THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, NOVEMBER 3, 1923

GIVE ST. JOHN PREMIER PLACE AS WINTER PORT OF EASTERN CANADA

Montreal Gazette Comments
on This Port and Dry
Dock Opening.

The official opening of the new dry dock by His Excellency the Governor-General at St. John on Monday marked an important advance in the provision of necessary harbor facilities in Canada, says the Montreal Gazette. The immediate glory, it continues, belongs to St. John, and the character of Monday's celebration showed that the people of that port are not indifferent to their happy position in that regard, their pride in the completion of the great undertaking at Courtenay Bay is a just and proper one, and will be shared by those in other parts of the Dominion who appreciate the national importance of so notable a public work. The dock, which is 1,225 feet in length, is said to be the largest of its kind in the world, being capable of accommodating the largest naval or merchant ship afloat. It takes its place with the dry dock already in operation in the St. Lawrence and with that under construction by the Government at Victoria, B. C., all these being of the latest class and, when in commission, fully equal to the requirements of shipping on the three principal steamship routes of the Dominion.

The port of St. John, as mentioned by the Minister of Public Works, has benefited from an expenditure under this one Department aggregating \$18,285,989 since Confederation, and private enterprise has also done much for the improvement of the harbor and the upbuilding of its trade. These efforts and these expenditures, says the Montreal Gazette, have given St. John the premier place as a winter port in eastern Canada, with the result that a large volume of trade has been retained which otherwise must have been lost to the all-Canadian route. The new dry dock will serve to make this route even more attractive and should be, in no small degree, instrumental in the enlargement of Canadian trade.

Getting the Habit.

"I notice that you go to your desk pretty regularly of late," said my twenty man to another.

"Yes," was the reply. "I used to play golf to take my mind off my work, but I got so interested in the game that now I have to work to get my mind off golf."

CHRISTMAS GIFTS FOR SOLDIERS PLEASE

In order to be prepared for the Christmas season when it arrives the New Brunswick Red Cross Society is now sending out to the local branches in the province an appeal for assistance with the Christmas stockings which are given to the soldier patients in hospital each year. The local branches are being asked for their cash donations or filled stockings. When the branches contribute cash the provincial Red Cross hospital committee will purchase the materials and will make and fill the stockings.

In the appeal which is being sent out from the Red Cross depot, it is explained that a little cheer means much to the soldiers in hospital, for it shows them that their sacrifice in giving their strength for the cause of freedom is appreciated. Through the Red Cross each Christmas morning these soldiers on waking have found a bright red stocking containing an orange, candy, nuts, dates, cigarettes, a necktie, socks, a pipe and many little novelties, as well as a personal card of greeting. It is the hope that this Christmas the stockings will be as well filled as they always have been.

The soldiers in the D. S. C. R. hospital come from parts of the province and at the present time there are soldier patients from the Counties of York, Restigouche, Northumberland, Queens, Charlotte, Carleton, Albert, Gloucester, Westmorland, St. John, Kent and Kings under treatment.

BOYS TAKE LEAD.

The boys outnumbered the girls this week in the 28 births recorded, sixteen being boys, and ten girls. Eight marriages were reported for last week.

CHAPEL GROVE HAS A COUNTRY CLUB

Young Men Clear Land and
Will Put Up Building
in the Spring.

A Country Club has been formed at Chapel Grove, which is situated along the northern shore of the Kennebecasis river. The object of the new organization is to provide many popular pastimes for summer residents and weekend visitors and give all an opportunity of thoroughly enjoying their hours of recreation.

Chapel Grove is situated on one of the most picturesque sections of the Kennebecasis and is within a short distance of Sea Dog Cove, Branch Brook, Moss Glen, White Head and White's Mills. As Chapel Grove is centrally located the club building will be erected there and will be known as the "Chapel Grove Country Club." Although lacking either train or steamboat service this district boasts of an exceptionally large list of summer residents and the need of a community centre was frequently in evidence.

An energetic crew of young men have devoted all of their spare time this fall clearing off a section of land and putting in foundations for the new club house, so that an early start erecting the building can be made in the spring. The club building will be 40 x 60 feet having a clear dancing space, without pillars, 30 x 40 feet. There will be a rest and dressing room for ladies and a smoking room for the men. A ten foot verandah will be built on the front and sides of the building. A hedge of young cedars will be placed on either side of the club by James Edwards of Branch Brook, who also will prepare the land in front of the club for a lawn. Other residents are also taking a keen interest in the enterprise as it will make an exceptional fine community building for their socials, meetings etc. The lumber for the house will be cut at Chapel Grove and will in all probability be sawn in Walter Edwards' mill, which is only a short haul from the site.

Those interested in the new club are making a drive during the winter months to raise the necessary funds and they have high hopes that success will attend their efforts. The officers of the club are as follows:—E. S. G. Hansen, president; H. J. McCarthy, vice-president; M. Maxwell, secretary; H. Corcoran, assistant secretary; John Creary, treasurer; S. Aiken, assistant treasurer; J. Russell, chairman of the social committee; L. Ballard, chairman of the finance committee; W. Evans, chairman of the sporting committee; F. O'Connor, chairman of the house committee.

DIED THIS MORNING.

After an illness of several months, Mrs. Helen Charlton, wife of the late Walter Charlton, passed quietly away at an early hour this morning, at the home of her daughter, Mrs. Walter Stone, 870 Main street. She is survived by her four daughters, Mrs. Stone, Mrs. Chas. Gallagher, Mrs. Wm. Ramsey, all of St. John, and Mrs. Jack Dawson of Montreal; also 12 grandchildren. The funeral will take place on Monday afternoon at 2:30 from the residence of her daughter, Mrs. Stone, 870 Main street.
