### STR. SEGUIN SEIZED.

Labelled at Buffalo for Claim for Sinking of Schooner.

Buffalo, N. Y., Nov. 21.—(Special.)—The Canadian steamer Seguin was seized yesterday afternoon at Gratiot by United States Deputy Marshal John Hettig of this city, to satisfy a claim for \$25,000 made by the Steamer Steamship Co., whose headquarters are in Cleveland. The vessel is held at Gratiot. It is owned by J. B. Miller of Toronto.

The libellants claim that the Seguin was responsible for the sinking of the schooner L. L. Bell on Nov. 13. The schooner was in town of the steamer Rockefeller when the collision occurred off Port Huron. The Seguin was in a sinking condition when it reached Sarnia, where 400,000 feet of lumber was lighted. The Seguin, after temporary repairs, resumed its journey and reached Tonawanda yesterday.

Fire underwriters from this place will go to the vessel this morning to adjust the cargo. The cargo is valued at \$13,000.

It is claimed that some of the proceedings taken in this case are irregular. It is likely that the matter will finally be settled thru diplomatic channels.

### ROBLIN'S HOPES FADE AWAY NO EXPANSION IS LIKELY

Dispute is Between Ontario and Saskatchewan in Division of Keewatin.

Winnipeg, Nov. 20.—(Special.)—I am bitterly disappointed over the result of our conference with the government at Ottawa on the boundary question," said Premier Roblin this morning.

"There is less prospect for an extension of boundaries to-day than there was when the promise was made two years ago in February. As an evidence of this, Sir Wilfrid expressed his regrets that he could not create a new province out of the unorganized territory, and thus avoid the division or re-arranging, as was pressed at the conference.

"To show the position we are in to-day, I have only to point out that Ontario claims, in fact, demands, that she shall have her boundaries increased so as to take in all the territory east of the 80th meridian, to a point where it annexes the Churchill River and the centre of the river to be followed to Hudson Bay, as the remainder of western boundary, while Saskatchewan demands fulfillment of an alleged promise or understanding by which her boundaries were to be increased so as to take in all the territory north of the Nelson River.

"If you will look at the map you will see the dispute, therefore, is between Ontario and Saskatchewan, nothing being left except a portion of the north end of Lake Winnipeg and a small area south of the Nelson River and west of the 95th meridian.

"I certainly believe we will lose all unless the people of Manitoba unite and stand together as one man, as we did in 1880 when Ottawa undertook to withhold from this province the rights that were guaranteed to us under the constitution. We joined together then, forgetting for the time, out party affiliations, and being united, secured recognition of these rights. If it were necessary then it is a hundredfold more so now.

"The situation is critical, and it is manifestly pending, it will only be by virtue of the action that I have just indicated, and by a declaration by the people of Manitoba, that justice must be done, and that anything else will not be tolerated. The people are greater than governments, and this is the time when the people should speak and decide the power that is vested in them by virtue of responsible government."

### UNION BROKE ALIEN LABOR LAW

Had Man Brought From Chicago Who Proves a Disappointment.

The importation of one man from Chicago has stirred up considerable wrath among the employees of the Lowndes Clothing Manufacturing Company, and as a result all the cutters, trimmers and pressers, aggregating about fifty men, went on strike yesterday.

The shop has been considered reasonably "fair" all along, and the company was even accused of the privilege of hanging its sign in the auditorium of the Labor Temple; but this will have to come down.

A mass meeting of Garment Workers was held last night to acquaint all the trade of the situation.

It appears that the firm had for some time been in need of an extra man, and the union was unable to secure such a man, and told the manager to import one on condition that he would join the union as soon as he came to the city. A man came from Chicago a week ago last Saturday. He was approached by the union to join, which he promised to do on the following Wednesday. On that evening, when reminded of his promise, he became very abusive and told the delegation what they could do with their organization.

The manager took an "open shop" attitude, hence the strike.

### TRY TO MURDER CHIEF.

Police Open Fire on Band With Gatling Gun.

Odesa, Nov. 20.—A desperate attempt was made here to-day by a band said to be composed of social revolutionists to murder the chief commissary of the Odesa police. The band did not desert until the police had opened fire on it with a Maxim gun, killing three men and wounding three more. The others escaped.

Another band, composed of terrorists, to-day seized \$2000 in the office of the Russian Navigation Company, after killing a police official.

Almost Asphyxiated.  
James Nicholson, aged 28, was found in his room at McCue's Hotel, West King-street, yesterday morning, suffering from asphyxiation. He was taken to Grace Hospital, and last night was reported out of danger.

### SEES CHILDREN AND DIES.

John Henning Broke Quarantine and Was Himself Stricken.

Paternal affection resulted yesterday in the death of John T. Henning, manager of the Toronto Bill Posting Company.

