# A Cause of Headache OPPOSE NEW PAVEN

One Very Common Cause, Generally Over- No Tar Macadam Wanted on Looked.

Readsche is a Common and Distressing Affliction and May Be Due to Firemen's Salary Increase Bowled a Number of Causes.—The Principal Cause of Frontal Readache is Kere Pointed Out.

Headache is a symptom, an indication | of derangement or disease in some organ, and the cause of the headache is difficult to locate, because so many diseases have headache as a prominent symptom; derangement of the stomach symptom; derangement of the stomach and liver, heart trouble kidney disease, lung trouble, eye strain or ill-fitting glasses, all produce headaches, and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter. However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat; when the headache is located in throat; when the headache is located in back of the head and neck it is often caused from catarrh of the stomach or

At any rate, catarrh is the most com-mon cause of such headaches and the care of the catarrh causes a prompt dis-

catarrh so convenient and effective as Stuart's Tablets, a new internal remedy in tablet form, composed of antiseptics like eucalyptol, guaiacol and blood root, which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches, and eulogizes Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headache and pain in and back of the eyes at times so intensely as to incapacieyes, at times so intensely as to incapaci-tate me in my daily duties. I had suffer-ed from catarrh more or less for years, but never thought it was the cause of my headaches, but finally became con-vinced that such was the case, because the headaches were always worse whenthe headaches were always worse when-ever I had a cold or fresh attack of catarrh.

recommended to me as a safe and pleasant catarrh cure, and after using a few fifty-cent boxes, which I procured from my druggist, I was surprised and delighted to find that both the catarrh and headaches had gone for good."
Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, un-der the guarantee of the proprietors that they contain absolutely no cocaine (found in so many catarrh cures), no opium (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome antiseptics necessary to de-stroy and drive from the system the germs of catarrhal disease.

### He dldn't recognize Davis, strangely CABBY TALKED BACK enough, but he was impressed. He arrested O'Donnell at Davis' behest. At TO HARDING DAVIS the West Thirtieth street police station Davis and O'Donnell told their troubles to Sergt. Dillon. The sergeant told O'Donnell to run along, and dismissed

Didn't know dim-Neither Did the Drummer or the Policemen.

New York, March 4.-Perhaps if Henry O'Donnell, the hansom cab driver, had known that he had the distinguished honor to be engaged by Richard Harding Davis, he would have been less strenuous, but O'Donnell didn't know him from an ordinary "fare," O'Donnell and Davis came together

Friday afternoon on Broadway. "Hi!" said the novelist. "Engaged?"
"Nope," answered the cab driver. "Then I'll engage you-by the hour." "How long will you want me?"
"Oh, I cawn't say. Maybe an hour—
maybe two—maybe all the awfternoon."
"Get in." said O'Donnell, exactly as

though he were addressing a plain, everyday man. Drive me to the Gilsey House," said

Davis in a languid tone.

The Gilsey House was about forty feet away, and O'Donnell drove there and stopped. Davis went into the hotel. At the same moment a man who looked like a drummer and who carried a traveling bag hurried out of the hotel, made straight for the hansom cab, and threw his bag into it. He told O'Donnell he was in a hurry to get to the Grand Central station.

"Get in," said O'Donnell.
Then Davis returned to the scene. He commanded the drummer to desist, and informed him that it was his cab and his man. O'Donnell, as a free American citizen, resented the implied proprietorship. He said things. So did Davis. The drummer hastily took s

O'Donnell said more things and so did Davis. Policeman Tyrrell arrived.

### THAT CHAPTER.

A Chapter on Scott's Emulsion often holds a prominent position in the histories of weak children.

The gist of that chapter usually reads like this: "Child weak and thin-

began with small doses of Scott's Emulsion three times a day-after a week appetite improved-soon a little stronger -child more lively-weighs

And so it goes till the child is reported well and strong.

turned he is a liar. Vapo-Cresolene quickly cures colds, coughs sore throat, whooping cough and croup

Talbot Street.

Out by Council.

May Get Chemical Engine, But Not New Fire Hall-Property-Owners Must Pay for Curbs.

