

DAMAGES FOR FALSE ARREST

Arthur Reesor of Markham Township
Will Have to Pay \$100 to
John Clodd.

THE "DIGGER" CASES ON THURSDAY

True Bills Against Lewis D. Bailey
and Harvey W. Rummens—Cases
in Court of Appeal.

The grand jury of the Criminal Sessions on Tuesday returned true bills against two former conductors employed by the Toronto Railway Company. The men indicted are: Louis D. Bailey, charged with these thefts: April 10, 25 cents; May 20, 15 tickets; June 5, 5 tickets; retaining 148 tickets during the month of June. Harvey W. Rummens, May 6, 8 tickets; May 17, \$2 and 15 tickets; May 24, \$2; June 5, 43 tickets. There are fifteen such cases against as many men, and some of them are charged with more than one offence. They are known as the "digger" cases. The trial of Bailey and Rummens will probably commence tomorrow morning.

Robbery in Barber Shop.
In May last John Brown of Malton, Peel County, came to Toronto with \$300 in his inside pocket. He brought it down to pay for a little village home. He put it all in the bank except \$25, which he kept with him. Some one, whom he can't recall, took him by the arm, told him to come and have a hair-cut. He was escorted to O'Brien's barber shop on Yonge-street, and there he was in the chair another barber, who has not been found since, snatched Brown's roll of bills from his pocket, and, meanwhile, holding the customer, this story was told to a jury in the Criminal Sessions, where it was on trial on Tuesday, charged with stealing \$25 of the hands of Roy George Sunday school and caused him to be detained by County Constable Burns until the case was investigated. Clodd's boots did not correspond with the footprints of the thief, and he was released.

Damages for False Arrest.
A jury in the Civil Assizes awarded John Clodd of Markham Township \$100 damages in his action against Arthur Reesor for alleged defamation of character and false arrest. It was claimed that Reesor had accused Clodd of stealing \$25 of the hands of Roy George Sunday school and caused him to be detained by County Constable Burns until the case was investigated. Clodd's boots did not correspond with the footprints of the thief, and he was released.

Appeal Against Award.

The appeal of the Kingston Heat, Light and Power Company from the judgment of Mr. Justice Laidlaw, upholding the refusal of three arbitrators to allow the company \$80,000 for their franchise, which was taken over, together with their property, by the City of Kingston, was concluded in the Court of Appeal. Judgment was reserved.

Peremptory Lists.

Jury Assizes, peremptory list for Wednesday at 10 a.m.: *Everton v. Thorne*, Western Hospital, G.T.R. v. McGinn. Non-jury Assizes: *Reynolds v. Frichette*, Imperial Bank v. Massie, Land v. Campbell, Butler v. Parkes, Johnston v. Johnston.

HELP FOR FIREMEN'S WIDOWS.

Trustees of Permanent Fund Decide as to Distribution.

The trustees of the Firemen's Permanent Benefit Fund met in the Mayor's office Tuesday afternoon. There were present: His Worship the Mayor, A. E. Ames, H. D. P. Armstrong, Chief John Thompson and Secretary Jarvis. The merits of those desiring to participate in the fund were considered with the following results:

During the year commencing Aug. 8, 1902, the following sums will be disbursed monthly, viz.: Widow of F. G. Russell, \$30 per month; widow of Harry Clarke, \$50 per month; widow of Walter Colford, \$15 per month; the husband of the above perished in the Linder street fire in March last, \$30 per month; the widow of Thomas Deacon, who lost his life at the fires here, \$12 per month.

The City Treasurer was instructed to make payments accordingly. It was also decided to have the City Solicitor draft a form of legislation to provide for the increase of the trustees pursuant to the trust deed, for the ratification of the city's grant and the future administration of the fund.

Several other applications were considered, but were found to be excluded from the benefits under the terms of the trust.

NEW MEN FOR POLICE FORCE.

Commissioners Send Up a Number of Applicants for Examination.

The Board of Police Commissioners, at a meeting held on Tuesday afternoon, examined a number of applicants with a view to bringing the force up to the establishment of 300. These were sent in for preliminary examination: J. H. Cotton, F. Reilly, H. E. Power, C. H. Peacock, W. J. Horan, G. Cook, M. MacIntyre, W. J. O'Rourke, G. C. Ewin, A. Specht, A. Sothorn, E. Koster, H. O. Lattemouille, W. Chappelle and J. F. Marshall.

A number of expressmen petitioned for a higher tariff, particularly for moving furniture. A legal question is involved, and the matter was referred to the City Solicitor. The tariff for automobiles will be treated the same as the two-horse carriages.

President McNaught wrote, thanking the police for their services at the Exhibition grounds. Inspector Hall, who was in charge, was highly spoken of. Contrary to expectations, no promotion was made to fill the vacancy caused by the resignation of Sergt. Vaughan, and the promotion of Patrol Sergt. Watson.