Three of his children had been laid up with diphtheria, and the house was quarantined. Unable to remain longer without a glimpse of his loved ones, Mr. Henning on Friday made them a stolen visit. Saturday saw him in the grip of the dread disease, and he was at once removed to the Isolation Hospital, where he died yesterday.

Mr. Henning was one of the best known advertising men in the city. He was for a number of years on The Monetary Times, and later had charge of the display advertisements in the street cars. Recently he became manager of the Toronto Bill Posting Company. The deceased leaves a widow and six children. Mr. Henning was much liked and respected, a genial companion and a good business man. His bereaved widow and family have the sincere sympathy of his many friends.

### SENATOR ATTACKS WAR MINISTRY.

Says French Government is Playing Into Hands of Great Britain, and Asks if Military Convention Has Been Signed.

Paris, Nov. 20.—Senator Gaudin du Villaine created a sensation in the senate to-day by making a vicious attack on the foreign and interior policy of the government.

After expressing regret at the fact that the Catholics had not the courage to reply to their persecutors as the terrorists did in Russia, M. de Villaine charged the government with playing into the hands of Great Britain, and demanded to know whether the report that a military convention had been signed between Great Britain and France as a prelude to the great adventure in which Foreign Minister Pichon and War Minister Picquart had embarked with Premier Clemenceau, was true.

After paying an eloquent tribute to J. M. Courtney, ex-deputy minister of finance, he said Canada's trade increased from 1882 to 1896 less than \$500,000, while it had gone up during the past 10 years over \$311,000,000.

Referring to the tariff question, he said:

"We have labored also to show the western farmer that he must not expect to have things entirely as he would wish them, but he must be prepared to give and take. I think our efforts in this direction have not been in vain, and I think most of the manufacturers of Canada are disposed to recognize that the policy of A MODERATE TARIFF IS, ON THE WHOLE, A BETTER ONE, even from their point of view."

"Now, we are about to ask parliament to join us in the work of tariff revision, also this does not mean that great changes are to be made. We have determined to change the form and substance of our tariff schedules, and while we are doing this we may find it necessary here and there to make changes as regards particular items."

He, however, was not free to make any statements, as tariff changes in Canada can only be decided known from the floor of parliament.

"It is our intention," he stated, "to adhere to our principle of the British preference, as laid down in 1887. We would also have another tariff column which shall contemplate legitimate discrimination between the products of these countries and those to be drawn into the trap which would place him in the position of discrediting the hopes of all Frenchmen. The senate then by the great majority of 213 to 32 votes rejected the interpellation and passed a vote of confidence in the government."

### NO GREAT CHANGES

Continued From Page 1.

room for criticism or fault-finding. Altho the people will not be indifferent to small matters of administration, they will not let them become a cloud to shut out the splendid record of ten years good government under Sir Wilfrid Laurier.

"We invite," he said, "with the fullest confidence, a study of our financial policy."

He declared that he was ready to stand or fall by the government's own record rather than make comparisons. He called it the Great Eastern record of the Liberals, and the ferry boat record of the Conservatives.

"Take the whole period of the 10 years of the present government and the whole 18 years of our predecessors, while they had an average surplus of \$10,000,000, the agricultural interests we have had an average surplus of over \$7,500,000."

Sound Bookkeeping.  
In reply to a claim that the Liberal bookkeeping was defective, the finance minister said it was sound. As for the public debt, Mr. Fielding said it was not to be expected that the affairs of the country can be conducted without some addition to the debt of the country. In 10 years our expenses of that character chargeable to the capital and also for \$97,000,000 of special expenditures, to which he referred, "and at the end of 10 years we find that the net increase of the public debt is \$5,500,000, or an average of about \$550,000 a year, against an average of \$5,500,000 for the period of our predecessors."

A matter of fact, the speaker said, that making allowance for the increase of population, the net debt to-day is several dollars less per head than it was 10 years ago. Our credit, he said, was good before, yet it was better now. To-day our three per cent. are quoted above some British stock. In the meantime we have ourselves issued a 2 1/2 per cent. stock, the price of which is but little below that of British consols of the same rate of interest. This, many industrial friends, what advantage to the country, in view of the fact that we are approaching a time when large sums of old loans will mature, and will have to be renewed.

The minister went on to say that a large expenditure, when it is wise, is true economy. Canada, he declared, was no longer doing business on a back street. Hon. Mr. Fielding then gave figures to prove what he had just said.

After paying an eloquent tribute to J. M. Courtney, ex-deputy minister of finance, he said Canada's trade increased from 1882 to 1896 less than \$500,000, while it had gone up during the past 10 years over \$311,000,000.

### CROSSED SEA WITH MONEY.

Arrested at Liverpool and Will Be Brought Back.

