**BOARD OF TRADE TALKED
ON MARITIME UNION**

All the Old Arguments, Pro
and Con, Were Gone Over
Again—W. B. Snowball
Elected President—The
Session Brought to a
Close This Forenoon.

CHARLOTTETOWN, P. E. I., Aug. 19.—The officers of the Maritime Board of Trade met this morning at the board room, and discussed the proposed union of the Maritime Board of Trade and the Maritime Union of Canada.

First Vice-President—W. F. McLean, Port Hood.
Second Vice-President—James Paton, Charlottetown.
Cor. Secy.—W. L. Weldon, Chatham.
Auditor—E. A. Saunders, Halifax.
Secretary—C. M. Creed, Halifax.

The closing hours of the session were enlivened by a debate on maritime union, opened by W. H. Edgett, of Moncton, who contended that union would stimulate the development of the resources of the provinces, better the provincial credit, make an annual saving of \$100,000 a year by the abolition of two legislatures, result in a uniform judiciary and uniform administration in agriculture, immigration, railways, taxation, crown lands and other matters. It would mean larger ambitions and the obliteration of sectional jealousy.

The resolution was opposed by Mr. J. Henson, of Halifax, who said Nova Scotia excelled all the other provinces in her resources and education and had nothing to gain by union. When a nation is great the identity of the province will be the strength of the whole country.

Senator Ross thought a committee should be appointed to deal with this question and report at the next meeting.

J. T. Hawke, of Moncton, considered the question purely academic, but favored union as giving us greater influence in the federal parliament.

D. A. Morrison, of Amherst, and Mr. Payson, of Halifax, supported the resolution.

The strongest address was given by H. C. Leveson, of St. John, an enthusiastic pro-unionist, who claimed union would give us a better position to get the best and more favorable readjustment of subsidies, prevent a further decrease in representation and bring other benefits.

The Maritime Union resolution passed, also a resolution requesting the government to nominate a committee from each province to name candidates for the union.

The strongest address was given by H. C. Leveson, of St. John, an enthusiastic pro-unionist, who claimed union would give us a better position to get the best and more favorable readjustment of subsidies, prevent a further decrease in representation and bring other benefits.

**FIVE WERE LOST WHEN
BARGE FOUNDERED**

The Shawmont Lost on Voyage
to Portsmouth

Trako Away From the Tugs—Abandon
Search for Bodies of Men Lost in a
Glacier in the Rockies.

SAUNDERSTOWN, R. I., Aug. 19.—Tugs Valley Forge and Monocacy arrived here this morning with news and the captain of the Valley Forge reported the loss of the barge Shawmont with a crew of twelve men during the gale early this morning. It is feared that the big barge went to the bottom with all hands.

SAUNDERSTOWN, R. I., Aug. 19.—It was later learned that five men were lost.

PHILADELPHIA, Aug. 19.—The tug Valley Forge which arrived at Saundertown R. I., and reports losing the barge Shawmont, left here on Friday, August 13, towing two other barges besides the Shawmont.

The Shawmont was loaded with coal and was bound for Portsmouth. The tug was the tow was detained in the Delaware Bay by heavy winds and passed out the Delaware breakwater on Sunday.

It is believed that the crew of the Shawmont are Philadelphia as the barge is a local concern.

PHOENIX, Ariz., Aug. 19.—The search for the bodies of Joe Stevens of Trenton, N. J., and N. P. Callaghan, of Seattle, lost on Mount Ranier, has been abandoned. Guide Tamplin and his party have returned to the base of the mountain, and it is possible the white glacier, and it is possible the men lie below. The search cannot be resumed until the snow melts, and it is doubtful whether there is a route to the foot of the cliff.

**END OF THE STRIKE
IN SWEDEN IN SIGHT**

Much Distress Prevails in
Families of Strikers

Many are Starving—Constabulary Keeping
Order at the Pittsburg Mills—
Shooting Continues.

STOCKHOLM, Aug. 19.—The end of the labor troubles which began in Stockholm the early part of this month is in sight. The leaders of the various unions have opened negotiations with the employers, with the object of having the men resume work.

The Street Railway Company, however, has refused to reinstate its old men, being satisfied with its present state. There is today much distress among the families of the strikers, some of whom are on the point of starvation.

Rioting occurred last night at Gothenburg, and mounted policemen were called out to disperse the mob.

