MR. EVERETT'S AMBITION. Detroit News: No local confirmation

can be obtained of the report from Cleveland that the Everett-Pack-Harman syndicate have bought a block of 20,000 shares in the Detroit United Railway, thus giving them control, but persons usually well informed on such matters consider it not at all improbable. Since the recent consolidation of the lines a steady advance has taken place in Citizens' Traction Company stock, which has risen from 80 to over 100, closing yesterday at 105 asked. The transfer books close Feb. 2. Even if Everett has not secured control, it is thought probable that R. T. Wilson will let him manage the property, for Wilson is getting old; he misses the strong right arm of Tom L. Johnson, and is said to have taken a fancy to Everett, whom he now considers a very brainy and capable man. The Everett syndicate includes ten capitalists with dead loads of money. They are now building a \$6,000,000 road out of Chicago.

GRAND TRUNK TERMINALS. Montreal, Que., Jan. 30. — General Manager Reeve, of the Grand Trunk Railway, made the following statement last night: "The G. T. R. runs to Portland, and that has been the winter port ever since the company came into existence. It is therefore of interest to the company to build up that terminal point, the same as we are interested in building up Montreal, or any of the other terminals on the line. This can be done by continuing during the summer months a steamship service, a service to European ports similar to the winter service and without necessarily affecting the interests of Montreal." General Manager Reeve stated that there was no intention to discriminate against zation. Montreal, and the Canadian steamship lines would continue to get their full share of the traffic.

MOVING TO THE NORTHWEST. Toronto, Jan. 30.—A considerable movement from Waterloo county to the Northwest is expected when the spring opens. Last year a party of Germans from Waterloo county settled in Northern Alberta, and have evidently been well pleased with the country, for it is understood that they have purchased from six to seven thousand acres of land from the Canadian Pacific Railway and the Dominion government. They have also erected nine dwelling houses, and this spring propose removing their families to their homes. Other parties are also going to the Canadian Northwest from Waterloo county. Most of the Germans going to the West live on rented farms in Waterloo county, desire now to build up homes of their

SLEEPLESSNESS.—When the nerves are unstrung and the whole body given up to wretchedness, when the mind is filled with gloom and dismal forebodings, the result of derangement of the digestive organs, sleeplessness comes to add to the distress. If only the subject could sleep, there would be oblivion for a while and temporary relief. Parmelee's Vegetable Pills will not only induce sleep, but will act so beneficially that the subject will wake refreshed and restored to happiness.

A GREAT BIG PILE OF MONEY

Soldiers Who Held Up Chinese Villagers Severely Punished—Emperor Petitioned to Return to Pekin.

Shanghai, Jan. 29.—The statement is made here that Russia will demand, besides indemnity, the sum of 50,000,-000 taels for restoring Manchuria; also it is stated that Coun Von Waldersee will demand 5,000,000 taels as compensation for the killing of Baron Von Ketteler, the German minister. The court is about to send an offi-cial to Singapore and other points to appeal to the wealthy Chinese for financial assistance. Contributors, it

LOOTERS PUNISHED. Pekin. Jan. 29.-A court-martial, which has caused considerable interest, has been held in Tien Tsin during the last two weeks. The men on trial are Privates Dickson and Seamons, of the 5th Infantry. These men, while on guard duty along the river, held up several villages, demanding from 100 to 200 taels protection money. They were captured by the French and turned over to the American authorities. During the trial Dickson ecaped. Seamons was sentenced to twenty years imprisonment, and Dick-

son to twenty-one years. MEMORIAL TO THE EMPEROR. Three hundred prominent Chinese esidents of the Kiang Se province have sent a memorial to the emperor, requesting his majesty to make pub-lic announcement of a certain date for his return to Pekin, in order to satisfy the people. They assert that the Boxer troubles were entirely due to a few high officials, and as these officials have now been ordered to be the court ought to return to Pekin.

A WAIL OF SORROW. The Chiawa Pao, a Chinese paper, bemoans the destruction of the Tien Tsin wall, the whole of which is now being leveled, and regrets that a work which occupied 300 years in construction should be destroyed in a space of comparatively few days.

LATE SPORTING.

HOCKEY.

A ROAST FROM HAMILTON. Hamilton Herald: The executive com mittee of the Ontario Hockey Associa-tion did a good thing yesterday when it expelled the London hockey club from membership in the association and removed several of its members from the amateur class. This action should serve as a warning to unscrupulous sportsmen who, through a perverted spirit of local patriotism, secretly and fraudulently hire the services of expert players and palm off these players as bona fide amateurs. It is to be feared that this practice has been common in amateur athletics in this country. It is a vicious practice, not only because it is dishonorable in itself, but also because it stands in the way of wholesome, good-natured, class rively, among the amateur clubs clean rivalry among the amateur clubs of neighboring towns. It tends to lower the standard of honor in our young men who take part in amateur athletics. They are encouraged to believe that victory justifies any means used to obtain it, even dishonorable means. A young man with healthy moral sentiment would prefer to belong to a club which loses honorably than to one which wins dishonorable methods is apt to blunt his sense of bonor

honorable methods is apt to blunt his sense of honor.

The London hockey club doubly deserves the disgrace which has come upon it. The fraudulent substitution of a professional for an amateur player is not its worst offense. Far worse is the means which some of its members reserved to in order to cover their will. sorted to in order to cover their guilt. Some of them, it is said, made affidavits that the professional who had been engaged to personate a bona fide member of the club was really the member who was personated. If they have done this they have not only incurred disgrace as amateur hockey players; they have made themselves liable to prosecution and punishment for perjury. It may be, and probably is, the fact that these unhappy young men acted recklessly and without realizing the seriousness of the step they were taking; nevertheless, it is hard to see what excuse there is for neglecting to prosecute them.

STILL IN THE GAME. At a meeting of the London nackey club last night at the Tecumseh House, new officers were elected, and arrange-ments made to finish the season with a good programme of sport. Sarnia's O. H. A. team apparently do not fear excommunication, for they have asked that London play a return match in the Tunnel Town, and it is intended to orrunnel Town, and it is intended to organize a big excursion from this city on the occasion. The Aberdeens, of Ottawa, will be brought here for the Carling cup series, and it is expected that games will be arranged with Waterloo, Berlin and other fast teams. It is understood that the London juniors will withdraw the Ontario Association. The from the Ontario Association. The newly-elected officers include as president and vice-president two sergeants who fought in South Africa, Messrs. George Macbeth and George R. B. Sippl. Mr. A. Woolley is the new secretary, and Mr. J. R. Mitcheltree the treasurer.

More popular officials could not well More popular officials could not well have been chosen, and Londoners can count on getting some fast teams to play here. Season tickets will be hon-

YOUNG RANCHER'S SAD DEATH. Innisfall, N. W. T., Jan. 29.-The pody of Samuel Harbison, a young rancher who was lost in a snowstorm in October last, was found on Friday, thirteen miles from his ranch, on Point Leith Creek, near Lac Battle River, east of Lacombe. He had unsaddled near a small group of willows, tied his horse to a bush, wrapped himself in his saddle blanket and evidently laid down and slept unto death. His had got the rope around its heels, tripped, and was unable to get up, and had perished with its master. Harbison came from Hamilton, and about 22 years of age.
