

COMPLETE PUBLICATION OF THE NEW (11TH) EDITION OF THE ENCYCLOPÆDIA BRITANNICA

29 VOLUMES—40,000 ARTICLES—44,000,000 WORDS

\$5.00 FIRST PAYMENT—THE ENTIRE SET OF 29 VOLUMES WILL BE DISPATCHED PROMPTLY ON RECEIPT

The 11th edition of the Encyclopædia Britannica offers a complete exposition of knowledge, a fresh survey of what is known, a full and accurate inventory of essential things—of **everything that can reasonably be expected to interest a member of a civilized community.**

It contains 40,000 articles (by 1,500 contributors), 28,150 pages, 44,000,000 words, and the value of the text is increased by 7,000 line drawings and 450 full page plates as well as 169 plate maps and 400 text maps specially prepared from the most modern sources to accompany the articles which they illustrate. Its contents, besides being arranged alphabetically, are indexed in a separate volume (the 29th) containing 500,000 references.

The 11th edition is unprecedented in

1. **Its simultaneous production as a whole** at a greatly increased outlay (of \$1,500,000) instead of volume by volume over a period of years as heretofore, all 28 volumes of text being thus of practically even date.

2. **Its wholly novel format**—India paper, flexibly bound—whereby a reduction in weight of 8 pounds to 3 pounds and in thickness of $2\frac{3}{4}$ inches to 1 inch was effected without sacrifice of legibility or strength.

3. **Its endorsement by the University of Cambridge**, by whom the copyright of the Encyclopædia Britannica, after passing from one publisher to another during 140 years, is now controlled, and the *imprimatur* of whose press the work now bears.

4. **The price** at which it may be acquired (\$4.50 a volume, 1000 pages, in the cheapest form) is \$3.00 a volume less than the corresponding price (\$7.50 a volume) at which the 9th edition was sold in this country and in England. To the latter figure, however, of \$7.50 (which may be regarded as the normal, the standard, charge) the price of the new edition will eventually be raised.

Among other notable features of its scope and plan may be mentioned (1) the exhaustive bibliographies appended to all the important articles; (2) the inclusion of the biographies of living celebrities of every nation; (3) the numerous short "Dictionary" articles which give to the work the double characteristics of an encyclopædia and a dictionary.

FIRST PAYMENT. \$5.00.

The present low price may the more easily be afforded owing to the institution of serial payments. \$5.00 is all the immediate outlay that is required, and after the 29 volumes have been received, purchase may be completed in monthly payments of the same amount. **The work is, therefore, placed within the reach of all.** Should the subscriber, however, find that it better suits his convenience to complete purchase in a shorter time, he may do so by making 4, 8 or 12 monthly payments, at practically the cash price.

The reduction in weight and bulk effected by the use of India paper has been exemplified by the publishers of the new Encyclopædia Britannica in the preparation of a new prospectus in which the book is described with a fidelity and at a length attainable within a reasonable compass in no other way. In format this prospectus is a replica of the India paper impression, and it has been possible not only to reproduce a large number of extracts from typical articles exactly as they appear in the original work, but to demonstrate in the prospectus itself, which consists of 164 pages of printed matter, together with numerous selected plates, maps, cuts, etc., the convenience and compactness of the India paper Format.
