MITCHELL FOR THE MAYORALTY

Anti-Tammany Candidate in New York Chosen

NOW IS PORT COLLECTOR

Fusionists, After Nine Ballots, Choose Him From Among Three—District Attorney One of the Others—Gaynor Expected to Run Again

(Canadian Press)

New York, Aug. 1.—Republicans, Progressives and Independents, as representing a fusion committee of 107 members, agreed early today upon the nomination of John Purroy Mitchell, collector of customs of New York, as a candidate for mayor.

The regular democratic candidate, or that to be backed by Mayor Hall, has not yet been named but Mayor Gaynor is understood to be a candidate for nomination for another term.

The agreement of the fusionists to put Mitchell forward as their candidate, was not reached until after an all night struggle during which the committee took nine ballots, on the first of which Mitchell led by slight margins over District Attorney Charles B. Whitman and President George McAneny of Manhattan.

Mitchell led slightly on every ballot, and on the final vote won the necessary majority among the eighty-eight members then present to nominate. He received forty-five votes, Whitman received forty-five, the McAneny forces breaking up and dividing their strength between the two leaders.

The platform adopted by the fusion committee has municipal economy as its corner stone. Other issues are home rule, with revision of the city charter, police reform, and a social programme which includes public health, reduction of food costs by the establishment of terminal markets in each borough, establishment of a municipal department of recreation, limitation of the height of new buildings and the extension of trade and vocational training in the public schools.

WELL SATISFIED WITH PROGRESS ON REFINERY

The Montreal men who arrived here yesterday on business connected with the construction of the new sugar refinery spent part of this morning at the site inspecting the work which has already been accomplished. They expressed themselves well satisfied with the progress made.

WHISKEY SMUGGLED IN IN CUTS OF BEEF

Toronto, August 1.—The introduction of whiskey into the forbidden districts of Northern Ontario in pieces of beef, has been discovered by Chief Rogers, of the provincial police, and several prosecutions have been undertaken. It was known that a woman in the Precipice district was getting whiskey, and after the authorities had been puzzled for some time, an examination of beef going in was made and deep cuts were noticed. Exploration developed the fact that, cunningly hidden away under each of the cuts was a hot water bottle filled with whiskey, each bottle containing about two quarts of the liquid which the woman mixed with water and sold at fancy prices.

Rate War on Ocean

Companies Are in Quarrel Over Division of the Steerage Passenger Business

(Canadian Press)

New York, Aug. 1.—A cable from London says: The quarrel which has arisen between the Hamburg-American and the Nord-Deutscher Lloyd lines over the division of steerage traffic will, it is feared, extend to other lines, with the almost certain prospect that the North Atlantic conference will break up, entailing a real rate war.

THE HAMBURG-AMERICAN LINE, on account of having the 50,000 ton steamship Impator in service, with two others of the same class to follow next year, is claiming a larger percentage of emigrant traffic from German ports than it handles under the existing agreement.

THE NORD-DEUTSCHER LLOYD contends that it runs more, though smaller steamers than its rivals, and that in view of its intention to increase its service to New York, it is impossible to make any concessions.

THE PRESIDENT OF THE UNITED STATES DECLARED UNALTERABLY OPPOSED TO SUGGESTED COURSE

Washington, Aug. 1.—President Wilson made it clear yesterday to those who discussed the Mexican situation with him that he had not been swayed in the least by the arguments of Ambassador Henry Lane Wilson, in favor of the recognition of the Huerta government in Mexico.

THE PRESIDENT IS FORMULATING A POLICY which he told his callers involves nothing that is not entirely friendly to Huerta, through the events in which President Madero and Vice-President Suarez met tragic deaths.

THE PRESIDENT THINKS THE PROSPECT OF PEACE IS GROWING STRONGER DAILY, and regards the problem as by no means insoluble. He contemplates that the Mexican themselves may be able soon to bring about peace.

NEW YORK, Aug. 1.—On the manifest of the steamship Mexico of the Ward Line which sailed yesterday for Vera Cruz, Mexico, were 150 crates of rifles and military governor of the state of Vera Cruz. It was explained at the office that they had a permit from Washington.

(Special To Times)

Moncton, N. B., Aug. 1.—Preparations are being made for a big meeting of railway men here on Sunday. Officials are expected today and tomorrow and the men are coming from all over the system.

It is expected there will be some interesting developments. Preparations are being made for a great demonstration on Labor Day and committees on sports, parade, etc., have already been organized.

The mass meeting of the C. B. R. E. last evening was very encouraging for the men. Five hundred were present. An invitation was issued to all I. C. R. employes and representatives of every class of labor were present and addressed the meeting, all stating they were in sympathy with the men in their fight to get what they consider their just rights.

Mr. B. McPherson, grand organizer, was chairman, and A. R. Mosher, grand president, was on the platform. Mr. Mosher spoke at some length, asking all those eligible to belong to the C. B. R. E. to join and stick by the order. He reiterated statements already published that if he did not hear from the officials in reasonable time a strike would be called.

Mr. McPherson said that Mr. Brady would storm in committee while Gutter would talk with his silver tongue, but both were trying to injure all labor unions. Before the meeting ended, in response to a request, every body present arose to show sympathy with the men. The meeting broke up with three cheers for Messrs. Mosher and McPherson.

Mr. Gutelius is back from Halifax but will not talk.

PREPARING TO CRUSH THE HOPES OF CASTRO

Governors Stand by President in Revolution in Venezuela

Caracas, Aug. 1.—In consequence of the outbreak of the revolution in Venezuela and the invasion of the country by forces under the leadership of former President Cipriano Castro, the federal council has constitutionally authorized President Juan Vicente Gomez to assume dictatorial powers until the movement is crushed.

President Gomez on Wednesday night sent the following telegram to the governors of all the Venezuelan states:

"General Cipriano Castro, impelled by ambition and the craving for power, has provoked a revolution in this republic by ordering his partisans to arm themselves against the constitutional government."

"I trust you will fulfill your duty. The governors promised unqualified support of the government. Some requested the dispatch of additional arms and ammunition."