The hands on the council chamber clock registered the passage of three weary hours last night while the civic legislators wrestled with the problems which the government of the Forest City presented for their consideration. Future generations may award to their labors a large meed of praise, but to the unprejudiced gaze of the present day observer it would seem that the sum total of their proceedings was totally disproportionate to the amount

The most important outcome of the evening's session was the landing of a solar plexus blow on the Taibot street did not desire. The tracking of Richtar macadam proposal. A large mond street had forced rural traffic deputation of property-owners from over to Talbot street, and made it a Talbot street was present, with the gentle sex well represented, and after at their expense Mr Essery believed due consideration, the third reading of the bylaw was given a month's hoist, on the understanding that a petition for a roadway of different construction be brought in in the interim. Another hard blow was the knocking out of the salary increases for firemen, on the plea of keeping down the tax rate. By an enactment of No. 2 committee, both cement and wooden curbs must be paid for entirely by property-owners. Last year the city paid one-half the cost of the plank ones, but now the city will pay only for street intersections. The shelving of the purchase of a chemical fire engine was deferred till the submission of the estimates. The council concurred, howeve, in the interment for another year of the north end fire hall proposal. Col. Leys' bill to give municipalities added power in the letting of power, light and heat franchises was also disapproved of.

A feature of the session was the frequency with which Ald. Cooper became entangled in wordy wrangles came entangled in wordy wrangles with Ald. Jolly, Douglass and Dreaney. It recalled his utterances at fear that some night there would be a a banquet last week to the effect that he had been better treated in council would probably be burned to death. He he had been better treated in council by members of the opposing political party than by those on his own side. Cooper, and Acting-Clerk Bell.

COMMUNICATIONS. Referred to No. 1 Committee-Joseph Sanders, for grants to Children's Aid and Charities Organization Society: Allan Swanwick, re error in taxes; A. E. Jolly, for increase of salary; J. D. Balfour, estimates of Victoria Hospital; Geo. H. Flannigan, re income tax; R. A. Carrothers, et al., for remission of sewer tax; James S Bell, estimates board of health; Mrs. James Lloyd, for remission of taxes, Robert Ironside, for increase of salary; R. M. McElheran, estimates of board of education.

Referred to No. 2 Committee-R H. Dignan, re condition of registry office; Rogers, re damages for accident; John Thompson, et al., re grading of Colborne street, Regent to Cheapside; Edward Boles, to appoint R. K. Cowan an arbitrator in a suit for damages against the corporation.

Referred to No. 3 Committee-S. J. Southcott, et al., for street watering on Simcoe street, Wellington to Waterloo; Finnegan, for street watering on Blackfriars street; A. T. Essery, Wm. Clarke, S. C. Hersey, M. J. Morkin, Maurice Baldwin, H. E. Turner, Robt, Wigmore, A. Isaac and Edward Talbot, for appointment as street watering inspectors; M. & M. E. Hook, for extension of time for closing of billiard room; John Thompson et al., for electric light on Dufferin avenue;

TOO GREAT EXPENSE.

Not the Reason.

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide: especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-fire or thirty years with the worst form of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation. This is rightfully viewed with dread by all those afficted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in a majerity of the cases, too, there is a return of the complaint, owing tto the fact that the cause is not

The proprietors of Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be genuine and unsolicited; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at 50 cents a package, or will be mailed by the makers to any address

the germs that keep up the diseased condition. Catarrhozone never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges. Catarrhozone contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrhozone is an absolutely certain cure for any form of catarrh, and sells for one dollar at druggists; small size, 25c. By mail from Polson & Co., Kingston, Ont. upon receipt of price. Mr. Wm. Lichtenwalter, head of the largest printing house in Canton, Ohio, "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protuding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty-cent boxes of Pyramid Pile Cure. I advise every person suffering with this distressing and painful complaint to give When a man says he has forgotten this remedy a trial. I have every confidence in it." Write the Pyramid Drug Company, Marshall, Mich., for book on the cause and cure of

H. G. Traher et al., for electric light at York and Lyle streets.

Referred to manufacturers' committee—Roach Bros. and Goodhurst Company, re paving brick industry.

H. E. Buttery applied for use of city hall on evening of April 4, to be used as lunch room for the Commercial Travelers' ball. A passageway would be built from a window in the Masonic Temple to a window in rear of the city hall. The request was granted on the hall. The request was granted on the usual terms, the work to be done under the supervision of the city en-

Mrs. Wardroper applied for admission of Mary Ann Robinson to Aged People's Home. Referred to mayor and inspector with power.

