F. S. SPENCE, Manager.

#### WHAT EVERY TEMPERANCE MAN WANTS.

No one can overestimate the value of the weekly visit to the domestic circle of a fresh, clean, inspiring journal of progress and reform. That the people of Canada are prepared to appreciate and sustain a paper of this character, we have the strongest proof in the kind reception and support that have been accorded to THE CANADA CITIZEN. From all quarters come encouraging words of endorsement and approval. Our efforts to supply what temperance workers in Canada felt was an absolute necessity to our cause, have been crowned with the most gratifying success; of this, our rapidly increasing subscription list is only one of many evidences, and we now confidently appeal to the public for an extension of this welcome support. We believe our enterprise will commend itself to all who are desirous of aiding us in the determined warfare we are waging against the terrible evils of intemperance.

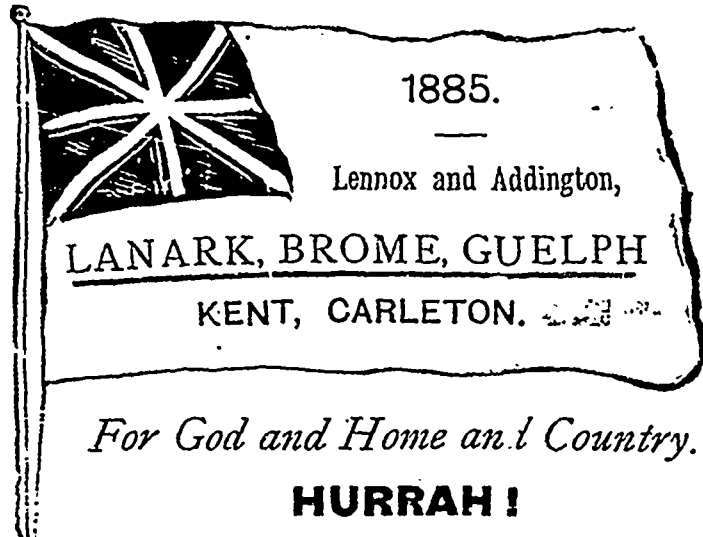

Considering the typography, size, quality of paper, and general mechanical finish of THE CANADA CITIZEN, we believe it to be the cheapest Temperance paper in the world, and we ask the public to judge as to the character and tone of the matter it contains.

We are at a crisis in the Temperance history of Canada, and no person who wants to be abreast of popular opinion on this great question, can afford to be without the journal that gives the fullest information in reference to every phase of the work, and that is the recognized organ and advocate of Temperance and Prohibition.

During the Scott Act campaign our columns will be of special interest, containing comprehensive accounts of what our friends and foes are doing in every part of the country. In addition to this we will furnish our readers both editorially and in carefully selected articles with the fullest and strongest facts and arguments in support of our movement. We will also have departments of the purest and best family literature, including tales, sketches, illustrated biographies of our prominent temperance workers, choice poetry, a casket of literary gems of beauty, worth, and fun, and a summary of the most important items of general news.

As a further inducement to new subscribers we make the following liberal offer:—

The CANADA CITIZEN will be sent to any ten addresses till the end of 1885 for six dollars.

The Grand Council for Ontario, R. T. of T., held a very successful meeting in Toronto last week. We give details in another column.

The *Scott Act Herald* for February is a splendid number, and ought to be widely circulated in every county that is getting ready to vote. For specimen copies, and remarkably low prices for free distribution, write to the office of the CANADA CITIZEN.

The Supreme Court has declared the Dominion License Act *ultra vires* so far as it provides for the issue of saloon, shop and tavern licenses. The licenses therefore, that have been issued by the Dominion Commissioners are utterly valueless, yet the licensees keep on selling and nobody interferes. We would like to know the reason of this.

Another county has been heard from. Haldimand is getting ready for the fight. A convention has been called for Hagersville for the 5th March. There are now, in the Province of Ontario, but four counties and two cities that are not enlisted under the banner of Scott Act agitation. They will soon be in line with the rest.

It is specially requested that all persons who have taken, or who will take, in hand the circulation of petitions against mutilation of the Scott Act, will push the matter through as vigorously and speedily as possible. Petition forms will be forwarded free to the address of any person desiring to participate in the good work. Apply to F. S. Spence, 8 King St. East, Toronto.
