ate of the Insti-
ch they are dif-
by the necessity

which exists for the most constant and untiring efforts in the work to which they have put their hands, in order that their past labors may be ultimately crowned with complete and lasting success—And whereas, it is highly desirable in order to meet the regular payment of the salaries of the Professors, and Teachers of the Academy, as well as to defray the annual expenditure which the Committee are called upon to meet, such as interest money, premium for Insurance on buildings, &c. that some more regular system should be adopted to effect these objects than heretofore—and whereas, the payment of 20s. annually, constitutes the contributor a regular member of the Education Society, it is therefore Resolved, that immediate measures be adopted in order to obtain as many subscribers of 20 shillings annually as possible, and thus at the same time enlarge the number of members of the Society.

Resolved—That Brother Charles Randall be requested to act as an agent in behalf of the Education Society, that he be instructed to collect all arrearages on former subscriptions, and also to carry the foregoing Resolution into effect especially by procuring annual subscribers.

Resolved—That a meeting of the Education Society be held in Amherst during the month of August—the particular day of meeting to be notified by the Secretary of the Education Society in the Christian Messenger.

Resolved—That the churches composing this Association be requested to petition the Legislature at the coming session for aid in the erection of buildings, and that such petitions be recommended to be as numerous signed as possible.

Tuesday Afternoon, 5 o'clock.

Met according to appointment. Preaching by Brother Burpe, from Rom. 8, 9, in reference to the Missionary cause, after which proceeded to business.

Resolved—That our Messenger to the New Brunswick Association be requested to state to them that this Association is desirous of knowing what part they are willing to bear in sustaining the contemplated Foreign Mission, in order that some definite conclusion may be come to on the subject.

Resolved—That this Association will undertake to sustain two Missionaries to the heathen, whatever part of this burthen may be borne, or whatever may be done towards the promotion of this object, by our brethren of New Brunswick.

Adjourned to meet to-morrow morning at 10 o'clock.

Wednesday Morning, 10 O'clock.

Met according to adjournment. Preaching by Elder Tupper in reference to the Sunday School Union, the business of which was then to follow.

Whereas, the members of the Association have been found not to have taken their seats regularly, when their names were announced in the Letters from the Churches, and from want of attention in this respect, and for other reasons, several of them have left the meeting,