DO NOT WANT TAR MACADAM. A large deputation of gentlemen and ladies, ratepayers on Talbot street, were present to oppose the construc-tion of a bituminous pavement on that street. Messrs. Essery and Mack-lin acted as spokesmen for the party. Mr. Macklin stated that a majority of ratepayers, representing also several thousand dollars majority of the assessment had been sent in, but was not to be considered because of a technical objection. He said the property-owners wanted Talbot street improved, but they did not think tar macadam would be an improvement. Their objection was based on the ground that tar macadam was too expensions. pensive. Mr. Macklin pointed out that Talbot street was one of the most heavily traveled in the city, and the residents think the city should bear a large portion of the cost. Mr. Macklin favored an ordinary macadam road. In reply to Ald. McMechan's ques-tion, Mr. Macklin stated that the petition was more than sufficiently signed, but that certain of the property-ownof time consumed and the talking ers' names were not properly inserted in the assessment rolls.

A MONSTROUS OUTRAGE. Mr. Essery said that it was a monstrunk line. The ratepayers did not that the city should pay two-thirds of the cost of the road, and the ratepayers only one-third, as the street is so greatly used for the benefit of the whole city in the hauling of gravel for

streets, etc.

In reply to another question from Ald. McMechan, Mr. Essery stated that the petition for the pavement was started by a citizen who was not a ratepayer resident on the street, and that after the petition failed the work was in-itiated by the engineer's department. Ald. Cooper, after giving the history the cost of the cement curbs and all of the movement for the laying of the pavement, warned the delegation that they would not be given a roadway as a local improvement. They must

pay for it. NO NORTH END FIRE HALL. The consideration of reports was then

taken up by the council.

The first half-dozen clauses of No. 3 committee's report, which included the tenders for clothing for the firemen, passed after some discussion, and the voting down of several amendments. In speaking on the recommendation to urged that the north end be given some

committee could not see its way clear to increase its estimates by so large a sum when the tax rate was so high. The members of the committee and the mayor were all in favor of the new fire hall, but they felt that it would be useless to ask for it this year.

Ald. Jolly expressed the opinion that once a fire got started in a building, the firemen were of little use to save it. They could only devote their energies to saving surrounding property. Ald. Cooper could not get a seconder for his amendment, and it was all off with the fire hall for one more year.

On the recommendation to file the purchase of a chemical engine at a cost of \$4,525, Ald. Jolly moved that the matter be laid over till the estimates are brought in. He pointed cut that the cost of the engine would soon be paid by the reduction in insurance rates. His amendment carried.

NO SALARY INCREASES. On the recommendation that salary increases totaling \$495 per year be given the chief, foremen and seventh year men of the fire department, Ald. McMechan moved in amendment that the clause be struck out. It did not become the council to increase these salaries when it had not money for the building of a fire hall or the purchase of a chemical engine. The firemen were satisfied enough with their pay to hang on to their jobs, and if they want-ed to give them up others would take The adding of \$50 to a salary when \$200 was asked was but throw-

ing a sop to a dog.

Ald. Greenlees, in seconding the amendment, said that he would like to see a general increase of salary given to all the employes of the city, but with a lot of one-horse concerns operating the present tax rate he could not favor in the city and giving unsatisfactory increase. He wanted to see the service. rate kept down as near 20 mills as pos-

Ald. Cooper heatedly defended increase, and made some remarks as to the easy way in which the mover and seconder of the amendment made their living, which called forth from Ald. McMechan a protest against per-

sonalities.

The amendment to strike out the clause carried by the following divi-sion, Ald. Gerry refusing to vote: Yeas—Beattie, Douglass, Greenlees, Abram, McMechan, Jolly—6. Nays—Cooper, Winnett, Campbell,

The clause fixing the committee's estimates at \$63,800 was referred to No. 1 committee.

PAY FOR THEIR OWN CURBS. The first clause of No. 2 committee's report, recommending that Mrs. Clemens be offered \$15 in full of claim for accident by falling on a defective sidewalk on Marshall street, was passed after considerable explanation and the

loss of an amendment.

