HOUSE CLEANING IN NEW YORK

REPUBLICANS WILL REORGANIZE PARTY

Old Leaders to Be Dropped—Roosevelt Begins Plans for Campaign

(Times Leased Wire.) Saratoga, N. Y., Sept. 29.—The Roosevelt band was wailing. Politicians who are still in Saratoga are clamoring aboard to-day. The ticket selected by the state convention last night follows: For governor, Henry L. Stimson, of New York; lieutenant-governor, Edward Shoeen; secretary of state, S. Koenig (re-nominated); state comptroller, Jas. Thompson; state treasurer, Thomas Fennell; state engineer, Frank M. Williams (re-nominated); attorney-general, Edward R. Romley (re-nominated); assistant justice of the court of appeals, Irving G. Vann (re-nominated).

Although the delegates who are still here are exhausted by the labor of the convention and the strain and excitement of the past two days, Col. Roosevelt, with his untiring energy, already has begun plans for the campaign. A complete re-organization of the party in the state is predicted. The old leaders will be dropped from places of responsibility and the party management put into new hands.

The politicians are confident of victory at the coming election. Gaynor's announced withdrawal from the race for the Democratic nomination for the governorship is one factor that is expected to help Roosevelt's own personality, however, is the chief cause of the confidence.

POLICE WILL SHOOT TO KILL BERLIN AUTHORITIES TO TAKE DRASTIC ACTION

Determined to Suppress Riots—Hundreds of Persons Injured in Street Fighting

(Times Leased Wire.) Berlin, Sept. 29.—The newspapers of Berlin, particularly those of the Mosbitt section, the scene of strikes and riots to-day called upon the authorities to use the "blood and iron" treatment for the purpose of preventing further outbreaks.

The rioting last night was the worst in many years, and it is feared that the disorders may surpass the Socialist disturbances of Southern Germany, in which many persons were killed. The police estimated to-day that 700 persons were injured. Many of the wounded are in hospitals here in a precarious condition. The injured include police, strikers and sympathizers. Four American newspaper correspondents received slight cuts and severe bruises from sabres in the hands of the mounted police.

In the evening a riotous mob in the locality was closed by order of the authorities. In spite of the strictness with which the cordons were maintained, the strikers and their friends held meetings at the trees corners which in several instances caused bloodshed. The police charged furiously and beat down the workmen on every side. In this way they rode through the Emdener strasse and the Turn strasse, which were blocked with excited crowds.

A coal wagon driven by strike breakers under police protection, was attacked and the police repelled with volleys from their revolvers. When several thousands were marching in procession, carrying a red flag, the police dashed at full gallop among the paraders, cutting down and galloping over them.

The damage to property already reaches \$250,000 in the three successive nights of rioting. It is predicted that the police will make heavy use of force on the thousands although the authorities have increased the force in the streets in the disturbed districts. Strike leaders conferred to-day to devise means of preventing further conflict.

DENTAL CASE NOW IN COURT

RICHARDS VS. VERRINDER AND DENTAL SOCIETY

Very Interesting Action Being Tried by Mr. Justice Gregory and Special Jury

(From Thursday's Daily.) A case which bids fair to become a cause celebre throughout the province and possibly throughout the Dominion is now in progress in the Supreme Court, Mr. Justice Gregory presiding. This is the long-pending action of Richards vs. Verrinder and the Dental College of British Columbia.

The plaintiff, a dentist practicing in the city of Vancouver, and a native of Victoria, being a son of Sheriff Richards, charges Dr. R. Ford Verrinder, examiner for the British Columbia Dental College, with conspiracy to keep him from practicing in this province, and asks for damages.

H. D. Helmcken, K. C., appears on behalf of the Dental College. E. V. Bodwell, K. C., and Robt. Reed, K. C., New Westminster, for defendants other than the Dental College, and W. J. Taylor, K. C., represents plaintiff. Mr. Taylor is being assisted by H. D. Twigg, of Eberhart & Taylor.

SUSPECTED RUSSIAN SPIES ARE ARRESTED

Had Maps of New Fortress on Finnish Frontier in Their Possession

(From Thursday's Daily.) Stockholm, Sept. 29.—Two men, said to be Russian spies, are under arrest after being caught while plotting about the new fortress of Heden, on the Finnish frontier. Their arrest has aroused widespread excitement throughout Sweden and Norway.

