freight agent.

On the Canadian Pacific the rates on pine and soft woods may be illustrated as follows: Cache Bay, North Bay, Sturgeon Falls and Warren, to Toronto, toc; Algonia, Cook's Mills, Massey, Spanish River and Whitefash to Toronto, toc; Ottawa to Toronto, toc From Ottawa, Hull, Aylmer and Dutchesne Mills to station on the Lake Erie and Detroit River, Erie and Huron, Toronto, Hamilton and Buffalo, and Michigan Central Railways, the rate is 14½c, per 100 lbs. Regulation apply as to minimum size of carload of 30,000 lbs., and an advanced rate is charged for hardwoods.

MODIFICATION OF HAMDWOOD RATES.

THE Grand Trunk Railway and Canadian Pacific have made the rates on hardwoods from certain points to Toronto and Hamilton as follows. The regulations are over the signature of Mr. John Earls, W.D.F.A., of the G. T. R., and given in reply to a letter from Toronto hardwood men.

"After careful consideration we have come to the conclusion that on and after Jan. 1st, 1803, a modification will be made in the present arrangements for hardwood lumber, to the effect that the rate will be 7½c, per 10c lbs. from our Northern and Northwestern branches to Toronto and Hamilton. This rate, however, will not apply from main line points and the straight run between Toronto, Sarnia and Windsor; also that so far as

rates on common i mber to points like Guelph, Galt, London, Woodstock, Ingersoll, etc., from all lumber shipping stations the rate will be the same on hardwood as on pin-." On the old principle, we suppose, that half the loaf is better than none, hardwood men have something, possibly, to be thankful for, though there is no good reason why the rates generally on hardwood should not be as low as on pine. It is understood that the f. P. R. rate will be made uniform at 75%c. from same points.

#### FOR SALE.