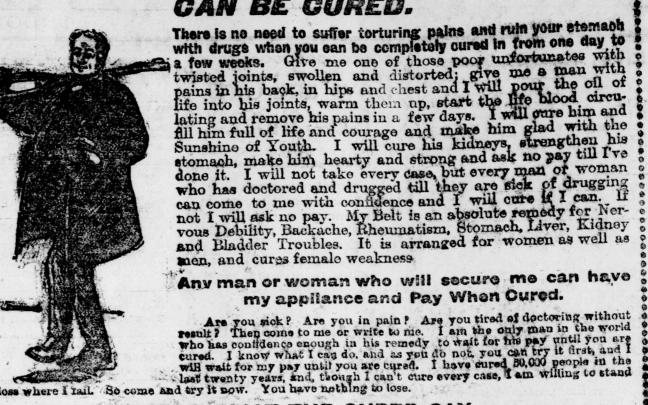

There was more discussion on the third clause, which provided that the memo from the council, re the construction of cement carbs, under same terms as last year, be filed; and that in future the cost of all curbs constructed be assessed against the land abutting same except the cost of curb at street intersections, the cost of which shall be paid out of appropriation for streets for the year in which the work

During the progress of the discussion Ald. Cooper and his colleagues of No. 2 had a wordy dispute, Ald. Jolly and Dreaney disagreeing with him as to the details of certain committee proceedings. Ald Cooper may set the adentification of the second ceedings. Ald. Cooper moved the adop-tion of the report, and Ald. Winnett moved in amendment that the curbs be constructed on the same basis as last year, the city to pay half the cost of cement curbs, and all the cost of wood curbs.

Ald. Cooper then sought to move inamendment to the amendment that the clause be referred back to the commit-

# RHEUMATISM

CAN BE CURED.

THIS IS WHAT THE CURED SAY:

"I was suffering from rheumatism all over my body before I got your Belt and in three months was entirely cured."—William Aldons, 214 Christie Street, Toronto.

"I am glad to say that my rheumatic pains are gone and I have not had a lame back since I put the Belt on."—Joseph Littlejohn, Markdale, Ont.

"The best day's work I ever did was to come to Toronto to see you, as it was a new start in life. I was nearly drawn double with pain, but there is not a trace of it left."—S. Nickerson, Nisgara Falls South, Ont.

"I am pleased to tell you that I am well, and that after giving your Belt a fair trial I am completely cured of Rheumatism."-Henry Hale, 205 Bay Street N., Hamilton.

WRITE FOR BOOK. If you can't call at my office, write for my beautiful book, which describes my method and and upon receipt of your symptoms I will advise you fully whomer my Belt will cure you, and the cost. DR. M. G. MCLAUGHLIN, 120 Yonge Street, Toronto, Ont. 

tee, but could get no seconder. The amendment was lost by 7 to 4, and the clause carried by the same division. THAT TAR MACADAM.

The fifth clause was as follows: That the petition of James Mattinson, et al., against the construction of a bitumin-ous macadam pavement on Talbot street, between Fullarton and Oxford streets, be filed, as same was not received within the time limit fixed by law for ratepayers to petition against the work, and that the bylaw to provide for construction of said pavement be given its final reading at this meeting.

Ald. Cooper refused to move the adoption of the clause; in fact, he tried protection and consideration. He moved to move an amendment before the Beck, Ald. Beattle, Douglass, Green-lees, Winnett, Abram, Campbell, Mc-Mechan, Gerry, Jolly, Dreaney and Cooper, and Acting Clerk, Bell commendation was filed because the tition be granted, and that the bylaw be given one year's hoist. Ald. Gerry inquired what was to be

done with the street, as some pavement must be put down, Greenlees protested against Ald. property owners coming to the countil at a late hour and upsetting the work

of the committee. Ald. McMechan explained that it was through a mistake in dates that the petition was not presented in good

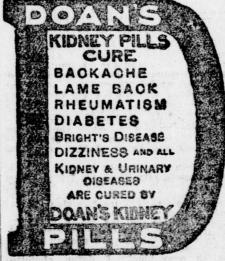

Ald. Jolly moved in further amendment that the third reading of the bylaw be laid over for four weeks, to give the ratepayers time to get up a petition for some other pavement. The last amendment carried and the matter stands till the council's first meeting in April.

