

S.O. 43

in place 30 years ago, and that a full public inquiry be ordered to examine the clear federal interests in connection with the Kemano II proposal.

Madam Speaker: Such a motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

MULTICULTURALISM

CONGRATULATIONS TO CHIN RADIO, TORONTO—MOTION UNDER S.O. 43

Mr. Jesse P. Flis (Parkdale-High Park): Madam Speaker, I seek the attention of all hon. members of this House on a matter of urgent and pressing necessity, under the terms of Standing Order 43.

Taking into account that this weekend marked the fourteenth year of multilingual broadcasts by CHIN radio in metropolitan Toronto, which broadcasts in 32 different languages—the same languages that one hears in my riding of Parkdale-High Park—I move, seconded by the hon. member for Broadview-Greenwood (Mr. Rae):

That this House congratulate and support the efforts of CHIN radio, a truly multicultural institution, for helping to preserve the heritage of minority groups in Canada.

Madam Speaker: Such a motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

TRANSPORT

EMERGENCY PROCEDURE GUIDELINES ON CARRIAGE OF DANGEROUS PRODUCTS—MOTION UNDER S.O. 43

Mr. Bill Yurko (Edmonton East): Madam Speaker, I rise, under the provisions of Standing Order 43, on a matter of importance to the citizens of the city of Edmonton.

In view of the fact that there is considerable concern in the industrial and residential areas of southeast Edmonton, which is a highly developed petrochemical transportation and storage centre, that an accident equivalent to, if not worse than, the recent accident in Mississauga may occur in the future, I move, seconded by the hon. member for Edmonton-Strathcona (Mr. Kilgour):

That the Minister of Transport table in this House a policy statement of his department's responsibility regarding emergency procedure guidelines designed to deal with pipeline explosions, tanker car derailments, tanker truck accidents and refinery explosions and fires, to name a few.

Madam Speaker: Such a motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

FEDERAL-PROVINCIAL RELATIONS

ALLEGED DETERIORATION IN FEDERAL-PROVINCIAL-TERRITORIAL BUSINESS—MOTION UNDER S.O. 43

Mr. Dave Nickerson (Western Arctic): Madam Speaker, I feel almost guilty in bringing this matter to the attention of the House after the motion which was introduced by the hon. member for Nepean-Carleton (Mr. Baker). However, we cannot let them get away with everything.

Under the provisions of Standing Order 43, and in view of the fact that the antagonistic approach of the present government, especially toward the western provinces and the territories, is making it very difficult for normal federal-provincial-territorial business to be transacted at the official level, I move, seconded by the hon. member for Bow River (Mr. Taylor):

That the Prime Minister be requested to call to heel his baying hound dogs, the ministers of Justice, Finance, and Health and Welfare so that sweetness and light can once again rule federal-provincial affairs just as they did in those enlightened days between June and December, 1979.

Madam Speaker: Such a motion requires the unanimous consent of the House. Is there unanimous consent?

Some hon. Members: Agreed.

Some hon. Members: No.

FISHERIES

PROTECTION OF FISH HABITAT IN COWICHAN ESTUARY—MOTION UNDER S.O. 43

Mr. Jim Manly (Cowichan-Malahat-The Islands): Madam Speaker, under the provisions of Standing Order 43, I rise on a matter of urgent and pressing necessity.

In view of the fact that two years ago the Department of Fisheries and Oceans participated in the task force on the Cowichan estuary convened by the province of British Columbia, in view of the fact that, in spite of repeated promises, the report of the task force has not been released, and in view of the threat that proposed industrial expansion poses to fish habitat in the Cowichan estuary, I move, seconded by the hon. member for Nanaimo-Alberni (Mr. Miller):

That the Department of Fisheries and Oceans table its submission to the Cowichan estuary task force, and take immediate steps to assure the people of British Columbia that it will protect the Cowichan estuary and its potential as fish habitat.
