**KILLEN IS SORRY THAT HE
DID NOT FIND THE AXE.**

Chief Clark Will be on the
Stand Today — Collins
Appears to be More Inter-
ested in the Trial Than on
Previous Days.

HOPEWELL CAPE, Jan. 22.—Detective
Killen, of St. John, was on the
stand all forenoon in the Collins
murder trial, and at 12:30 o'clock was
being put through a most searching
cross-examination by H. A. McKeown,
lawyer for the defence.
The point that Mr. McKeown tried to
draw forth in this cross-examination was
this: That Killen may possibly have
looked behind the commode in Father
McAuley's bedroom where the real axe
was found, though he has asserted he
did not.

Though hard pressed at times the St.
John officer asserted that to the best of
his belief and memory he did not look
behind the commode. He only wished
that he had. All other parts of the
bedroom were given a rapid searching,
but unfortunately he did not look where
the axe was finally found. The detec-
tive gave this evidence with apparent
dejection.

The first part of Killen's testimony
told of receiving instructions from
Chief Clark to go in quest of Collins.
The capture of the suspect, a description
of the articles found on him, were
given in evidence, but a re-telling of
Collins' life story, as related to Killen,
was ruled out by the judge. The court
would not accept a second-hand recital
of this part of the detective's experi-
ence with the prisoner.

**JURY DISAGREED IN TRIAL
OF CHICAGO TEAMSTERS**

CHICAGO, Jan. 21.—The trial of Pres-
ident Shea of the International Broth-
erhood of Teamsters and thirteen
other defendants, ended today, the
jury failing to agree. When discharged
the jurors stood seven for acquittal and
five for conviction.
The jury went out Saturday noon,
and after being locked in the jury room
for fifty-five hours, reported to Judge
Ball that it was not possible for them
to reach an agreement. The judge then
ordered their discharge.
Notwithstanding the fact that the
trial just closed has been the longest
and most expensive trial in the history
of Cook County, the announcement
was made by the State's attorneys of-
fice that arrangements will be made at
once for a second trial.

**DISCHARGED SOLDIER IS
RESPONSIBLE FOR A RIOT**

CHICAGO, Ill., Jan. 22.—A despatch
from Lawton, Oklahoma, says:
"A negro riot created by Lane Dixon,
colored, reputed to be a discharged
negro soldier, from the 25th Infantry,
at Fort Reno, last night resulted in the
death of Mrs. Marshall, colored, the
wounding of Dixon and several other
negroes, and the arrest of fifty negroes.
Marshall, owner of the gambling
house in which the negroes had con-
gregated and Dixon engaged in a quar-
rel on a crap game. Their fight drew
others in and a pitched battle result-
ed."

MOTOR BOAT RACING

has been forwarded to the Yacht

Club of America naming the Dixie,
owned by Commodore Edward J.
Schroeder as the representative of
America for the British International
Cup known as the Harnsworth trophy
which was last year won by the Yar-
row-Napier representing England.

HAVANA, Jan. 22.—A large steamer
believed to be English, grounded on
the rocks close to Moro Castle at half-
past twelve this morning while trying
to enter Havana harbor. She is now
whistling for help and the Havana fire
department is hurrying to the rescue.
The position of the steamer is very
dangerous.

**WANDERERS BEATEN
BY KENORA THISTLES**

The Stanley Cup Game Was
a Very Exciting One
Montreal Lost by Rough Play—For a Time
the Score Was Even and the
Feeling Was Intense.

MONTREAL, Jan. 22.—As a result
of last night's Stanley Cup contest the
coveted powder travels to Kenora. The
game was a fast one and though the
checking was very hard it was fairly
clean throughout, comparatively few
penalties being imposed, the Wanderers
being the greatest sufferers in this
respect. The Thistles had very much
the best of it in the matter of speed,
and while the Wanderers combination
was somewhat better than the chal-
lengers, the latter's speed and stick
work broke it up in most instances be-
fore it was fairly well under way.
Hearn for the Wanderers did splendid
work, and but for him the score dur-
ing the first half would have been
much more one-sided than it was. The
half time score was 6 to 2 in favor of
the Thistles, and it looked very serious
for the Wanderers. In the first ten
minutes of the second half the Thistles
notched another, making it 6 to 2, but
the locals took a decided brace and
ran in four in succession, making
the score 6 all. The Wanderers at this
stage of the game began to rough it
up a little and as a result Patrick was
ruled out at a critical period and the
Thistles taking advantage of the ex-
tra man scored quickly on a brilliant
run down the ice by Phillips, whose
skating and stick handling called
forth a tremendous ovation. Then on
a two-man combination by Phillips
and Tom Hooper the Thistles scored
another, the eight and last goal, mak-
ing it eight to six. The cup defenders
then made a desperate attack on the
Thistles' goal, and held the puck in
this territory practically till the end
of the game, but were unable to
score.
For the Wanderers, Glass and Rus-
sell were the stars, and Phillips, Mc-
Gillie and Hooper shone brightly for
the Western team.
Final score: Thistles, 8; Wanderers,
6.

**SERIOUS ACCIDENT ON
THE C.P.R. IN THE WEST**

East Bound Express Ditched, But No
Details Available—A Train Held up
by Freezing Farmers.

