Immediately.

Editor Evening Telegram. Dear Sir .- A splendid success is the unanimous verdict of the meeting held on Wednesday night, but it is the unqualified opinion of all those present that members of the Opposition and those prominent in public life that such an expression of disapproval of the present administration should not be allowed to cease with the singing of the National Anthem on that memorable night. The prevailing opinion is that a general attempt to re-organize all forces should be the outcome of this grand meeting. The sitting members have opened the ball and it is up to former candidates and committee chiefs to keep it in progress until the last gun is fired. There is a great deal of work to be done and done properly. The mistakes of the past are the answer to the great need of co-operation and unity on all matters. We must not be filled up with the false hope that the battle will be an easy one. We must be prepared for every move of the enemy. We must give our friends in the outports a chance to get better acquainted with our policies and campaign. We must work harder to consolidate St. John's East and West. The organization must be complete and the whole island connected with it. We have outlined the old style of campaign. The result of 1919 is the answer to that. I had hoped that others would have referred to the urgency of such a move, as it seems to be the prevailing opinion of all who are over anxious to drive out of office the present Government, which is now correctly labelled the worst it was ever Newfoundland's misfortune to have in

Hoping you will find space for these

Yours truly, BUNDLE AND GO. Nov. 30, 1922.

"Humoresque" is Scheduled for Monday GREAT PICTURE IS SECURED BY

THE NICKEL.

Fannie Hurst, who is noted for her realistic studies of Jewish life, never struck a more intensely human note than she attained in "Humoresque." This novel has been translated into motion pictures by Cosmopolitan Productions and will be shown at the Nickel, the premier house of photoplays, on Monday next.

The scene is New York's famous lower East Side and the central character a youngster with a soul for music. Receiving his first violin from his mother on his seventh birthday, the boy develops into a world-known genius. Then the war comes, and he returns from overseas with a wounded shoulder that, it is thought, will prevent him from ever playing a violin again. But in this great crisis of his life the injured shoulder is restored to strength and his happiness returns.

Alma Reubens is the featured player in "Humoresque," which also includes in its cast Vera Goroon, Gaston Glass and Bobby Connolly, the great boy actor. Make no other appointment for Monday.

### Girl Guides.

NEW TROOP FORMED.

Recently a troop of Girl Guides was formed amongst the pupils of the Methodist College. The troop is divided in 4 patrols and is known as the 3rd St. John's Company Girl Guides. The young ladies are quite enthusiastic over their organization.