DISAPPROVED OF THE BILL. In connection with a recommendation to file the solicitor's letter, inclosing copy c? a bill to amend the municipal act, relating to the laying of wires, under and erecting poles upon public highways by electric and other companies, a letter was read from Col. Leys, M.P.P., in which he informed the council that he had introduced into the legislature a bill to empower municipal councils to grant to individuals or unincorporated companies the right to string wires, to supply electricity and lay pipes to supply steam. As the law now stands, councils can confer such privileges only on incorporated

Ald. Jolly moved in amendment that the clerk write to Col. Leys and express the council's disapproval of this Ald. Jolly did not want to see

Ald. Greenlees pointed out that the bill gave new companies no power except through the action of the municipal council. He moved that the eouncil express its approval of Col. Ald. Greenlees' amendment was lost

by a division of 6 to 4. Ald. Jolly's amendment carried by the same vote. The yeas and nays being called for, the vote was given as follows: Yeas-Beattie, Douglass, Winnett,

MRS. I. STEEVES, Edgett's Land. ing, N.B., writes on Jan. 18, 1901: "In the fall of 1899 I was troubled with a severe pain in the back. I could scarcely get up out of a chair and it gave me great pain to move mittee. The amendment was vot down. The clause was adopted. The clause was adopted. Kidney Pills and was completely cured. I have not been troubled with it since."

FOR CHILDREN-If your little boy or girl comes home from school or play with a sore throat, the first thing to do is to rub the throat and chest with Omega Oil. There isn't a bit of

danger in using it freely, for there is no turpentine or ammonia in it. A whole barrelful of it would not burn or blister the tenderest skin. Children like to have their mothers rub it on them, because it smells so nice and is such a beautiful green color. It is a pure vege-

> ment, which does not evaporate, and you must keep rubbing it in until it is all taken up by the pores. Mothers ought to remember that "a

table oil lini-

stitch in time saves nine," and keep a bottle of Omega Oil in the house all the time. A bottle of it on the shelf is a necessity in every home. It is a protection

Your druggist sells Omega Oil, or can tit for you of any wholesale druggist e Omega Chemical Co., 257 Broad-g, New York, will mail a bottle, pre-

much the same as a lock on your door. You may not need it very often, but when you DO need it, you need it bad.

Abram, Jolly, Dreaney, Cooper-7. Nays-Campbell, Gerry, McMechan, GRAVEL AND WALKS.

The recommendation for acceptance of tenders for supplies were passed without question until the tenders for gravel were reached. Ald. Jolly moved that Cotton & Moore be given the contract for supplying ward two with screened pit and screened river grave at \$2 20, instead of Boss & Alexander' tender at \$2 25. Harsh words passed between Ald. Cooper, Ald. Jolly and Ald. Douglass before the amendment carried by a vote of 8 to 4. Ald. Jolly's amendment that the lowest tenders for each variety of gravel in ward 4 be accepted was also carried.

On the clause recommending acceptance of tenders for construction of cement walks, Ald. Beattie moved that the clause be referred back to committee because the tenders called did not include cost of crossings. Ald. Cooper moved, in further amendment, that the tenders be awarded as follows: At 9½ cents, section 1, W. J. Anthistle; section 2, Forest City; section 3, Silica-Barytic Company; section 4, William Taylor. The amendment was carried by a vote of 6 to 4.

REPAIRS TO THE CITY HALL. On the clause awarding contracts for the repairs to the city hall, Ald. Camp bell moved in amendment that J. Dodd be given the carpenterin masonwork, plastering and painting, instead of Jones Bros., but his amendment was lost. Ald. Jolly pointed out that the pro-

posed work would cost nearly \$500 more than the estimate, Ald. McMechan moved that it be referred back to con estimates of \$87,725 28 were referred No. 1 committee.

It being 11 o'clock when No. 2 com mittee's report was disposed of, Ald. Beattie moved that the time be ex-

tended, which was done. No. 1 committee's report was then taken up. The report passed with one unimportant No more business was taken up and council adjourned at 11:10 p.m.

The fact that most diseases arise from an impure or low condition of the blood is fully proven by Hood's Sarsaparilla.

A bill has been introduced in the Virginia Legislature to appropriate \$50,000 for the erection of a monumen at Fredericksburg to General Hugh Mercer.

THEY DROVE PIMPLES AWAY .- A face covered with pimples is unsightly. It tells of internal irregularities, which should long since have been corrected. The liver and the kidneys are not performing their functions in the healthy way they should, and these pimples are to let you know that the blood protests.
