The Company desire to call special attention to "the Industrial Branch," which enables persons of limited means to provide protection to their families in case of death, insuring for amounts from \$100 to \$500. Payable in 24 hours after death.

The Tontine system, or the deferred payment of profits and accumulations, has been introduced by the Company, and is meeting with the approval of the public. It is an investment as well as a protection.

Policies issued by this Company are incontestable after three years from any unintentional error, mistake or omission in the application.

Every information will be cheerfully furnished on application to any Agent of the Company.