To Those of Sedentary Occupation.—Men who follow sedentary occupations, and who are deprived of fresh air and exercise, and who are prone to indigestion, liver troubles and other ailments, should take Dr. Williams' Pink Pills for Pale People. They are easily taken, and they are surprisingly cheap, considering their efficacy.

Try a cord of our dry pine slabs for summer use. P. Burns & Co., 38 King East. Telephone Main 131.

"Nine-Tenths"

of the world's shopping is done by women—hence the enormous sale of

CEYLON TEA

It manifests its vast superiority over all others in a tea-pot test. Sold only in lead packets. 25c, 30c, 40c, 50c and 60c per lb. Black, Mixed or Green. By all Grocers.

LIVING WALL OF PICKETS.

How the Striking Miners Put it About Idle Collieries.

Mahanoy City, Sept. 23.—Weird in its working and effective in its execution is the new plan adopted by the striking miners to checkmate the attempts of the operators to resume work at the North Mahanoy, and St. Nicholas collieries. In brief, the idea is the shutting out of non-union workmen from these mines by a living wall of strikers.

So complete is the blockade made by thousands of pickets that no one has run it in the last forty hours. Deputies with ready Winchester and finger guns are on the alert. To them the night chafe on the inside of the picket circle, while the men of the Second Troop of Philadelphia City Cavalry gallop restlessly along its outer side.

Death is in the Air.
When the real work of the pickets in the darkest hours of the night begins the situation becomes tense. Moments of wounding and death is in the air at the hands of indignant strikers for the non-unionist who attempts to pass thru the lines, death for the strikers when violence brings rifles and sabres to the rescue.

As the double and sometimes triple line of pickets maintains its nightly vigil, the men keep in touch with each other by the calling out watchwords and by meeting at regular intervals at the ends of prescribed beats. As they move along in total darkness the silence is relieved by the telling of stories or, mayhap, the spirited singing of a few words of the Fair grounds attracting much attention.

Among the Live Stock.

In sheep and hogs the exhibit was only moderately large, but was of exceptional merit. In Durham cattle Messrs. Wilmont, Walker, Giddings, Brown and Phillips were leading exhibitors. But it was in horses that Halton county had the greatest success. In draught, carriage, roadster and blood horses there was an exceptionally good showing. In one-year-old geldings and fillies, in a class of eight, John Easton, A. F. Hillock and M. B. Kline won in the high stepping class the competition.

Events in the Horse Ring.
2.50 trot 1 1
Honest Billy 2 2
John A. 2 2
Time—2:21 1/2, 2:35 and 2:55 1/2.
2.35 class—
Bartley Boy 1 1
Jennie Scott 2 2
Frank McGregor 2 2
Class—
Running race, 3/4 mile—
Rio Hanley 1 1
Glen Carrick 1 1
Time—1:21, 1:24 and 1:28.

The officers of the course were: Starter, Mr. Coffin, Georgetown; Judges, Mr. Wilson, Brampton, and Mr. Burgess, Hamilton; timers, Dr. Craig, Hamilton and John Cole, Brampton.

A field of five and produced excellent sport. The results were: Alfred Rogers, Lady Dunford, Hamilton, 1; Allan Chisholm, Black Diamond, Oakville, 2; Burton Holland, Grey Clod, Toronto, 3.

LIQUOR MEN CALL FOR FUNDS.

Ontario Dealers Will Give \$25,000 to Fight Prohibition.

Secretary E. Dickie of the Ontario Liquor Dealers' Association has issued a circular to the trade, calling for funds with which to put up a fight against the referendum. Toronto hotel-keepers have been assessed for \$100 each to meet the expenses of the campaign, and as there are 214 of them the sum received from this source alone will be \$21,400. Other Ontario cities, according to the assessment, will provide \$3,600, and members elsewhere other than in towns and cities will come up to the extent of \$700, so that the funds immediately available will be in the neighborhood of \$25,000. The first assessment will be in the month of October, and the second on Nov. 5, the amount being payable in two equal instalments. Of course, the sum received from the big brewers and distillers will give, but \$25,000 with the aid of the Ross hand-cap, ought to go a long way towards putting the temperance question out of action on the first of next December.

Improved Service—No Increase in Fare.

The addition of a dining car on evening train from Toronto for New York has not materially improved the service, but the fare remains the same and is no higher than other lines. Ask C.P.T. agents about it.

We have not advanced the price of our tobacco. Amherst smoking tobacco, Bob's, Currency and Fair Play chewing tobacco are the same size and price as the consumer as formerly. We have also extended the time for the redemption of Snoschoke tags to Jan. 1, 1903. The Empire Tobacco Company, Limited.

Grain Standards Board.

Ottawa, Sept. 23.—An Order-in-Council has been passed appointing the Eastern Grain Standards Board. The board is the same as last year. Mr. Matthews of Toronto being chairman.

WOULD LIKE STANLEY PARK

Proposal to Add a Portion of the King-St. Playground to the Cattle Market.

DEALERS ARE NOT SATISFIED

Tenders to Be Asked for Cold Storage Plant for St. Lawrence Market—City Hall Notes.

