FROM ALBERTA.

Work of Dodd's Kidney Pills Progres sing Rapidly in the Territories.

Blairmore, Alberta, N. W. T., Sept. 30.—Special.—Dodd's Kidney Pills are the most useful and widely used medicine in the Northwest. They have produced more genuine results than other remedy ever introduced here. They cure the common ailments, which can nearly all be traced to the kidneys, from a pimple to Bright's Disease

Walter H. A. Noble, of this place, is an example. His face was covered with pimples. He, of course, tried all sorts of remedies, but until he took Dodd's Kidney Pills for Backache the pimples remained. His blood was impure. The kidneys were not at sining it. The kidneys were not staining it.

On using Dodd's ki ay Pills for Backache, as everybody cas in this district, the Backache t only left him, but the Pimples discreared also, proving the cause of both complaints was the same—Kidney Discase.

The magnificent linguistic library of the late Prince Louis-Lucien Bonaparte has been acquired by the New-

berry Library of Chicago. SOME PERSONS have periodical at-tacks of Canadian cholera, dysentery or tacks of Canadian chelera, dysentery or diarrhea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, STOCKS OF GRAIN.

CITY COUNCIL **GRANTED \$2.000**

To Be Expended in the Duke's Welcome.

Ald. Cooper Thought That Half Tha Sum Would Do, But Had No Backer.

The city council met last night, and n about two minutes voted \$2,000 to be placed at the disposal of the general committee that is arranging for the duke's reception.

Only Ald. Cooper protested against the expenditure, and in doing so he made a typically Cooperian speech, that the other aldermen listened to and then proceeded to business as though noth-

ing had happened.

The purpose of the meeting being understood, and City Clerk Kingston adopted by having read the resolution adopted by the general committee, Ald. Garratt moved, Ald. Stevely seconding, that the \$2,000 be granted.

Ald. Cooper moved in amendment, that the amount be cut in half, and in his argument he included references to the old boys, the soldiers, who went to South Africa, the Toronto reception committee and dangerous sidewalks. His motion found no seconder, and the original motion was put and carried. Ald. Cooper called for the yeas and nays, and had his vote recorded as opposed to spending \$2,000 in welcoming the heir apparent. The use of the city hall on Wednes-

day, Thursday and Friday nights of this week and Tuesday of next was granted to the 6th Bearer Company for dill purposes.

The following were present: Mayor Rumball, Ald. Winnett, Campbell, Olmsted, Greenlees, Stevely, Garratt, Jolly and Cooper.

SHEA'S OWN SHOW.

After witnessing the initial presentation of Shea's high-class vaudeville at the Grand Opera House last night, it is easy for Londoners to understand why Mr. Shea has come to be recognized as one of the foremose vaudeville managers of the continent. It has been Mr. Shea's policy to supply only the best to the patrons of his Buffalo and Toronto houses, and Londoners may rest assured that the bills to be presented here will be of the highest order, coming as they do direct from Mr. Shea's other houses, which in turn draw upon the vaudeville theaters of New York for a constant supply of novelties.

The vaudeville opening last night was a gratifying one alike to the management, the audience, and the performers. The former were a little dubious as to That's relief. If you tackle how vaudeville would take in London, but their fears may well be dissipated, for last night's audience was only an earnest of the hearty patronage which will be accorded the venture. There was as much difference between the performance and the so-called vaudeville specialties which London has seen from time to time, as there is between "Il Trovatore" and a coon song. The hearty applause given each act The hearty applause given each act was a sufficient guarantee that Shea's vaudeville had made good in London.

Added to this his delineation of the eccentric and uncontrollable gestures, the nervous twitchings and the wild hallucinations of the cocaine fiend makes a picture which will not soon be forgotten. most difficult of her feats. All the other acts of the bill were excellent and worthy of mention. They included Drawee, who juggled everything from straws to bicycles and jinrickshaws; the De Hoven Trio, in vocal and terpsichorean stunts; the Newsboys' Quintet, in the same; Roberts, Hays and Roberts, in their laughable kid specialty, and the three Melrose brothers, in some agile and difficult tumbling feats.

The bill will be presented tonight and tomorrow night, with a special 25-cent matinee tomorrow. The vaudeville offering for next week is the Orpheum show, a well-balanced ag-gregation, which is famous all over America.
