WM. ROSS, Manager

THE NORTHEY Gas and Gasoline Engine

This engine has been approved and is used by a very large number of Canadian manufacturers, engineers, etc. Its economy in running expenses, ease in management (does not require an experienced engineer), and readiness for use at all hours have made it a favorite with all who have need of an independent or occasionally used power plant. Built in all sizes. Smaller sizes are vertical—especially adapted for house and shop illumination—larger sizes are horizontal.

Send for Illustrated Descriptive Booklet.
