

The Committee of Arrangements reports as follows: Rates—one in a room \$3.00 and \$4.00 a day. Two in a room \$6.00 and \$7.00 a day.

It is especially requested: 1. That you make requests for reservation as soon as possible, the choice of rooms being given to those who are booked first. 2. That you expressly state whether you expect to remain for the meeting of the American Medical Association. This is important to prevent your rooms being assigned to some one coming to the Association meeting only. For reservations address the proprietor, Henry A. Bango, at the Sturtevant House, New York City."

A PATHOLOGICAL EXHIBIT.

We have been asked to publish the following notice with regard to the Pathological Exhibit of the American Medical Association.

"The Committee on Pathologic Exhibit for the American Medical Association is anxious to secure materials for the coming session at Saratoga, June 10th to 13th, inclusive.

This exhibit was accorded much praise and comment during the sessions at Atlantic City and St. Paul, respectively, where were collected valuable exhibits from all parts of the country. The materials included not only pathologic specimens but the allied fields, bacteriology, haematology, physiology and biology were well represented.

It would also be desirable to secure exhibits of new apparatus, charts, etc., used by teachers of pathology and physiology in Medical Colleges.

This exhibit has already become a permanent feature of the annual sessions of the American Medical Association, and the Committee is desirous of securing its list of exhibits as early as possible, and to this end asks those having desirable materials to communicate with any member of the Committee.

To contribute to the value of the work, it is suggested that as far as possible each contributor select materials illustrative of one classification, and by such specialization enhance the usefulness of the display.

Those lending their materials may feel assured that good care will be given their exhibits while in the hands of the Committee, and due credit will be given in the published reports.

Very respectfully,

F. M. JEFFRIES, 214 E. 34th St., N. Y. City.

W. A. EVANS, 103 State St., Suite 1403, Chicago, Ill.

ROGER G. PERKINS, West. Res. Med. School, Cleveland, O.

Committee on Pathologic Exhibit, American Medical Association."
