DRY KILN, DOOR AND SASH FACTORY
CAMPBELLTON, N. B.

BRAYER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.
MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything to reason to give prompt despatch.

UNITED FARMERS. NAME THEIR MAN
Victoria County Bye Election.

The United Farmers of New Brunswick met at Woodstock Sept. 2nd, and nominated T. W. Caldwell as their candidate in the bye election to be held to fill the vacancy in Carleton-Victoria, caused by the resignation of Hon. Mr. Carvell.

The following is the manifesto issued—

Under the heading of Communications, His Worship read a telegram from the C. N. R. authorities at Moncton offering to take electric current from the town for lighting their engine works here, also some electric current for motors at a cents per kilowatt hour, under a five years contract. His Worship stated that the matter was being referred to the matter of the railway and the electric current. He had stated that the railway electric plant here was not now large enough to supply the desired amount, and it was just a question of how to take it from the town or installing a larger plant when the one now here would be moved to Moncton.

So far as current for power purposes was concerned it was not the intention to run the plant exclusively by it. The manager of our electric system who was present was asked what was the lowest rate it would be advisable for the town to supply the current at. He thought the town should not sell it at less than 6c per kilowatt hour, nor should it undertake to supply more than 20 horse power for power purposes. On motion the town clerk was instructed to notify the railway and the electric company that a 6c rate would be given them, and that power for motors would be given them, not exceeding twenty horse power.

A communication was read from Mr. J. R. Hachey in which he stated he was 75 years of age, and had been taxed and had paid a poll tax here for some ten years which he should not have been called upon to do. He asked for a refund covering the amount. Referred to town treasurer to report thereon.

A communication was read from Mr. M. B. Dickson, Secretary of the N. B. Executive enclosing Form of Agreement and Certificate of Incorperation in connection with the Government's Housing Scheme. The communication pointed out that before money would be advanced it would be necessary for the council to appoint some person to whom plans and specifications of proposed buildings should be presented. The appointment of a person would have to be approved of by the Lieut. Governor-in-Council also, before money would be advanced.

The town clerk was instructed to notify all applicants wishing to build this fall to submit their plans and specifications to him not later than the 15th of this month.

A deed from Mr. A. F. Chamberlain to a piece of land with which to extend Duncan street west was presented to the council and ordered to be registered in the Registrars' office at Dalhousie.

The usual departmental accounts were passed and ordered paid.

Councillor McKay from the Assessment and Appeals Committee reported recommending that the request of Mr. Geo. A. Wallace and Mr. Wm. M. Ferguson to be relieved from paying an income tax this year be not granted.

TOWN COUNCIL MEETING TUESDAY
Town Building Plans Submitted.

A meeting of the town council was held Tuesday evening. His Worship Mayor Murray in the Chair, with Councillors Matthews, Dickie, Ingram, Devereau, McKay and Campbell present.

Minutes of previous meeting read and confirmed.

Under the heading of Communications, His Worship read a telegram from the C. N. R. authorities at Moncton offering to take electric current from the town for lighting their engine works here, also some electric current for motors at a cents per kilowatt hour, under a five years contract. His Worship stated that the matter was being referred to the matter of the railway and the electric current. He had stated that the railway electric plant here was not now large enough to supply the desired amount, and it was just a question of how to take it from the town or installing a larger plant when the one now here would be moved to Moncton.

So far as current for power purposes was concerned it was not the intention to run the plant exclusively by it. The manager of our electric system who was present was asked what was the lowest rate it would be advisable for the town to supply the current at. He thought the town should not sell it at less than 6c per kilowatt hour, nor should it undertake to supply more than 20 horse power for power purposes. On motion the town clerk was instructed to notify the railway and the electric company that a 6c rate would be given them, and that power for motors would be given them, not exceeding twenty horse power.

A communication was read from Mr. J. R. Hachey in which he stated he was 75 years of age, and had been taxed and had paid a poll tax here for some ten years which he should not have been called upon to do. He asked for a refund covering the amount. Referred to town treasurer to report thereon.

The appointment of a person would have to be approved of by the Lieut. Governor-in-Council also, before money would be advanced.

The town clerk was instructed to notify all applicants wishing to build this fall to submit their plans and specifications to him not later than the 15th of this month.

A deed from Mr. A. F. Chamberlain to a piece of land with which to extend Duncan street west was presented to the council and ordered to be registered in the Registrars' office at Dalhousie.

