

Skin Diseases.

In this short paragraph we want to enforce only a single point. *All skin*

diseases of whatsoever name or nature are caused by IMPURITY OF THE BLOOD. The skin is full of minute blood vessels. These carry the poison which is in the blood to the skin, and such poison produces an outbreak, according to what its special nature may be. Pimples on the face or body, erysipelas, salt rheum, ulcers, sores, boils, carbuncles and every other disease—including tumors and malignant cancers—which show upon the surface of the skin, signify that the blood is laden with the foul and putrid matters which are themselves engendered by indigestion and dyspepsia. Scabs in the hair, sore eyes, running from

the ears, etc., come from the same cause, and can be gotten rid of in the same way, namely, by the use of Seigel's Syrup. The coarsest skin can thus be made soft and fine. Rashes, festers, flesh-worms, liver spots, black-heads, disappear before this blood purifier as a fog before a fresh west wind.

A. J. WHITE & Co.:

Gentlemen: It gives me great pleasure to testify to the fact that Mother Seigel's Syrup has caused a most remarkable change in my condition. For two years I have suffered from a kidney complaint, without finding any relief from any medicine. Now, after having used six bottles of the Syrup, I am entirely well and strong. I rest and sleep with ease and comfort. I believe Seigel's Syrup to be *the best medicine in the world.*

Yours very truly,

SIMON G. AMIRO.
