## FIGHT INCREASE IN RATES OF A.O.U.W.

Continued From Page 1.

According to the meeting the old members, those who have been connected with the order for twenty or more years, would be required to pay a rate double or treble the one they are paying now, and this would be unreasonable on account of their advanced age. The order has a decreased earning capacity. In attendance old men were in the majority.

"We need money to fight this thing in the courts," said J. M. Struthers of Guelph, whose speech against the grand lodge was particularly warm. "I am sure I have been paying the expenses myself, but if I were a millionaire I would spend every dollar to protect the old members against the grand lodge's unreasonable, unfair and unjust action. It makes my blood boil. The grand lodge has never been amenable to reason. It has got to upset their action. Guelph started this campaign; we want your co-operation." (Cheers.)

"I will cost the grand lodge about \$10,000 to fight us," he continued. "They must use their own money, not yours and mine. I have received letters expressing the desire to assist us from all over the province." Mr. Struthers said that he believed that publicity to the present fight would hurt the order. But he thought that the increased rates would put the order out of business in two years. He advocated a flat rate of one dollar a month, and then the members would be willing to pay extra assessments. "I see the intention of the grand lodge to wreck the order," he opined. "Any man under 45 years would be a fool to join the order under present conditions. What encouragement, what inducement, is there? In years to come he would be treated in the same way the older members to-day are treated." He said that under the representation of religion and fraternity the grand lodge was taking the money and then wanted to kick them out by increasing the rate, a rate they could not pay.

At this point a man rushed up to the platform and flashed a five dollar bill. This was a start of a campaign for funds. Very little money was collected, it being expected that the members would send funds by mail.

The Right Thing. Detective Bloodworth was one of the opposition. He took the stand that the grand lodge was doing the right thing in order to pay running expenses etc. "You people are violating the constitution by holding this indignation meeting. You did not take into consideration that you are also breaking your oath by giving away the secrets of the order at a public meeting." But Mr. Bloodworth was booed and calced unmercifully. About four men leaped upon the platform and all tried to speak together, the result being general disorder, which lasted several minutes.

Shortly after the meeting broke up and the committee appointed to call upon the members of the grand lodge, a session. The members of the committee which will represent the dissenters are: Rev. Shaw (chairman), P. M. Patterson, H. Carr, R. W. Hicks, James Hart and G. S. Macdonald.

## THE WEATHER

OBSERVATORY, TORONTO, AUG. 14.

(8 p.m.)—A shallow depression centered to-night over the Gulf of St. Lawrence, while a pronounced area of high pressure is approaching the great lakes from the northwest. Showers have occurred to-day in the lower St. Lawrence Valley, but elsewhere in the Dominion the weather has been fair, it has been warm from Ontario eastward, but comparatively cool in Manitoba.

Minimum and maximum temperatures: Victoria, 50-58; Vancouver, 54-74; Kamloops, 50-58; Calgary, 42-52; Edmonton, 42-78; Battleford, 54-72; Prince Albert, 52-66; Moose Jaw, 48-78; Winnipeg, 48-64; Port Arthur, 46-60; Parry Sound, 62-78; London, 66-83; Toronto, 66-84; Kingston, 64-86; Ottawa, 62-78; Montreal, 66-80; Quebec, 60-78; St. John, 66-80; Halifax, 58-82.

Lakes and Georgian Bay, Ottawa and Upper and Lower St. Lawrence—Northwesterly winds fine and a little cooler.

## WHEAT CUTTING ALREADY BEGUN

Early Operations at Sanford, Man., Reported — Continuation of Fine Weather Cheers Farmers.

WINNIPEG, Aug. 14.—(Special.)—Harvesting has been general in the Greenridge district for nearly a week, and many farmers have from 75 to 100 acres of wheat cut. The crop in that locality is very fine and an abundant yield is assured. Operations have commenced at Sanford, Manitoba, where a couple of farmers have cut some of their wheat. Several other of the local farmers commenced cutting to-day.

The crops around the district are in splendid condition, having filled out well in the past week, and with a couple of days sunshine the whole crops in the district will be in a condition to cut.

John Knox of Greenridge, Man., shipped to-day from that place to Toronto exhibition a sack of new wheat for exhibition purposes.

The grain, which is red fife, was cut on Aug. 3, and is a very fine sample grading of No. 1 northern. The berry is large and plump and of beautiful color.

## Bourassa, "Man of the Lonely Furrow."

MONTREAL, Aug. 14.—(Special.)—The National party, as far as the parliamentary soldiers are concerned, has been disbanded, only the head, in the person of Henri Bourassa, remaining.