The detective department have received official notification of the arrest in England of Arthur L. C. Ward, proprietor of the American Hotel, Niagara-on-the-Lake, who is charged with the theft of \$3395.60 from Edward Adecock, 32 Mutual-street.

In December last, Adecock was employed as a waiter on the New York Central, and received permanent injuries thru the explosion of a boiler at Albany. A settlement was made with the company for \$7500 and, after spending nearly a year in various hospitals, he turned over what money remained to Ward for safekeeping, fearing that he might not recover.

Hearing that Ward was about to leave for the old country he demanded his money and was told that a cheque for \$500 had been deposited to the credit of Mrs. Fred Lewis, his boarding house mistress. Adecock wasn't satisfied and followed Ward to the station, making the latter pay his fare.

Ward was arrested as he departed from his steamer at Liverpool. He appeared in Bow-street police court, and was remanded for a week. Detective Verney will likely go to England to bring the prisoner back.

### B. C. HOTEL DYNAMITED.

Young Woman Blown Up and Two Italians Injured.

Victoria, B. C., Nov. 20.—(Special.)—The third of a series of unexplainable dynamite outrages within six months in the mining region of this province occurred last night on Monday at Niagara, when unknown miscreants blew up the Canadian Hotel, killing Louise King, aged 18, and three Italian laborers, besides injuring nine others.

Three boxes of dynamite were obtained by breaking into the storehouse of Contractor Tierney.

When the explosion occurred the girl victim was standing only a few feet from her mother. Her body was blown in two, the trunk being left intact. The building was completely demolished by the explosion, which caused a fire, destroying the debris of the hotel.

Monday afternoon a fight occurred between Italian and French laborers, the latter being worsted and threatening to blow up the hotel in which the Italians boarded. During all Monday night there was promiscuous shooting by drunken railway navvies and several travelers narrowly escaped.

### CAPT. BERNIER'S QUEST.

Finds Relics of McClintock in Arctic Journey.

New York, Nov. 20.—Herbert L. Bridgman of Brooklyn, secretary of the Peary Arctic Club, yesterday received from Dundee, Scotland, an account of the work of Capt. Joseph E. Bernier, commanding the Arctic expedition, during the last summer among the Arctic islands over which Canada has lately claimed jurisdiction.

Capt. Bernier sailed from Chateau Bay, Labrador, Aug. 3. On Aug. 25, in sight of Bathurst Island, he was beset by ice. On Aug. 28 he found, on Point Cockburn, the relics and the record of the McClintock, placed there in 1881, which he took on board the ship.

Pushing westward, the Arctic entered Peel Sound Aug. 31, finding it impossible to land as the ice was too thick. The northwest passage, it seems to me, might be easily done with a ship of this kind, provisioned for two years, in case of being nipped."

Landing was made Sept. 2 at Erebus Bay, where Sir John Franklin's monument, in bad condition, was repaired and re-erected.

### City Buys Land.

The government has sold to the city vacant lots at the corner of Queen and Leggar-streets, which were formerly part of the Toronto Asylum grounds. The property has a frontage of 100 feet on the south side of Queen-street and a depth of 125 feet on Leggar. The purchase price was \$7840.

The city may use the land for the erection of a branch library.

### THE NEW FRENCH REMEDY.

THERAPION

This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Rostan, Robert, Volpe, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

**THERAPION No. 1** is a remarkable remedy, often a few doses only removes all discharges, suppurating injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

**THERAPION No. 2** for impurity of blood, erysipelas, spots, blotches, pains and swelling of joints, secondary syphilis, gonorrhea, chlamydia, and all diseases for which it has been too much a fashion to employ mercury, arsenic, etc., to destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

**THERAPION No. 3** for skin eruptions, pimples, acne, etc., and all distressing consequences of disipation, worry, overwork, late hours, excesses, etc. It possesses surprising power in restoring strength and vigor to those suffering from exhausting influences of long residence in hot, unhealthy climates.

**THERAPION** is sold by all chemists and druggists. In order to obtain it, send 2/6 per packet, in sterling, to the proprietor, Messrs. J. & W. T. Thompson, Ltd., 10, Abchurch Lane, London, E.C. 4, who will send it by registered post, free of charge, to any part of the world.

### FEDERATION OF LABOR.

Convention Endorses Gompers' Address on 8-Hour Day.

Minneapolis, Minn., Nov. 20.—Subsided shipping, which involves the enlistment of those employed thereon as members of the naval reserve, was denounced at to-day's session of the American Federation of Labor convention. President Gompers touched extensively on this subject in his annual report.

The stand of the International Typographical Union for an eight-hour day, and that of the textile workers in seeking shorter hours and more wages, was approved, and the "no wage reduction" policy recommended by President Gompers was endorsed.
