It is only of late years that rheumatism has been treated as a blood disease. But that this is a correct theory is proved by the extraordinary success attending the use of Ayer's Sarsaparilla, in this painful and very prevalent malady. It seldom fails of radical cure.

THERE are Sarsaparillas and Sarsaparillas, but if you are not careful in your purchase, the disease you wish to cure will only be intensified. Be sure you get Ayer's Sarsaparilla and no other. It is compounded from the Honduras root and other highly concentrated alternatives.

THE superiority of Catholic schools was demonstrated recently in a striking manner at Newport, R. I., where a paper offered prizes for the best essays written by grammar school pupils of that city on a given subject, the judges being two well known literary men. A MEDAL of artistic design to be worn during the World's fair period, has been adopted for the Catholic school children of Chicago. It is heart shaped, with small projecting points representing a cross. The finish is gold. Around this figure is inscribed the following: "Catholic Schools, Chicago, 1893."

When the Robins Nest Again.

When Arbor Day again recurs there ought to be an effort on the part of the people not only to plant more trees, but to take proper care of them after they are put in the ground. There is a scientific and bungling way to plant trees, so that if they are not placed in the earth according to careful ways of doing such work they are lost as growths either to produce fruit or furnish shade. In addition to this, care must be taken to select trees for growth which will grow in dimensions to beautify localities where they are put in the ground. With anything like good judgment, practical knowledge of trees and how to arrange them in proper ways for adornment, streets can be made the most delightful promenades. Arbor Day will be an occasion when much of the work necessary to attain this condition can be done. It occurs this year in Manitoba on May 11th.

BLAKE'S ACKNOWLEDGMENT.

The Hon. Edward writes a Letter to Capt. O'Phelan.

The following letter explains itself.

HOUSE OF COMMONS, London, April 7, 1893.

DEAR SIRS,—I have to thank you for your letter of 21st March, enclosing sterling for £23 6 11, being the second instalment of the collections made by the Winnipeg Home Rule association. I have transmitted the draft and your letter to Messrs. Justin McCarthy, M. P., T. Sexton, M. P., and John Dillon, M. P., trustees, with the request that it should be put to the credit of the Irish Parliamentary fund, and that public and personal acknowledgments should be made.

I am sensible of the kindness of my friends and compatriots in Canada in responding to the appeal which has been made, and thus showing in the most practical manner their genuine sympathy with the cause.

We thank you for this and for the good wishes you convey.

Ever faithfully yours, EDWARD BLAKE.

Messrs. P. D. O'Phelan, chairman; Frank McPhillips, treasurer; A. McGillis, secretary, Winnipeg, Man.
