FINE AND QUITE COOL.

Toronto, Ont., Sept. 8-11 p.m.—The high area which appeared over the Northwest yesterday is moving rapidly southeastward, and is now nearing the lake district. It is accompanied by fine, cool weather. Lower pressure is setting in over British Columbia and the Northwest Territories, accompanied by higher temperatures. In the eastern provinces the weather is fine, with a general tendency to lower temperatures. Minimum and maximum temperatures—Victoria, 43-72; Edmonton, 36-74; Winnipeg, 32-58; Port Arthur, 34-54; Parry Sound, 44-47; Toronto, 50-58; Ottawa, 50-68; Montreal, 56-68; Quebec, 50-62; Halifax, 56-76. Probabilities—Lower lakes—Fine and quite cool, with moderate to fresh northeast and north winds. Local temperatures—The highest and lowest readings of the thermometer at the observatory on Friday were 75 and 40.5.

BOUGHNER.

—A London merchant who visited Toronto this week was told by wholesalers that their business during the Industrial was the best they have ever had. Good times and the increased number of merchants in the city as part of the record-breaking crowds that attended the Fair were no doubt the chief reasons. It is reasonable to suppose that London wholesalers' merchants will be in the same boat.

—No. 1 committee of the board of education met last night, when there were present: Trustees Treadwell (in the chair), Regan, Stronach, James M. Logan, Principal Merchant, and Inspector Carson. The following changes were recommended: St. George's school; Miss Wilcox, to Rectory street school; Miss Wilcox, to Rectory street; Miss Wilcox, to Rectory street; Miss Wilcox, to Rectory street.

—On Monday next a new time table will go into effect on the Port Stanley division of the L. E. & D. R. R. Trains are to leave London for Port Stanley at 6 a.m. and 2:30 p.m., arriving at Port Stanley at 7:45 a.m. and 4:40 p.m., respectively, and trains to run as far as St. Thomas only will leave at 10:25 a.m. and 6:50 p.m. Trains leave Port Stanley for London at 7:45 a.m. and 4:40 p.m., arriving here an hour later. Trains come from St. Thomas to London at 8:07 a.m., 1:25, 5:02 and 10:15 p.m.

THE NORMAL SCHOOL SITE.
Huron Herald: A site for a new Normal School at London was selected by the Hardy Government. At the last meeting of the London school board the site was condemned by a vote of 10 to 7. The ten who voted for condemnation were Tories, and the seven who voted against condemnation were Grits. Without knowing whether the site is suitable or not, an outsider may be pardoned for suspecting that this vote was the result of party bias. The site is composed largely of rank, bigoted partisans.

HIGHLAND-ATKINSON.
St. Marys Journal: At the residence of Mr. and Mrs. Henry Atkinson, "Hill Farm," River road, Blanshard, a pleasant affair took place on Wednesday night 40 cents in interest taken by the county in the hospital would in no sense be a mortgage. It would be a co-partnership.

Ald. Greenlee said he had looked into the matter closely, and was inclined to agree with Ald. McPhillips that the amount at stake was but a mere pittance. He figured that it would amount to \$102 a year.

Ald. Cooper asked the mayor several questions. He was answered that at present county patients paid 65 cents, and patients from outside the county paid 40 cents in interest taken by the county in the hospital would in no sense be a mortgage. It would be a co-partnership.

QUESTION FOR COUNTY COUNCIL

The City Agree to the Hospital Propositions.

Some Slight Changes—The Adoption Not Binding Until Details Be Arranged—Capitalization at \$75,000.

The city council held another special meeting yesterday afternoon, and the proposition of the county council hospital committee to put \$15,000 in the Victoria Hospital was adopted on a close vote. Each clause had a shaky ride, and it was not until the last minute that the perilous trip was over. On the adoption of one clause the mayor gave the casting vote.

The change of the division since the meeting at which the quorum was broken up was due to Ald. Graham's absence, Ald. Greenlee's change of opinion, and Ald. Gerry's presence. Ald. Norkins and McCallum were, as before, absent.

The proposition, it will be remembered, related (1) to capitalization, (2) the advance of \$15,000 for 2 1/2 per cent, (3) completion of the building before money is paid over, (4) gross charge for county patients to be actual cost, but not to exceed 75 cents per day, (5) possible termination of agreement in 20 years, (6) other matters of detail to be settled by respective committees.

The first clause occasioned most discussion. Ald. Carrothers moved that the figures \$75,000 be struck out, and that the capitalization of the stock be fixed at \$100,000.

Ald. Jolly moved the adoption of the clause. His reason was that the county had no interest in the contagious ward or the pavilion, and therefore the capitalization should be only on the remainder of the buildings.

Ald. Taylor—that argument doesn't hold, because after deducting the value of the contagious ward, and the pavilion, the stock should still be \$100,000.

Ald. McPhillips seconded Ald. Jolly's motion. To place the stock at \$100,000, the site was not to be included, and they would not get the county in at all, he said. The county's contention that the capitalization should be \$75,000 was a perfectly fair one. The difference, he thought, while only a mere pittance, would be, if pressed, sufficient to cause the negotiations with the county to drop.

Ald. O'Meara thought \$100,000 below rather than above the mark.

Ald. Cooper asked the mayor several questions. He was answered that at present county patients paid 65 cents, and patients from outside the county paid 40 cents in interest taken by the county in the hospital would in no sense be a mortgage. It would be a co-partnership.

Ald. Greenlee said he had looked into the matter closely, and was inclined to agree with Ald. McPhillips that the amount at stake was but a mere pittance. He figured that it would amount to \$102 a year.

RELIABLE AND PERFECT.

Diamond Dyes the Only Scientifically Prepared Dyestuffs for Home Use.

Expert color scientists have often asserted that the Diamond Dyes are the only perfectly pure home colors produced in the world. The popular Diamond Dyes have, long ago, banished from the homes of our country all grayer tints, logwood, cochineal and all other antiquated dye stuffs. Home dyeing as at present done with the Diamond Dyes, simple though the process is, would quite astonish our grandmothers.

Dyes with the grand qualities and extended reputation of the Diamond Dyes soon commend themselves to all thoughtful and intelligent women. They are the brightest, strongest and fastest, and the easiest dyes to use.

The Diamond Dyes, like all other perfect preparations, are very largely imitated in style of package. These imitations are in every case worthless and adulterated mixtures, ruinous to goods and positively dangerous to handle.