It is an open secret that Mr. Joe Hainville, M.P. for Champlain-Yverchere, and one of Mr. Bourassa's most fervent partisans, broke with the leader several months ago, and Mr. LaMarche, M.P. for Nicolet, told a friend the other day that he had not seen Mr. Bourassa since his return from Europe, so it is most evident that the leader alone remains of the fighting band of a year or two ago.

# City Hospital Should Be For Isolation Purposes

Inadvisable to Have Civic Institution Except for That Work — Open Door Policy Favored by Controllers—Hydro Lights Wanted at Island Wharves—Church Wants Labor Man for Fair Wage Officer—Controller Foster's Picnic To-day.

Should the mayor and aldermen accept the advice offered them, the city will not own a hospital except it be purely for isolation purposes. In regard to doctors following their patients into the wards for treatment, the "open door" policy is favored with the exception of special cases. A new hospital trust will also likely be formed, should the city eventually decide to purchase the present General Hospital buildings.

Controller Church's report of his conferences with J. W. Flavelle, Sir Edmund Osler, Dr. C. K. Clarke and others representing the trustee board of the Toronto General Hospital was presented to the board of control yesterday, and sent on to Dr. Hastings for a full and more comprehensive report.

Mayor Geary wanted the board of control or a committee of members of council to take the matter up and discuss the question of taking over the hospital, but Controller Foster was of the opinion that there might be some other more suitable location.

"If we are going to do anything," said Controller Church, "we ought to do it right away, as the trustees have done so far, and this is just an interim report to the board for recommendation."

## New Proposals.

The following propositions were taken up and discussed by the board, but no definite action was taken, except sending them on to the M.H.O. "That a new trust would have to be formed for taking the hospital over."

"That it would be a purely city trust, appointed by the city council, but free from further control by the council so as to give the board a free hand to properly administer the trust."

"That the offer of the purchase should come from the city."

"That Mr. Forman should make a survey and valuation of the entire property and the old board would give him every assistance."

"That Dr. Hastings report on the subject of control and administration of an open door policy being offered for all doctors with proper rules and regulations for a staff for major operations and specialists' work and safeguards."

"That the question of acquiring a leasehold instead of 'purchase' be considered and reported on by Dr. Hastings and Mr. Forman."

"That a meeting of citizens and fraternal associations be convened for the purpose of considering the subject of 'control and management' and the future of the hospital."

"That it is inadvisable to have an open door policy being offered for isolation purposes."

"That the present hospital trust would vacate the Gerrard-street property about Jan. 1 next."

"That a proposal for the taking over of the property be prepared and dealt with by council at an early day with a view to the necessary bylaw rent to the people next Jan. 1, and validated by an act of the legislature next session."

In response to an appeal from island residents, Controller Foster wanted the park commissioner authorized to place suitable electric lights on the docks at Centre Island and Ward's Island, and that the necessary funds to cover the cost of installation be furnished.

"The lights now in existence were placed in their position 40 years ago," declared the controller. "The hydro-electric lines come within 10 or 15 feet, and I cannot understand why the harbor commission has not seen fit to approach the system with a view to a betterment of the lighting facilities."

"They tell me that they have no money, but they can afford motors, launches and to entertain guests, but have nothing for the residents who have to foot the bill. It seems ridiculous that a man should be furnished with a gasoline launch, in which he has to go his rounds, turning out the lights at given hour when the lights could be turned off by a switch, besides it is costing us \$18 a week salary for this man."

Ald. Maguire carried a like complaint from residents at Hanlan's Point and Sandbar. He stated that it was a source of considerable unpleasantness for residents to have to grope their way home in the dark.

"I think this matter should be taken up forthwith," stated the mayor, and the board's recommendation was to go to Parks Commissioner Chambers, and in the meantime the work will be carried through with all possible speed.

The board of control received a letter from George Faulkner, recommending that the Mimico Industrial School be used as a detention hospital, as it is understood that the Ontario Government contemplates removing the school to some other locality.

Controller McCarthy questioned the reports that he was responsible for obtaining the options on the property for hospital purposes. His actions could be turned off by a switch, besides it is costing us \$18 a week salary for this man."

"I couldn't we do something with our \$30,000 lot on Bathurst-st? That would be a better place," said the mayor.

"The best place of all is the industrial farm," said Controller Foster. "It is so far away, but in the mayor."

"The Canadian Northern are giving a 15-minute service," declared Controller Foster.

Controller McCarthy: "Anybody who is mentally ill is not a criminal and should not be put in jail, or on an industrial farm; the idea is to disassociate them from these."

Controller Church said that he wanted an out-and-out labor man appointed as fair wage officer for the city at the board of control meeting yesterday.

Controller McCarthy suggested that the matter be left until the charity commission submit its report, or that the department which deals with civic contracts look after the appointment.

"I want an out-and-out labor man appointed to this position—a man who

is a specialist in such matters," said Controller Church.

