### WARNING TO Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of engaging our services, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that it is in the interest of their own children and those of others in the community that their children's teeth should receive proper attention. We can give them the attention they require, without affording pain and at very attractive fees. BOSTON DENTAL PARLORS, 577 Main Street. DR. J. D. MAHER, President.

### THE WEATHER

Forecast—Moderate westerly winds, fine and warm. Saturday, moderate winds, southerly movement but mostly fair. Synopsi—A West Indian storm is now moving northward from the Bahamas. ### LATE LOCALS

Humphrey's coffee is irresistible. DIDA at the St. John Exhibition Sept. 1st to 8th. See her. Merchant tailors should see the exhibit of the Hewan wool mills.

C. P. R. S. S. Mahone, arrived at Brisbane, Australia, on Sept. 6. The Atlantic express was twenty-five minutes late today and the Boston express thirty-five minutes.

William McDougall of Hampton was taken to the Public Hospital last night suffering from appendicitis. Follow the crowd to the big sale at the Union Clothing Co. Alex. Corbet manager, pay special attention to the advertisement on page eight, it will interest you and you will be dollars in pocket.

Many jewelers and others, have called at Campbell Bros. to see how XXXX choppers are made and all are convinced that they are surely better made than the regular grade of ordinary brands. Call and see XXX choppers made before leaving the city.

No pair of eyes have the same refraction, and some have a very marked difference. By testing each eye separately this can be verified. D. Boyner, optician, 38 Dock St., makes a correct examination, and gives the correct lens for each eye.

The two special lines of utility wares shown by M. R. A. Ltd. at the exhibition are attracting a lot of interested attention. The sewing machine exhibit catches the fancy of the ladies, and already the whole exhibit has been sold and orders taken for many duplicates. The simplicity and ease of operation of the new machines recommend them to all thinking housewives and seamstresses. For business men and professional men the Globe-Wernicke system of filing and papers is an absorbing show. So are the Globe-Wernicke sectional bookcases.

Macaulay Bros. & Co.'s stores are filled with new goods, new and attractive styles in ready-to-wear costumes, skirts and coats. In this department the Nov-Modi garments are being shown. Messrs. Macaulay Bros. & Co. have the exclusive sale of these celebrated garments for this province. In other departments the selections made by Mr. Brown, of the firm, who has just returned from his European buying trip, will be found completely in every detail, as he made a special point to get the newest London and Paris novelties out early this season. All in want of first class dry goods should call at Macaulay Bros. & Co.'s stores and inspect their stock.

### NEW INDUSTRIES AT PORT WILLIAMS

#### Fruit and Vegetable Evaporator and Vinegar Factory Will Soon be in Operation.

CORNWALLIS, N. S., Sept. 6. — The pear crop will be lamentably small this year and plums will be even more scarce. Already the latter are quoted at four dollars per bushel, whereas last year they sold at one and a quarter dollars per bushel.

Dr. Eugene Eaton, of Madras, India, is visiting his parents, Dr. I. W. and Mrs. Eaton, at Canning. Judge Bishop, of Sicamore, Illinois, is visiting his parents, Mr. and Mrs. Adolph Bishop, of Grand Falls. The large vegetable and fruit evaporator at Port Williams is about completed. The vinegar factory is to be begun at once and will be run in connection with the evaporator. Both of these industries will be of immense value in this fruit growing country and should prove to be great success financially.

### BIG PROGRAMME TONIGHT

The management of the St. Andrew's Rollaway have arranged for another big treat for their patrons tonight. Here is the programme: Up to 9.30 the band will provide music for skaters; at 9.40 the La Rey children will give their exhibition, after their performance there will be two races, the first a half mile between Finley, the eleven year old wonder, and Black of Amherst. Both boys are very fast skaters and a great race will result. The next race will be between Dalton and Merritt, the five mile world's champion. Dalton challenged Merritt for this race and declares he can defeat him. That remains to be seen. Certainly, for one mile, Dalton has few superiors, but Merritt is also very fast, and whichever wins it will be a great race. Any one of the above events is alone worth the price of admission, but there will be no extra charge for the three. Visitors who have never seen real fast roller skating should see these races tonight.

