

**RHEUMATIC PAINS
HAVE DISAPPEARED**
As a Result of Treating the Trouble
Through the Blood.

The chief symptom of rheumatism is pain. The most successful treatment is the one that most quickly relieves and banishes the pain. Many rheumatic people suffer pains that could be avoided by building up the blood; when rheumatism is associated with thin blood it cannot be corrected until the blood is built up.

Mr. Ed. Hall, Main-a-Dieu, N. S., suffered from rheumatism for years, but was more fortunate than many victims of the disease for he found a remedy that so built up his entire system that he is now free from rheumatism. Mr. Hall says: "I was taken down with rheumatism, and at times was under the treatment of several of the best doctors in Cape Breton, but they held out no hope for my recovery from the trouble. I was confined to bed for three years and a helpless cripple from the trouble. I could not move, and had to be turned in sheets. My legs, and fingers were drawn out of shape, and sores developed on my body as the result of my long confinement to bed. I was in this serious condition when a friend advised the use of Dr. Williams' Pink Pills and I began taking them. The first benefit I felt from the pills was an improved appetite, and then I began to feel stronger, and was finally able to get out of bed and go about on crutches. I continued taking the pills for months, slowly but surely getting new strength, and finally I was able to lay the crutches aside. I will always be lame, as the result of my long stay in bed my left leg has shortened somewhat, but otherwise I am feeling fine and able to do my work as Fishery Overseer. I may add that when the rheumatism came on I weighed 140 pounds, and when I began going about on crutches I only weighed 67 pounds, and now I am at normal weight. There are many here who know and can vouch for the truth of these statements."

You can get these pills through any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**THE WORLD'S GREATEST
MELODRAMA**

The "Whip" is one of those melodramas which, as presented at the Lyceum, may be expected to enjoy long runs for years to come. Though rich in thrills and surprises, it is not of the blood-curdling, blood-and-thunder kind of play of which there has been too much in the past, and forms a highly satisfactory entertainment. "The Whip" is splendidly filmed, many of the scenes being magnificent. There is an Atlantic steamer approaching New York harbor, a realistic fox-hunting scene, a thrilling race between an automobile and a railway train, the rescue of "The Whip", a noted race-horse, from a daring attempt on his life, and finally the great race which is won by "The Whip" despite the efforts of crooks to maim or kill him. For powerful, gripping scenes, it has never been surpassed. It is a big picture, indeed. In their efforts to produce sensations, the directors made stupendous scenes and introduced stunts that are hair-raising in their daring. The picture appeals strongly to the sport-loving people, for the most equal the thrills. The fox-hunting scenes, the blood horses and the races were enough to make red blood pulse faster. Then, too, there is a love story which struggles through a mesh of villainous entanglements to a happy conclusion. The picture was produced among wonderful settings, and it is enacted by a splendid cast throughout. It is one of those rare photoplays which never made less than a one-week stand and in the larger cities runs for weeks and months. All the characters are splendidly sustained, and taken altogether it is a picture play of the high class. No one should miss "The Whip" which has been filling theatres all over the country.