The usual departmental accounts were passed and ordered paid.

Councillor McKay from the Assessment and Appeals Committee reported recommending that the request of Mr. Geo. A. Wallace and Mr. Wm. M. Ferguson to be relieved from paying an income tax this year be not granted.

WILL DISCUSS. TOWN BUILDING
Plans of Proposed Fire Station and Combined Buildings Now Ready.

Another meeting of the ratepayers is called for Tuesday evening next to again discuss the matter of erecting a fire station or a combined fire station and town hall.

It is to be hoped that this matter will be decided shortly. The fall is here and as yet no start has been made, and it will require considerable expenditure to put the present quarters in shape for another winter.

So far as the Graphic is concerned we are wedded to no particular scheme, but are anxious that something be done without delay. We need a fire station. That is admitted by the most conservative citizens. At the same time we need new quarters for the police force. The present lockup is a disgrace to any community, which would be condemned in any civilized country, yet we have put up with it because better could not be procured. But now is the time to provide suitable quarters.

If we build a fire station only, the town will in a very short time be called upon to erect a town building. If we need both why not build both when a considerable amount can be saved in the ultimate cost.

The matter of a site seems to be the main obstacle but surely the ratepayers of Ward 11 or any particular ward should not be selfish. There is at present a hose reel situated in the upper end of Ward 11, and another at the lower end of Ward 1. Would it be fair to the large business interests of the entire district between these points to build a fire station at the upper line of Ward 11?

The chief objection to the building of a town building of fire station is that the location of the Town offices should be in the business district, while the fire station should be in the centre of the town. This is a very poor argument as there is hardly a minute more time consumed in reaching any district west of the Subway from a site on Water Street, while all that district east of the Subway can be reached in equal time or in much shorter.

This is a matter of concern to every ratepayer and great interest should be taken in the meeting, and everyone study this matter from the town's best interest standpoint, and leave selfish objects entirely out of it.

Attend the meeting, next Tuesday evening.

A RARE TREAT
Campbellton Citizens Will Have D. Lavoie of Salmon Lake in Hospital Here in Serious Condition.

The Chautauqua which opens here in the Imperial Theatre on Tuesday afternoon, Sept. 23rd gives promise of a rare treat to citizens of Campbellton.

The outline of the programme, which has been received is as follows:—

TUESDAY, SEPT. 23rd.
AFTERNOON—3.00 o'clock—Series Lecture, Chautauqua Superintendent. Concert—McKinnis Operatic Company. The most persistently successful musical company on our staff. They have been with us since 1912, thoroughly satisfying audiences on our summer and winter circuits on both initial and return engagements. Audiences say, "They have one fault. They stop too soon." In the afternoon they will present a full program of popular and classical music, and in the evening the entire second act of the opera, "Martha," in costume. Admission, 50 cents.

EVENING—7.30 o'clock—Opera, "Martha," second act, McKinnis Operatic Company. Lecture, Dr. Andrew Johnson, "Ell and Dennis." Dr. Johnson has the distinction of being the first lecturer to speak from a Chautauqua platform in Australia. His only engagement since his Australian trip has been his just completed season upon one of our summer circuits where he was a big success. His lecture, "Ell and Dennis," is an invigorating as a mental bath. His humor is a sure cure for the blues and his optimism strengthens faith in human nature. He will be at Chautauqua on the first evening. Will you? Admission, 50 cents.

WEDNESDAY, SEPT. 24th.
AFTERNOON—3.00 o'clock—Series Lecture, Chautauqua Superintendent. Musical and Dramatic Entertainment—The Potters. This versatile and gifted couple present a program of great variety. Mr. Potter is a baritone, an impersonator, and pianist. Mrs. Potter is a soprano, a mezzo-soprano, a pianist, and harp guitarist. As entertainers and musicians, they rank with the best. "The Potters in Song and Story" mean a programme rich in melody, humor and dramatic action. Admission, 50 cents.

EVENING—7.30 o'clock—Entertainment—The Potters. Lecture, Dr. Frank Bohn, "Revolutionary Europe." "Bolshevik," "self-determination," "Kolschak," "bourgeois"—these words and many more are little more than a jumble of letters to most of us, and yet they tell of things that are happening across the sea which are changing the course of the world. Dr. Frank Bohn, one of the most brilliant sociologists in America will explain some of these "things" in plain English. Before the United States entered the war Dr. Bohn was in Germany. Then he withdrew to Switzerland, and since then he has been in all of the European countries which are in the throes of revolution. To hear him will be worth the price of a season ticket.