"I am in favor of that, too, providing he is not biased and able to give a just decision on a matter that may come before him," said the mayor.

"I can see no reason why a man cannot be appointed to the position right now, and I hereby move that I would move that John Winnett get the job," said Controller Church.

"If you are going to submit names, I would move that John Winnett get the job," said the mayor.

Controller Church rescinded his motion and submitted one that the present bylaw, making Mr. Johnston re-take pipe, which is a further bylaw be recommended appointing a fair wage officer, and making the office a separate department of the city, to submit to the rulings of the board of control.

## Apartment House.

Ald. McBride has taken an interest in this apartment house and has had the sympathy of the council right thru in his attitude," said the mayor to R. H. Greer, K.C., who asked the board of control to discharge its embargo on the actions of Assistant City Architect Price in refusing to allow him to issue a second permit for alterations to the house under construction at Harbord and Palmerston-boulevard.

It was the suggestion that the matter be left to Mr. Greer and the city architect, but finally the matter was referred to council for recommendation.

Intake Pipe Three 166 feet lengths and one 100 feet long must be laid to complete the intake pipe, which it is expected, will be accomplished by the first week in September.

The divers have excavated the bed for the work of the intake mouth, which will be put down on Saturday. Sheet piling has been driven each side of the pipe a distance of 200 feet; this leaves about 20 feet more to be done. The new pildriver is now almost ready for use.

## Church Resents It.

Controller Church resents the fact that the present state of affairs with regard to the appointment of a city counsel has been put down to him.

"I never received a postcard or telegram from the mayor or City Treasurer Coady all the time they were away. When the matter came up, I said he was the mayor stating the position of affairs, pointing out that nobody had been appointed, and that the council were not likely to make an appointment until he returned."

Controller Church thinks that the mayor would be a candidate for the position, should it become vacant. So far as City Solicitor Johnston is concerned, the matter is closed until Friday.

## School Accommodation.

Fifty-nine extra class rooms will be available in the Toronto schools by the beginning of September, at which time the new supply warehouse at Lansdowne School and the workshop and garage at Jesse Keichum School grounds will also be completed.

The rooms that will be ready for occupancy are: Earl Grey, R. Brant, St. Andrew, St. Hughes, St. Basil, St. Roden, St. Brown, St. McMurdoch, Earlscourt, St. Fern, St. Lansdowne, St. Weston, St. New furniture is costing about \$15,000.

The portable buildings at Earlscourt and Fern-avenue are to be removed to Strathcona and St. Clair. A new portable building will be ready for occupancy by the end of the month.

Extensive renovations have been carried out at Ogden, Queen Alexandra, Leslie, Brockton, Frankland, Bolton, and McCaul Schools.

Improvements have been made to the school grounds at Humberstone Collegiate, Annette, Harbord, Collegiate, Earl Grey, Brown, Kent, Winchester, Sackville, Ryerson, Brock, Church, Pyne, Bousfield, and Hildcrest.

Enlargements have been made to Manning, Pape, and Perth-avenue Schools. At the former, a separate building for manual training and domestic science is under construction.

Construction work on the Duke of Connaught and Clinton-street schools is going on apace, and the Hughes School is practically completed.

Better Ways. When asked what he thought of the Montreal alderman's proposition to take up the question of obtaining legislation, the mayor said: "If we have an emergency requiring the raising of money at home, I know of several ways of meeting the situation that are better than the Montreal alderman's way. But there is no such emergency."

Space in Demand. With 163 more applications for space for manufacturers at the Canadian National Exhibition than came in 1911, the management are having their troubles trying to satisfy everybody. It has been found necessary to double up on some spaces to accommodate some of the larger firms, while others will have to wait yet another year before they can add this means of showing the public the excellence of their manufactures.

Entries Close To-day. All entries close to-day, August 15, and there are rush days at the exhibition office. Exhibitors are largely human and refuse to do to-day what they can put off till to-morrow. Consequently the great majority of entries come in the last few days.

## Foster's Picnic.

Controller Foster's annual picnic for the children of the city will be held to-day at Centre Island Park. Arrangements have been made for cars to convey children to and from Bay and Front-streets, and they will be operated from their terminal points.

Christie and Dupont-streets cars, to carry 50 children. To run via Bathurst to Front to Bay-street.

Dovercourt and Van Horne-streets, 60 children. To run via Dovercourt, Kingston, Dundas, Queen and York to Bay and Front-streets.

Lansdowne and Royce-avenue, 600 children. South on Lansdowne to Dundas, and from Dundas to Bathurst and south to Front to Bay-street.

Keeler-street, 600 children. Via Dundas, Bathurst and Front to Bay-street. Rhodes-avenue, 600 children. From Kingston-road via King and Church to Front and Bay-streets.