The presence of the two men at that particular place is interpreted to mean that Russia is planning to occupy a strip of seaboard on the peninsula in order to carry out her announced intention of keeping a perennially free sea-board on the North Atlantic.

MINISTER'S SUICIDE

(Special to the Times.) Chicago, Sept. 29.—Distracted because he was compelled to enter a sanitarium, Rev. Arthur Little, an Episcopal minister, to-day committed suicide. He left the following note: "Something has broken in my brain. I believe the doctor about it, but he did not believe me. But it is true. The wireless clothes line has broken. God have mercy? Oh, my poor wife—go home to her."

WOMAN COLLAPSES IN WITNESS BOX

(Special to the Times.) Barrie, Sept. 29.—After some time in the witness box as witness against Thomas McNulty, who is being tried on a capital charge, Mary Dolan, the young woman convicted of murder of her illegitimate child, collapsed, and an adjournment was taken. The girl's mother rushed to her assistance, and she too collapsed and had to be assisted out.

THE MAN WHO DOES THINGS.

MR. BOWSER—Well, you are the most unreasonable bunch I ever saw. You are growling about me carrying off the Normal School, the Law Courts, the Reformatory, the University, and everything that was not nailed down or anchored. You snivel and say your constituents will not stand for it. What do you want, anyhow? Haven't I been sending my surplus of mainland criminals over to your bally island to serve out their terms? Never heard of such blank ingratitude. Don't you understand that the word of a Bowser is as good as his bond—that I had given a pledge and was determined to "deliver the goods"? Besides, there was my brother Frank and his Point Grey interests. Some of you know something about that. What?

PREPARATION OF VOTERS' LIST CITY CLERK'S ANNUAL WORD TO HOUSEHOLDERS

Need for All Voters Other Than Property Owners to Register Each Year

(From Thursday's Daily.) W. J. Dowler, city clerk, has just issued his annual reminder in regard to the qualification of those residents of the city, not property owners, who desire to exercise their franchise at the next municipal election.

It is thus necessary to emphasize very strongly the fact that householders and license-holders must register every year if they wish to vote at the municipal elections. Many imagine that the system of recording names on the civic voters' lists is the same as that followed in the preparation of the provincial lists, which are used for federal elections also. This is not the case.

(Special to the Times.) New Westminster, Sept. 29.—Rev. T. Wardlaw Taylor, M.A., Ph.D., for six and one-half years pastor of St. Stephen's Presbyterian church, announced at Sunday evening's services that he had placed his resignation in the hands of the presbytery and asked to be relieved of the pastorate by November 1.

HATCHERIES ARE ABOUT COMPLETE

Total Capacity of Over Twenty Million

(From Thursday's Daily.) Three new fish hatcheries have been just about completed by the Dominion Government on Vancouver Island and will be in operation this autumn. Two are situated at Cowichan lake, Anderson lake, and Kennedy lake. Each will have a capacity of something like eight million fry and will be of great value to the fisheries on Vancouver Island.

The Cowichan Lake hatchery, which is just about complete, is situated near the Riverside hotel, Cowichan lake, just at the outlet. It will have a capacity of nearly eight million eggs and will be in operation within a week or so. The fish which will be propagated at this point will be all of the sporting variety. We shall make a specialty of trout, steel heads, cohoes and tyeo or spring salmon. This will not only improve the river and lake from an angler's point of view, but will also improve the trolling in Cowichan bay and adjacent waters.

(Special to the Times.) Newmarket, Ont., Sept. 29.—Lemberg compensated his owner, Mr. Fairlie for his unlucky defeat in the St. George's winning to-day the Ten Thousand Jockey Club stakes. He started at 3 to 1 on J. S. Morrison's Dibs, 100 to 6, and second and W. Hall Walker's Ulster King, 100 to 9, third. ESCAPE FROM ASYLUM

(Special to the Times.) Toronto, Sept. 29.—The Court of Appeals has reserved judgment in the case listed by Judge Monk in connection with the charge that Monteith Trappell, one of the guards at Hamilton asylum, had unlawfully aided Wm. A. Moor and Robert Frederick Taggart to escape. The section of the criminal code under which the action was laid makes unlawfully assisting a prisoner to escape a crime. The accused took the objection that the asylum was a hospital, not a prison.

