Particulars

We have been successful in securing another high class sub-division on the "Hill"—the finest, highest class and healthiest exclusive residential district in or around Toronto, which will make you money by investing now.

The panoramic view from this property is magnificent; it overlooks Upper Canada College, the whole of the central portion of the city, and on clear days the Island and Lake can be seen.

Part of the property is beautifully wooded, and those who would like to have a home with park-like surroundings can obtain the choice of the wooded part of COLLEGE HEIGHTS in as large lots as they wish, the minimum frontage allowable in the wooded portion being 50 feet.

The Southernly section of the property overlooks the beautiful ravine which it is intended to make part of the boulevard and driveway scheme around the city—according to the Park Commissioner's plans.

The land is high and dry and has a natural drainage.

The air is dry and clear and without doubt the purest and freshest in or around Toronto.

Old Man Robbed.

John Briston, an old man employed as city watchman on St. Clair-avenue, charged Thos. Bailey and William Barry with assaulting him and robbing him of \$15 early yesterday morning. In police court yesterday morning both men denied being out of their houses at the time when the assault occurred. There was a doubt in the magistrate's mind which helped some and both were discharged.