THURSDAY, SEPT. 25th.
AFTERNOON—3.00 o'clock—Series Lecture, Chautauqua Superintendent. Concert, "Daddy Grobecker's Swiss Yollers." "Daddy" Grobecker and his company of freedom-loving Swiss Highlanders will sing their way into our hearts after their first "yodel." They will appear in their native costumes and will sing their native songs, which will transport you to the mountains of Switzerland. "Daddy" Grobecker assembled the original company of Alpine Yollers in this country. He and his companions will give two programmes of popular selections at

ADLY GORED BY FURIOUS BULL
D. Lavoie of Salmon Lake in Hospital Here in Serious Condition.

Tuesday-afternoon train men near Salmon Lake about fifty miles west of Campbellton, noticed a man lying near the railway and upon investigating discovered that he was severely injured. He was tenderly picked up and rushed to the Hotel Dieu Hospital here and medical attendance rendered. It was found that he was D. Lavoie, a prosperous farmer of Salmon Lake, and that he had been probably fatally gored by an angry bull.

Enquiry at the hospital to-day elicits the information that Mr. Lavoie is in a very serious condition and not likely to recover.

SURPRISE VISIT BY INSPECTORS
Two Prohibition Inspectors Here Last Week and Get Convictions.

Two strangers, visited various sections of Restigouche County recently and besides getting evidence against a number of illegal dealers found some "moonshine" whiskey and the owner was fined \$100.00.

At Dalhousie, last week, twelve cases of Wilson's Invalid Port Wine consigned to the Clifford Pharmacy of Dalhousie were seized at the railway station and the Pharmacy refused to admit ownership of the same. At Campbellton fines totalling \$280 were imposed. One man was wound with intoxicating liquor in his possession and was fined \$100.

SENDING PRISONERS AWAY.
More prisoners left Amherst Wednesday from the Detention Camp under escort. The party consisted of Germans and Bulgarians and Austrians. These men are being deported to their homes in Europe. Only a hand of Austrians are left who at an early date will be taken to a camp in Northern Ontario.

Chautauqua. Hear them and forget your troubles. Admission, 50 cents.

EVENING—7.30 o'clock—Concert, Grobecker's Swiss Yollers. Lecture, Stephen A. Haboush, "The Shepherd of the Hills of Galilee." Born on the shores of the Sea of Galilee, Stephen A. Haboush lived for twelve years among the same surroundings as did the boy Jesus. Educated in America, he returned to his native land in 1913 for further investigation, and now comes to you with a lecture and musical program which breathes the very spirit of Palestine. He combines with his lecture a musical programme of unusual character. His rich baritone voice, his varied Oriental costumes and his piping flute music show the audience in the true Oriental atmosphere. Admission, 50 cents.

Information for Chautauquans.

1. Children not holding Junior Chautauqua tickets will be charged the regular adult price for single admissions.
2. Junior Chautauqua sessions will be held each of the three afternoons an hour to be announced.
3. Each Superintendent will announce the subject of the Series Lectures on the opening day.

OAK HALL McRae and McRae

A Scene from "HIS BRIDAL NIGHT". Coming to the Opera House One Night Only THURSDAY, SEPT. 18TH.

Tuneful and catchy music, plentifully "spiced" with comedy that can be appreciated by any one, and situations that are novel and clever, combine to make "His Bridal Night" coming to the Opera House on Thursday Sept. 18th, an attractive offering. While the title may sound a little suggestive and lead one to suspect that the piece may be of the risqué type, in the hands of Margaret Mayo of "Twin Beds" fame, who contributed the book, it simply radiates a wholesomeness that is refreshing. It concerns the doings of a puzzled bridegroom, who is unable to tell which one of the twins is his bride, and who, from the ensuing complications, rightfully gets to imagine himself a Mormon as the situation becomes more complex. The piece is well known to the vaudeville stage and as a song writer, contributor the music.

Take No Risks with Valuable Securities

Your Victory Bonds, deeds, mortgages, insurance policies are too precious to leave where fire or thieves may reach them. Even a strong box or safe in your own home lacks the absolute security given by the Safety Deposit Boxes in this Bank. They may be rented in convenient sizes at a small cost. Call and see them.