Danforth and Broadview, 600 children. Via Broadview, Gerrard, Parliament, Queen and Yonge to Bay-street.

Niagara-street, 600 children. Via Yonge to Front and Bay-streets.

Yonge-street, C. P. R. crossing, 200 children. Via Yonge to Front and Bay-streets. All cars to leave the respective terminals at above at 1 p.m. sharp. On the return, children will be massed in contingents for their respective districts and the cars will be brought to Bay and Front-streets as soon as these contingents are marshaled together and all the children are on hand. The supervisors will carry banners designating the district to which they belong and all children must be gathered under their respective banners to return at 7.30 p.m.

# GOOD PROGRESS IS MADE BY TEMPLARS

Grand Registrar Reported at Convention Yesterday That Membership is Now 6696, an Increase of 650 in a Year—The Delegates Welcomed by Mayor Geary.

The delegates to the Sovereign Great Priory of Canada, Knights Templar, devoted yesterday to the address of welcome on behalf of the City of Toronto, delivered by Mayor Geary, and the nomination of officers, followed by a motor car tour around the city in the afternoon and a moonlight last night.

Marked progress has been made by the order during the year. There are fifty-seven preceptories on the grand register, with a total membership of 6696, an increase of 650 for the past year.

During the morning session, which was held in the Temple Building and attended by about three hundred knights, the rank of past grand master was conferred upon Rt. E. Sir Knight Isaac H. Stearns of Montreal as a recognition of a period of faithful service extending over fifty years.

The elections by acclamation were: Sovereign grand master, M. E. Sir Knight W. P. Rye, Toronto; deputy grand master, R. E. Sir Knight P. D. Gordon, Montreal; grand chancellor, M. E. Sir Knight William H. Whyte, Montreal; grand treasurer, R. E. Sir Knight Charles F. Mansell, Toronto; grand registrar, R. E. Sir Knight A. F. Hambro, Hamilton; grand marshal, R. E. Sir Knight James W. Hudson, Montreal.

The nominations for other officers were: Grand council, H. C. Montgomery and Robert Clewton, Toronto.

Use Gibson's Toothache Gum—Sold by all druggists. Price 10 Cents. 246

## HIGH SCHOOL BOARD.

Contract Awarded For Excavation in North Toronto.

The high school board met last night at the town hall, North Toronto, under the chairmanship of Mr. Arnold. The business done was the letting of the contract for the excavation work in connection with the new high school on Broadway-avenue. Mr. Simmonds' tender of 25 cents per cubic yard was the lowest and the work was entrusted to him, subject to the approval of Mr. Pape, the architect. The plans will be completed in a few days, when tenders for the building will be called for.

Use Gibson's Toothache Gum—Sold by all druggists. Price 10 Cents. 246

## SUNDAY WORLD PICTURES

Sunday World photographers were successful in getting many good snappy views of the events of the past week. There are eight full pages of these pictures, comprehending many hues of news and sport. To enumerate: A striking photograph of Tommy Church rolling the first ball on the opening of the Dominion Bowling tournament; the swimming race across the bay; live pictures of the lacrosse match between Toronto and Tecumseh; Black Knights of Ireland celebrate Derry Day; convention of Brotherhood of Locomotive Engineers; O. P. Court Aurora, church parade; the polo match; the naming of the new floating dock for Montreal by the wife of the minister of marine; Governor Johnston and Governor Marshall at Sea Girl, N.J.; Teddy Roosevelt's running mate; Great Britain's new rolling champion; great anti-home rule meeting at Blenheim Palace; Berlin-Waterloo bowling tournament; women delegates to the Bull Moose convention; a page of reproductions of famous paintings from the British art museums to be seen at the Canadian National Exhibition; championship of Canada cricket match; King of Spain in England; Toronto Hunt Club polo players; suffragette tactics; St. Andrew's and Riverdale Tennis Clubs; Mr. Balfour leaves England; and a host of others.

## OUR GIFT TO YOU OF THIS \$5 BIBLE

No difference how many Bibles you now have, this one MAKES PLAIN the subjects by pictures printed with the type; so of all others, this is the USEFUL Bible for all PRESENTED by

# THE TORONTO WORLD

In addition to the 600 beautiful text illustrations are full-page plates of the famous Tissot pictures in handsome colors. As Edward W. Bok, editor of The Ladies' Home Journal, says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They engage the eye, but they do more; they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these teaching pictures."

You will enjoy this Bible, whether you belong to church or not, for its "eye-teaching" pictures make it of rare educational value to all.

To-day's Free Bible Certificate will be found on another page

This is what Abraham Lincoln said to the children of the world: "The Bible is complete without two certain books—the Bible and Shakespeare; hardly a quotation is used in literature that is not taken from one of these books."

to its readers, who will ever be grateful for the opportunity offered by this grand educational distribution.