WINNIPEG, Jan. 22.—Residents of
Windhurst, Sask., held up a C. P. R.
train and helped themselves to a sup-
ply of coal.
PORT WILLIAM, Jan. 22.—C. P. R.
No. 2 east-bound express was today
ditched at English River, only the en-
gine remaining on the track. There are
no details. No. 78 freight, Conductor
Cole, had five cars leave the track two
miles west of Sunning. These are pil-
ed up on the bridge, which is damaged.
No. 97 is held here waiting on No. 2.
Owing to the break in the wires be-
tween Windhurst and Port William de-
finitive information could not be secured
by the officials regarding conditions of
the trains operating between these
two points.

**HOME FROM ALASKA
AFTER TEN YEARS**

Walter H. Wilson, formerly of this
city, but now a prominent citizen of
Fairbanks, Alaska, is in the city visit-
ing his brother, Alex. Wilson, the axe
manufacturer. Mr. Wilson left St.
John ten years ago, and this is his
first visit home since that time. Fair-
banks, the town in which Mr. Wilson
lives, is only sixty miles from the
Arctic Circle and is about 1,000 miles
from Dawson City. The town, which
has a population of 5,000, is thoroughly
up-to-date, and the manager of the
"Red Cross" Drug Store there is Mr.
Clarke, a brother of Daniel Clarke, the
West Side contractor.
Mr. Wilson is in the hardware busi-
ness, one of his partners, George
Branch, being mayor of the town.
There are several New Brunswickers
in that district, and all are doing well.
Mr. Wilson will leave the city in a
couple of weeks, returning by way of
the United States, stopping off at all
manufacturing towns.

**TWO MORE EARTHQUAKE
SHOCKS ALARM JAMAICA**

Occurred Early Yesterday
Morning—Press Comment
in Britain is Almost
Unanimously Against Gov-
ernor Swettenham.

NEW YORK, Jan. 22.—A despatch
from Kingston says:
"A heavy earthquake shock was felt
here at three o'clock this Monday
morning and a still heavier one at 48
minutes after two o'clock."
LONDON, Jan. 22.—The British gov-
ernment and nation, having shown the
strongest repudiation of the attitude
of Governor Swettenham in bringing
about the withdrawal of the American
warships from Kingston, the chief in-
terest now centres in the governor's
long deferred reply to the British gov-
ernment's urgent demand for an ex-
planation of his conduct, as this will
give the first adequate means of de-
termining the government's course.
This explanation had not been re-
ceived during the early hours of the
day although a despatch reached here
from Governor Swettenham setting
forth the progress of the relief works,
without any mention of the incident
which caused the Americans to with-
draw. This despatch was not dated,
indicating that it was sent before he
received the government's request for
an explanation.

BEELIN, Jan. 22.—The newspapers
print every form of news available re-
garding the Swettenham-Davis in-
cident and receive the quieting state-
ments from Washington with a cer-
tain degree of skepticism. Editorially
the incident is regarded as being more
of a personal affair than an incident
between two governments, and the
incident is ascribed to Swettenham's
"tired nerves" and sensitive
national pride. Some of the papers
say that the Americans may now un-
derstand the feeling of Germany over
the declaration of the United States
to accept foreign relief for the San
Francisco earthquake sufferers, al-
though it is at the same time admit-
ted that the circumstances in the two
cases were quite different.

**FREDERICTON EXHIBITION
TO BE HELD SEPT. 14th**

FREDERICTON, N. B., Jan. 22.—A
meeting of the executive of the Fred-
erickton Exhibition was held this morn-
ing. There was a good attendance.
President Campbell presiding. It was
decided to have the formal opening of
the exhibition take place on Septem-
ber 14th. A delegation was appointed
to wait upon the Provincial Govern-
ment to ask for a grant. A delegation
was heard from the Trotting Park
Association as to making arrange-
ments for a four day meeting during
the exhibition.

**ARENA MANAGEMENT
TO STOP ROUGH HOCKEY**

MONTREAL, Jan. 22.—Since the
Ottawa players who laid out three
Wanderer players so badly that they
had to be under the doctor's care for
some time the Arena Company today
issued a letter to all clubs saying that
"a complaint will be laid before a
magistrate against any player, who in
future matches commits an offence
punishable by law."

**VALUABLE STALLION
MAY BE BADLY HURT**

Yesterday afternoon thirty-two horses
were discharged from the Donaldson
Horse Market at the McLeod wharf.
The lot were consigned to C. E. Eald,
of Simcoe, Ont., and all have been
passed by the quarantine veterinary
except one, a beautiful stallion, which
is said to be valued at between \$1,800
and \$2,000. It is said to be badly in-
jured on the back, and it is thought by
some that it will die. Yesterday afternoon,
it is said, that the animal was dragged
aboard. It was seemingly unable to
stand and two surgeons attended it.
About eleven o'clock last night the
horse was lifted to its feet and will
not move.
S. M. Wetmore, secretary of the S. P.
C. A., is looking into the case. A
Donaldson horse bring a great
number of thoroughbred horses to Can-
ada from Scotland and the line is noted
for the care that is given the live stock
consignments.

**ANDREW B. BOAK, OF
HALIFAX, IS DEAD**

HALIFAX, N. S., Jan. 22.—The death
occurred here this morning of Andrew
B. Boak, aged 71 years. He leaves a
wife and two sons and two daughters.
Mr. Boak was the senior member of A.
B. Boak & Co., wholesale dry goods.
I have always considered advertising
—liberally and long—to be the best
medium of success in business, and a
prelude to wealth.—Stephen Girard.