### SCHOONER ASHORE; TOTAL LOSS

CHARLOTTETOWN, P. E. I., Sept. 7. (Special)—Schooner Alma, from Pictou to Charlottetown with coal for her owner, A. Down, was dismantled and driven ashore at Point Prim yesterday. She was a total loss. The crew was saved. The loss is \$600 and no insurance.

### J. M. JOHNSON FOR REPRESENTATIVE

#### Well Known Horseman is Republican Candidate from Calais for the Legislature.

(Calais Times). John M. Johnson is the republican candidate for the legislature from Calais, and he will be elected. Republicans will give Mr. Johnson their full vote because they have confidence in him, they know that he is a man of character; and they know that he will diligently care for the interests of Calais in the legislature at Augusta. They also recognize in him a man who has done very much for this city in many ways, and who is now on the point of doing more.

Besides being a large payer of taxes, Mr. Johnson is interested in industries here that are of immense value to the city. Among them are the Calais Tanning Company and Trimble Bros. & Co. If it were not for Mr. Johnson's kindly disposition and practical assistance the shoe factory near the steel bridge would not be running today. He is a direct partner in this company. The factory is constantly enlarging and branches out. It is now making 400 pairs of boots each day, has nearly 100 hands on its payroll, and places in circulation every week almost \$800 in wages.

For years Mr. Johnson has given Calais people employment in his wool and tanning plant at the lower wharf. Last year in the spring that employment was taken away through the action brought against him by the government. This spring Mr. Johnson very successfully defended himself against the government and won his case. The people of Calais were enthusiastic in their interest and congratulations and met him at the train in numbers on his return from the trial in Bangor.

Before this time Mr. Johnson had bought a noted farm in Massachusetts, the famous Forbes farm. He did this because he is a great horse enthusiast and breeder, and here on the Forbes farm he found the conditions for his stock that suited him. The result, a few people said that he had given up living here in Calais and was to live in Massachusetts. And then he re-opened his tannery on a small scale, and the same few said he was doing it for "a bluff".

This is what the bluff has developed into: He has increased his tannery operations until now, at this time, he is doing double the business he ever did at the tannery before. Last Monday morning, two days ago, Mr. Johnson began pulling wool again, not over people's eyes, but behind sheep and lamb skins at his wool ginning plant. He will within a few months be more largely engaged in this business than he ever was. He has an agent in Maine, and especially in Washington county, L. C. Stackpole, who is to buy all the lamb and sheep skins that are possible to purchase, and ship them to Calais to Mr. Johnson's plant. The payroll at the plant now is over \$300 and the business in the next six months will reach between \$500 and \$600.

### COME AND SEE US

The Times extends a standing invitation to its friends to visit its new premises, Canterbury St., at any time during the Exhibition. There are few manufacturing processes that surpass in interest, the process of manufacturing a modern daily newspaper, and to visitors The Times, as an afternoon paper, has this advantage, that the entire plant may be seen in operation during the daytime. The typesetting machines are in operation from 8 o'clock in the morning, the stereotyping department is busiest between 12.30 and 3, and the big Goss press is in operation from 3 o'clock on. The Times plant in completeness and up-to-dateness is not surpassed in Eastern Canada, and we think you will be interested in seeing it in operation. Come and bring your friends.

### PAID \$2 FOR HIS TEAM

A man named Galbraith, who wanted to attend the Moosepath races yesterday, and not caring to take the train, went to Thos. Hayes' stable on Union street, and procured a horse and carriage, the property of James Smith, who had not consented to the loan. On returning in the evening he was met by the owner, who was anything else but friendly. Galbraith wanted to settle by arbitration, but Smith thought otherwise, and handled him over to the police. Before the station was reached, however, a settlement was arranged, as the matter closed up for a two dollar bill.