RAILWAY APPOINTMENT

VEGETABLES SCARCE IN PRAIRIE CAPITAL

(Special to the Times.) Winnipeg, Sept. 29.—A potato famine is already in sight in Winnipeg and there is a general shortage of other vegetables. Market gardeners have years ago put their potatoes in the ground and the price is not likely to be any lower retail. This is the season when provident householders fill up their cellars with roots for winter, but little inducement is offered them this fall as 75 cents per bushel for ten bushel lots is the utmost concession farmers will make. Heavy immigration from the east will be necessary. The extraordinary weather conditions of this year still obtain. Three nights ago ten degrees of frost were registered, while last evening the thermometer was over 70 after a very sultry day.

VICTORIA DAY BRINGS CROWDS TO THE FAIR

Public Holiday is Being Generally Observed This Afternoon, Under Bright Skies—Stockmen's Dinner—Judging Competition

The attendance at the Fair yesterday was 4,500.

(From Thursday's Daily.) Things looked blue for Victoria Day at the fair early this morning, but the day has turned out one of the best of the week, and the closing of a majority of the business houses and factories has enabled those who could not otherwise go in the day time to go out this afternoon. Under a bright blue sky, in an atmosphere cleared by the rain, the fair grounds are looking their best.

All afternoon the cars were crowded—and, by the way, the car service during the fair has left nothing to complain of—grown folks and children journeying out to see the jubilee fair and the circus, a double attraction that it is hard to equal. There has been a good deal of grumbling because the public holiday proclaimed by the mayor did not extend to the schools. The school trustees were quite willing that it should have done so, and thought of a number of means that it was only a matter of form to ask the department of education to grant the half day, but it was announced in the afternoon that the executive had declined to do so. In spite of this, a great number of children were kept from school this afternoon so that they could be taken to the fair.

The Fifth Regiment band is in attendance in the main building, as it has been throughout the fair, and the programme prepared by Bandmaster Rogers is being given to the enjoyment of the thousands present. This afternoon a stock judging competition was in progress in the horse

show building, substantial prizes being offered to competitors under 21 and those over that age. The judge in the light horse class, Alex. Innes, Clinton, Ont., gave a demonstration to an interested group of horsemen on the judging of that type of animal. M. A. Jull, poultry expert of the provincial department of agriculture, gave a lecture in the poultry building on poultry raising and the adaptability of this province to that industry.

At noon the B. C. Agricultural Association were the hosts at the annual stockmen's dinner held in the restaurant, when the exhibitors of stock at the fair were their guests. A splendid programme of races, horse and show events and attractions is being run off on the course in front of the grand stand this afternoon. At half-past one there was a livestock parade, which was a popular feature.

At eight o'clock this evening the horse show will be formally opened in the pavilion, which has been handed over to the fair. ANOTHER AVIATOR LOSES HIS LIFE

Falls Hundred Feet from Aeroplane

(Times Leased Wire.) Santa Ana, Cal., Sept. 29.—Charles Hillman, a Los Angeles aviator, is suffering to-day from injuries he received when the Curtiss biplane he was driving crumpled and fell to the earth from a height of 100 feet. The slanting descent of the plane probably saved Hillman's life. He was severely bruised and rendered unconscious, but the physicians who examined him state that no bones were broken.

NEW BANK PRESIDENT

(Special to the Times.) Montreal, Ont., Sept. 29.—It is stated on what is considered "the best of authority" that Mackenzie & Mann are taking steps to secure control of the London street railway, and also of the London & Lake Erie Traction Co.

OLIVE CANNERY BURNED

(Special to the Times.) Los Angeles, Cal., Sept. 29.—The plant of the American Olive Company, one of the largest olive canneries in the world, was burned to the ground by a fire of unknown origin shortly after midnight. The loss is estimated at \$450,000. The plant had been closed during the summer and was being made ready for the coming packing season. Only a small force of men was at work in the building. More than 100,000 gallons of olive oil, valued at \$2 per gallon, was stored in the factory. This, together with machinery worth \$100,000, was destroyed.