A proposal to use the lower portion of Stanley Park as an extension to the cattle market was discussed Tuesday afternoon by a sub-committee of the Property Committee, and it did not meet with very much favor. A plan showing that part of Stanley Park south of King-street laid out and an addition to the cattle market was presented by City Commissioner Coatsworth, who recommended it. It would cost \$28,000, and would provide 58 pens. The extension was made it would amply provide for the extension of the market for several years.

Record-Breaking Crowd Witnessed an Exceptionally Fine Display at Oakville.

THREE RINGS FOR THE JUDGING

Quality of Live Stock Good—48th Highlanders' Band in Attendance.

Oakville, Sept. 23.—Perfect weather and a record-breaking crowd gladdened the hearts of the directors of Trafalgar Agricultural Society to-day. A special train was run from Toronto, while the 48th Highlanders Band and a number of citizens came up on the White Star. But it was the agricultural element that constituted the great factor in the success of the Fair. Flags and streamers everywhere fluttered to the breeze, and the town took on a holiday attire. An excellent feature of the show ring, and one which might well be adopted by other societies, was the sub-division of a large ring into three neatly marked areas. In one-year-old geldings and fillies, in a class of eight, John Easton, A. F. Hillock and M. B. Kline won in the high stepping class the competition.

Among the Live Stock.
In sheep and hogs the exhibit was only moderately large, but was of exceptional merit. In Durham cattle Messrs. Wilmont, Walker, Giddings, Brown and Phillips were leading exhibitors. But it was in horses that Halton county had the greatest success. In draught, carriage, roadster and blood horses there was an exceptionally good showing. In one-year-old geldings and fillies, in a class of eight, John Easton, A. F. Hillock and M. B. Kline won in the high stepping class the competition.

Not Enough Office Room.

The new office building at the cattle market was considered. Ald. Dunn said that someone had been negligent, for while 17 offices are now required for the accommodation of the dealers in the market, the new building only has thirteen. He said that someone had been negligent in the building of it had to be torn down and built over again.

Will Take Some Small Room.
As a solution of the problem of providing more offices Ald. Dunn suggested that there was a large space at the front of the building which had been set apart for banks. He thought this space could be turned into two more offices and two banks. To give the necessary accommodation to the cattle dealers it is likely that the building will have to be enlarged.

Cold Storage at the Market.
The St. Lawrence Market Sub-committee of the Property Committee met Tuesday afternoon and discussed cold storage at the market. A telegram from J. D. Ireland, New York, representing a large English cold storage company, asking for a contract for a cold storage plant for the market was not set out in the tender. Mr. McGreggor of the Anglo-Canadian Storage Company put in a tender of \$100 per annum for 21 years for the privilege of operating the cold storage plant. Mr. Dunn, however, of the franchise going to a private concern when the city could just as well operate it, and he was agreed with him. The plant, it was agreed, would be very expensive and the cost of insulating the building would be \$20,000. There was a question as to whether the city could conduct a general cold storage business, but this was disposed of by the City Solicitor, who turned up an amendment to the act which gives the city such power.

How the World Make It Pay.
Mr. McGreggor addressed the committee. He said the plant and insulation would cost \$45,000, and that his company could only make it pay by running it in connection with the trade generally and with their warehouses, which extend from Halifax to Winnipeg.

Ald. Dunn thought a plant could be installed much cheaper than the figures mentioned and tenders will be advertised to the disposal of space and adjustments were arranged. More applications were received for stalls. The parcel and lunch room on the top of the entrance was raised at \$18 a month to Mr. Blong.

A long-distance pay telephone will be installed.

City Hall Notes.
The special committee appointed to confer with the representatives of the Board of Trade with reference to the coal question will meet in the office of the Secretary of the Board of Trade at 4:30 this afternoon to discuss with the Council of the Board of Trade, the possibility of getting an adequate supply of fuel into the city.

Wilson Bros., lessees of the pavilion at Island Park, have applied to the city for a refund a portion of their rent, claiming that owing to the backward season they lost considerable money.

The Mayor has received a report from Engineer Rust in regard to the foul-smelling oil which is taking up so much room in the surfacing of the city and he has forwarded it to the legal department. The Gas Company are blamed.

Building permits issued Tuesday were: S. M. Brown, 4 dwellings, 549 to 555 Euclid-avenue, \$12,000; Toronto General Hospital, additional alterations, \$20,000; W. J. Brown, 2 dwellings, 104 St. Andrew's Church, Jarvis-street, new porch, \$750; W. H. Knowlton, 4 dwellings, Dufferin-street, \$1,000; Green, 2 dwellings, Dagmar-avenue, \$3,000; George Gooderham, alterations 617 East Queen-street, \$1,000; St. John's Church Club building, at Wilfrid-avenue and Sherbourne-street, \$3,000.

Grand Jury Want New Questions.

The grand jury of the Criminal Sessions have written to Judge McDougall complaining of the defective questions of their quarters in the City Hall. His Honor will see the civic authorities and endeavor to have another room assigned to them.
