FISHERIES

REQUEST FOR STATEMENT ON MANAGEMENT OF MARINE RESOURCES—MOTION UNDER S.O. 43

Mr. Jack Marshall (Humber-St. George's-St. Barbe): Mr. Speaker, I wish to move a motion under the provisions of Standing Order 43 on a matter of urgent and pressing necessity. The declaration by Canada of a 200-mile fishing limit prompts attention to the provision of surveillance, patrol and rescue capability along Canada's vast coastline. I therefore move, seconded by the hon. member for Hamilton West (Mr. Alexander):

That this House orders that the government make a statement on motions outlining its plans to carry out management of our marine resources and that the matter be referred to a special committee comprising External Affairs, National Defence, Environment and Fisheries, and Transportation and Communications.

Mr. Speaker: Order, please. Standing Order 43 requires the unanimous consent of the House before the presentation of such a motion. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

AGRICULTURE

REQUEST FOR REPORT ON MEETING WITH MILK PRODUCERS—MOTION UNDER S.O. 43

Mr. Léonel Beaudoin (Richmond): Mr. Speaker, pursuant to Standing Order 43, I ask for the unanimous consent of the House to present a motion of pressing and urgent necessity.

Since the President of the Privy Council indicated Friday last during the oral question period that a meeting would take place today between the executive of the Quebec APU and some cabinet members in connection with the important matter of the Quebec dairy industry; since this problem is worsening every day and could provoke very serious consequences; and since it is urgent to clarify the situation and take the necessary steps, I move, seconded by the hon. member for Roberval (Mr. Gauthier):

That this House request the Minister of Agriculture to make public today, through a statement in this House, the results and the content of special discussions that have taken place, so that members may know where the matter stands.

Mr. Speaker: Order, please. The House has heard the hon. member's motion. Under the provisions of Standing Order 43, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Yes.

Student Employment

Some hon. Members: No.

Mr. Speaker: There not being unanimous consent, the motion may not be put.

REQUEST FOR SIX MONTHS SUSPENSION OF APPLICATION OF NEW DAIRY POLICY—MOTION UNDER S.O. 43

Mr. Roch La Salle (Joliette): Mr. Speaker, pursuant to the provisions of Standing Order 43, I request the unanimous consent of the House to move a motion.

Considering the uncertain situation of industrial milk producers; considering that the decisions made last April by the Canadian Dairy Commission will force hundreds of producers to withdraw from the dairy industry and that in these circumstances many of them are already forced into bankruptcy, I move, seconded by the hon. member for Saint-Hyacinthe (Mr. Wagner):

The unanimous consent of the House to ask the minister responsible to suspend, for a period of six months, the application of the new dairy policy announced last April, so as to give these producers time to reorganize their farms according to the new government measures.

Mr. Speaker: The House has heard the motion of the hon. member. Pursuant to the provisions of Standing Order 43, this motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Yes.

Some hon. Members: No.

Mr. Speaker: There is not unanimous consent; therefore, the motion cannot be put.

MANPOWER

PROPOSED INTRODUCTION OF PROGRAM TO PROVIDE SUMMER EMPLOYMENT FOR STUDENTS—MOTION UNDER S.O. 43

Mr. John Rodriguez (Nickel Belt): Mr. Speaker, I rise to ask the unanimous consent of the House under Standing Order 43 to deal with a matter of urgent and pressing necessity. In view of the fact that the government has eliminated its Opportunities for Youth program and by so doing has eliminated almost 30,000 jobs, or two thirds of its student summer employment and activities program, and in view of the fact that this loss of jobs, coupled with cutbacks in private spending, will cause severe summer unemployment among young people and students—for example, in the Maritimes the loss of 7,000 OFY jobs, coupled with cutbacks in steel, transportation and merchandising industries, will mean student unemployment in excess of 25 per cent this summer—and in view of the fact that recent unemployment figures show not so much that more people are finding work but that more people, especially in the 18 to 24 age group, are being driven out of the labour market by the lack of employment, I move, seconded by the hon. member for Winnipeg North Centre (Mr. Knowles):

That the government immediately bring in an emergency summer employment program to be functioning within two weeks and adminis-
