3. Notwithstanding paragraph 2(c), a Party may require the filing of a tariff by:
 - (a) such provider to remedy a practice of that provider that the Party has found in a particular case to be anticompetitive under its law; or
 - (b) a monopoly to which Article 1305 applies.

Article 1304: Standards-Related Measures

1. Further to Article 904(4) (Unnecessary Obstacles), each Party shall ensure that its standards-related measures relating to the attachment of terminal or other equipment to the public telecommunications transport networks, including such measures relating to the use of testing and measuring equipment for conformity assessment procedures, are adopted or maintained only to the extent necessary to:

- (a) prevent technical damage to public telecommunications transport networks;
- (b) prevent technical interference with, or degradation of, public telecommunications transport services;
- (c) prevent electromagnetic interference, and ensure compatibility, with other uses of the electromagnetic spectrum;
- (d) prevent billing equipment malfunction; or
- (e) ensure users' safety and access to public telecommunications transport networks or services.

2. A Party may require approval for the attachment to the public telecommunications transport network of terminal or other equipment that is not authorized, provided that the criteria for such approval are consistent with paragraph 1.

3. Each Party shall ensure that the network termination points for its public telecommunications transport networks are defined on a reasonable and transparent basis.

4. A Party shall not require separate authorization for equipment that is connected on the customer's side of authorized equipment that serves as a protective device fulfilling the criteria of paragraph 1.
