**The New Postoffice**

In another column will be found an ad. calling for tenders for the erection of the new postoffice at Watford. Plans, specifications and forms of contract can be seen at the Watford postoffice and tenders will be received up to Monday, Sept. 14th, the work to be completed within 16 months after the contract is accepted by the Department. The building will be 50 x 36 feet, with tower 12 x 12, 50 feet high on north-west corner, in which will be a clock 4 ft. 6 in with dials on all sides. The main part of the building will stand 12 or 14 feet back from the sidewalk. The first floor will contain vestibules, a spacious public lobby 40 x 12 feet, large work space, toilet rooms, mail receiving rooms, etc. Upstairs will be laid off with large room for customs office, living and dining rooms, bedrooms, bathroom, etc., for use of caretaker. The basement will contain storeroom, boiler and motor for hot water heating, etc. It will take six 100 watt, two 150 watt, fifty 60 watt lamps to light the three flats which will be controlled by 34 switches. A flag pole ornaments the main building. The specifications for the erection require all the material to be of the very best quality. The walls of basement will be concrete, above ground cut stone and brick. The woodwork will be kiln-dried pine or spruce with 2 1/2 inch birch floors. When completed the building will not only be an ornament to the town but a convenience needed for many years.

**BROOKE**

Miss Maude Long and Miss Ora Squire spent the week end with friends in Petrolia. A meeting of the Board of the Brooke Municipal Telephone System will be held in the school house, Kingscourt, on Friday evening, Sept. 4th, at 7:30 o'clock. All members requested to be present.—D. J. McEachern, President; K. J. Lucas, Secretary. Mr. and Mrs. Russell Powell had the misfortune to lose their firstborn, William John, on Monday. The bright little fellow lived just two weeks. The funeral was held Wednesday morning to St. James' church cemetery, Rev. S. P. Irwin taking the service. Mr. and Mrs. Powell have the sympathy of a large number of friends in their trial. A very successful meeting of the Brooke Women's Institute was held on Thursday afternoon, Aug. 20th, at the home of Mrs. Geo. McDonald, ninth concession. The President took the chair and after the

opening exercises, roll call was answered, by "Don'ts for the kitchen." The question of contributing towards the Hospital Ship, which the Canadian women are providing was brought up and discussed. The members of the Institute and the ladies of the surrounding district very heartily responded to the appeal made, as over thirteen dollars was collected and sent in aid of that fund. Miss Kathleen Kingston gave a splendid paper on "Friendship" and Miss Flora Leitch, one on "The value of cheese as a food", both papers were excellent. Miss Kingston gave an instrumental solo, which was highly appreciated, the National Anthem was then sung and the meeting was closed after which refreshments were served by the hostess.

Moved by Mr. Cline, seconded by Mr. Hobbs, that we adjourn to meet on Monday, Sept. 21st, at one o'clock p.m. for general business.—Carried. N. HERBERT, Clerk.

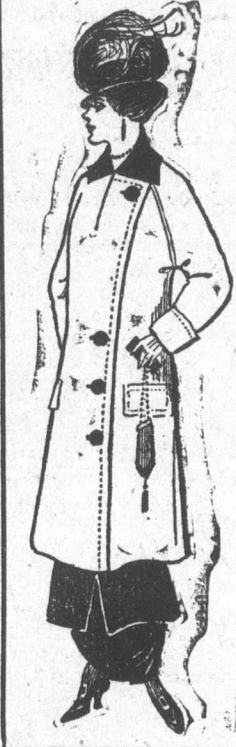

Wallace Sconlar, of Forest, had his leg broken on Tuesday on the 4th con., near the slaughter house, when an auto he was driving turned turtle in the ditch. The other occupants of the car were a son of Mr. Mills, pumpmaker, of Forest, and Mr. Geo. Harrison, of the 4th con. After the accident the injured man was taken to Theford, where the limb was set, and he was taken to Forest on the six train.

The way it is kept makes all the difference between the fruit sold by this store and the kind you see elsewhere.

**Choice fruit must be treated "choicely"**

—both for our sake and yours. Apart from exposing it for sale in an appetizing way—which is really part of our method of selling—we make a point of seeing that every possible care is taken to keep it as clean and fresh as if our whole reputation depended on that alone. Our choice fruit is consequently well named—it is the best you can buy or eat in this town.

**War News In Brief**

The French Commander-in-chief has withdrawn his forces from territory recently occupied and is massing them, along with their British allies in a strong line between Manbeuge on the north, and Namur on the south, a distance of about 200 miles. The allies, having abandoned the offensive, will, according to official announcement, assume a purely defensive attitude, in the hope of checking the advance of the vast masses of German troops endeavoring to break through the line. A combined French and British force is holding the front near Givet along the river Meuse about 30 miles below Namur, while French troops command the roads out of the great forest of Ardennes. Upon the ability of the allies to hold the Germans, the French War Office admits, depends the fate of France. A British official statement announces that the position of the British troops is in every way satisfactory. Announcement is made, however, that the British casualties in the recent fighting numbered 2,000. Field Marshal Sir John French, commander of the British forces on the continent, reports that the withdrawal of his troops to their new position was successfully effected. Earl Kitchener, secretary of state for war, announces that the 100,000 men asked for in the first instance have joined the colors, and declares that the reinforcements to the British army will steadily and surely increase, until there will be a British army in the field which "in numbers will not be less than in quality and not be unworthy of the power and responsibility of the British Empire." Reports from The Hague say that the Germans who have been massed in large numbers along the Dutch frontier have disappeared and that the mobilization of the Dutch army has ceased. Muehlenhausen has again been evacuated by the French.

**In the north the French and British lines have been moved back a short distance, as well as the French right in the region of St. Die. The French troops on the offensive between Nancy and Vosges, are said to be making headway.**

Belgian troops have compelled the fourth German division, advancing southward, to retrace its steps. The fourth Belgian division at Namur has fulfilled its task of arresting the German column and allowing the Belgians to retire on the French line. London reports that Togoland, the German possession on the west coast of Africa, has surrendered unconditionally. The ladies of Wyoming raised \$250 for the hospital ship. Sarnia sent \$1170.00. Many of the farmers around Cotnam turned their ducks in their fields to kill army worms. It was a success but now the effects of the army worms are killing the ducks. Hector Paterson, an aged resident of Point Edward, who resided alone there, was found dead in his bed on Thursday, death evidently being due to apoplexy. He was 72 years old. The barns of Ben Hyatt and James Britney, both on the sixth line of Enniskillen, were destroyed by fire during Tuesday night's storm, together with harvested crops. The loss is partly covered by insurance. Mr. Henry Fawcett, 14th Con., Boston, who was seriously injured a few days ago by a fall from the peak of his barn to the ground, is progressing nicely. An iron rod on which he fell penetrated his abdomen, causing internal injury. John L. McEachern's stable and hay shed, about a mile east of Glencoe in Enniskillen, were burned, with some 25 tons of hay and Edward Haggith's barn, near Newbury, one of the best in that section of country, was burned with all the crops in the fierce electrical storms last week.
