

NEGOTIATING FOR
STEAMERS

It is reported that local firms are negotiating for the purchase of two steamers of the Adventure type. It is the intention to have the ships prosecute the sealfishery every spring, and used in the fish carrying and coal trades during the remainder of year.

A COPPER FIND?

At Argentia last week one of the employees at Silver Cliff Mine, who was prospecting, picked up a piece of high-grade Borneo Copper. The find was made on an adjacent property, the claim being held by Mr. Geo. Knowlton Jr. and Mr. Wm. Sinnott. It is not known if there is any quantity of the metal there, but the indications look very promising. It is possible that a more exhaustive survey will be made.

The SS. Wascana sailed recently from Bell Island with 7700 tons of iron ore for the Hook of Holland.
