**"THE BETTER 'OLE"**  
THREE MORE DAYS

You Will Have to Hurry if You Want to Meet Old Bill.

Have you seen "The Better 'Ole" yet? This is the question of the moment in Toronto at present. A few weeks ago it was "Well, what do you think of the war news?"

It was Old Bill, Bert, Alf and their friends who made the war news so interesting to read for us. If you want to understand just why this war was won by Britain and the allies you will have to see the three new drawings of their fighting men, in whom is typified the spirit of the whole British army. In Bill, Bert and Alf we see the courage, the endurance, the devotion to duty of the British soldier, and it won't seem strange that in spite of terrible odds they were able to hold back the German hordes in August, 1918.

There is another reason why every theatre-goer should see this picture. It is entitled "The Better 'Ole" in production, produced by George Pearson. The film is simply animated. It is a production that one would like to have conveyed to us. The story written around "Old Bill" is told with humor and a healthy and characteristic rough pathos. The acting is good, and the film has been planned with uncommon intelligence. It is a production that one would like to have conveyed to us. ## O.T.A. WORKING WELL; PATENT MEDICINE SAFE

"Shall we endorse the Hearst Government?" promises to be the chief divisive issue which will come before the Ontario prohibition convention. Rumors have reached the general executive of the alliance that the technical agreement on the statutes for no decision until a stated period after demobilization may be amended at the next session of the legislature after an agreement has privately been arrived at between Sir William Hearst and Mr. Proudfoot.

A prominent member of the Ontario alliance general executive stated that Sir William Hearst is entitled to very deep gratitude. At the executive committee meeting it was considered what amendments were desirable in the Ontario Act, but the reports showed that the act was working almost perfectly.

"Some of the members raised the question of the reported heavy sales of patent medicines containing a high percentage of alcohol, but the reports showed that the amendments made to the Patent Medicines Act by the Dominion Parliament had removed all danger from that score. Owing to the illness of Rev. Ben H. Spence, general secretary of the Ontario Alliance, the December meeting of the committee has been cancelled, and the arrangements for the provincial prohibition convention deferred until early in the new year.

William Gordon Tough, killed in action in France, leaves an estate valued up for the main of three shares in Anglo-French bonds. His father has entered the will for probate, which leaves all to be divided among six sisters.

Fanny Scners, spinster, leaves \$10,184, of which \$9200 is invested in Toronto real estate. There is no will, so the estate will be divided between three brothers and two sisters.

## SMALL CITY DAILIES HIT HARD.

How the crisis of the increased cost of production can be met was discussed by members of the Small City Dailies of the Canadian Press association at the King Edward yesterday. Unless some means can be devised to increase the revenue to meet the cost of production, it is feared that the papers cannot maintain their present high standard of efficiency.

Among those present were: T. H. Preston, Brantford Examiner; L. H. Dinning, St. Thomas Journal; W. B. Burgoyne, St. Catharines Standard; A. C. Woodward, Chatham News; A. R. Alloway, Stratford Herald; and J. C. Kirkwood, C. P. A.

## Garrick Players Present "A Pair of Spectacles"

Under the direction of R. E. F. Dalton, the Garrick Players presented "A Pair of Spectacles" at Foresters' Hall last night, the play being so well presented that it was deserving of a larger audience than greeted it. Herbert Bright as Benjamin Goldfinch, had the dual character; first as the kindly hearted gentleman who sees good in everyone, then who after changing his glasses loses faith in everyone about him. In both roles Mr. Bright was effective. The part of Uncle Gregory, brother of Goldfinch, who sees everything through dark spectacles, was presented by R. E. F. Dalton, whose imitation of north country dialect helped to make the character very real.

Others in the cast were Gerald Moore, W. Herbert Budd, Hugh Eayrs, H. Williams, H. A. Addington, Crawford and the Misses Davey and Ida Shipides, all of whom were good support. An orchestra and a short address by Miss Wiseman, president of the Business Women's Club, under whose auspices the entertainment was held, rounded out the program. The players gave their services and the proceeds will go to the Red Cross. The performance will be repeated this evening.

## TOO MUCH ANTHRACITE.

Toronto is said to have more than its share of hard coal for this season of the year, and supplies are being held up at the border by the United States Government authorities. Fuel dealers in the city will not admit that there is more coal here now than should be, but state that a great deal of coal has been consigned to Toronto for re-shipment, and that the probabilities are that the notice of re-shipment has not been forwarded to the proper authorities.

Some claim that the railways are really the cause of the restrictions on the import of coal into Canada. In some places these restrictions are said to be virtually an embargo on the coal, and that it is too sacred to be prostituted for the selfish purpose of ensuring votes, or as a camouflage to screen the candidates' unworthiness.

Dr. Hunter will also move that the secretary make a blacklist of slackers, that is, trustees who are irregular in attendance at committee meetings. Dr. Hunter wants this blacklist read before prayers at each meeting of the board in order that the slackers may be called to repentance.

## ALLEGED BREACH OF O.T.A.

Mary Lackoski, 514 West Adelaide street, was arrested yesterday by Plainclothesmen Sullivan and Marshall, charged with a breach of the O.T.A. The liquor had been shipped from Montreal in a trunk, and when the trunk was opened later, was found to contain seven gallons of alcohol.

Fred Ukrainiak, 59 St. Patrick street, was arrested at the Union Station yesterday by Policemen Waterhouse and McMahon, charged with a breach of the O.T.A. When his suitcase was opened it was found to contain over five gallons of alcohol.

## FINAL CLEARANCE OF FARMER'S BANK.

The land comprising Old Lorne Park, which for a short time was owned by the Lake Shore Country Club, afterwards taken over by the defunct Farmer's Bank, is to be sold. The advertisement of tenders by G. T. Clarkson, liquidator of the Farmer's Bank, is the final clearing up of the defunct bank's business.

Two unusual resolutions will be moved at the board of education meeting tonight. Dr. Hunter will propose the disuse of the British flag on trustees' election cards on the ground that it is "too sacred to be prostituted for the selfish purpose of ensuring votes, or as a camouflage to screen the candidates' unworthiness."

Dr. Hunter will also move that the secretary make a blacklist of slackers, that is, trustees who are irregular in attendance at committee meetings. Dr. Hunter wants this blacklist read before prayers at each meeting of the board in order that the slackers may be called to repentance.