PITTSBURG, Aug. 19.—Mounted and using their hickory riot clubs, members of the Pennsylvania State Constabulary are today keeping strikers on the move in the Pressed Steel Car Company strike zone at McKees Rocks. It is estimated over 500 shots were fired last night and early today by strikers, who had gathered on the O'Donovan Bridge near the works.

During the firing the troops and other police remained inside the mill, orders having been issued to take no action unless the strikers attempted an entrance to the plant.

Strikes leaders today explained the shooting and disorder. They are of the opinion that the workmen are being held in the mills against their wishes. The shooting they say, was for the purpose of bringing the constabulary in the plant to the bridge and give the men an opportunity to escape from the works. The troops stayed inside.

**MAY FORM MARITIME
PRESS ASSOCIATION**

Provincial Organizations Both Meet on
September 15th and Will
Discuss Union.

There are prospects of the formation of a Maritime Press Association. The members of the Maritime Provinces Press Association for the mutual benefit of the publishers and journalists of the lower provinces. At present each province has a separate association and it has been felt that the influence of the members might be greater and that it could be used to better advantage in an organization of wider scope. The New Brunswick Press Association will meet in Sackville at two p. m. on September 8th and the Nova Scotia Association will meet in Amherst on the same day. At both gatherings the proposal for union will be discussed and if it meets with a favorable response the two bodies will unite at either Sackville or Amherst and consummate the union.

A delegation from the Prince Edward Island Association has also been invited to be present and if they agree their association will also become a part of the larger organization.

So far the local societies have not connected themselves with the Canadian Association and the advisability of taking this step will also be discussed.

The people of Amherst are preparing to entertain the delegates in an interesting manner.

In the Equity Court this morning the case of Raynton and others vs. Glavin and others was settled. By consent a decree was made that the defendants be ordered to transfer to the plaintiff Raynton, all property of the Empire Coal Co. mentioned in the bill in this suit, and on failure to pay such sum within that time the bill in this suit stand dismissed without costs. L. A. Curran, K. C., appeared for plaintiffs, and H. A. Powell, K. C., and W. B. Chandler, K. C., for defendants.

Diver Lahey, of St. John, who came down here to clean up the bottom of some wharves, has had many peculiar tasks to perform since he entered upon submarine work. One of the most unique was the searching for a diamond engagement ring and a signet ring, which were accidentally thrown overboard from a yacht at Millégreville. He succeeded in finding both after an afternoon's search.—Beacon.

GILLIN-McBRINE

At the Cathedral this morning Rev. A. W. Meagher officiated at the marriage of Miss Violet McBride, second daughter of Thomas McBride, Erin St., and Albert Gillin, of Brussels street. The ceremony was a quiet one but was witnessed by a large number of friends of the parties. It was performed at half-past eight, and immediately thereafter breakfast was served at Mr. and Mrs. Gillin's new home, 75 St. Patrick street. The bride's costume was a grey tailored suit with hat to match. She was attended by her sister, Miss Mary McBride, while the groom was supported by George Stafford. Miss McBride received many pretty gifts including a dinner service from the groom's associates in the employ of the Josiah Fowler Co.

**READ CAREFULLY
THIS BONUS OFFER**

Every One in the Field Can
Profit by It

Extra Votes Given on Groups of Subscrip-
tions of Any Class—Bigger the
Group, Larger the Bonus.

This week we have a particularly attractive offer for candidates. Bonus offer and extensions to be given to the candidates in each of the districts.

NO MATTER WHERE YOU STAND.

It makes no difference where you stand on the list or whether your name has been taken off for inactive work, you are as good a voter as any other. This bonus is one of the best prizes as any one and have your name put back on the list.

THE BONUS OFFER.

There is a fine opportunity to increase your vote materially this week. For subscriptions amounting to \$12.00 you will receive 10,000 extra votes, in addition to the regular vote. For a schedule, for subscriptions amounting to \$20.00 you will receive 20,000 extra votes, and for subscriptions amounting to \$30.00 you will be allowed 30,000 extra votes. This bonus is on both old and new business and counts entirely on sums of money.

CONDITIONS OF BONUS.

What makes it easy to get the bonus this week is that it is awarded both on new and old business. The fact that you can secure your bonus on business subscriptions makes it far less difficult to obtain the bonus. By broken subscriptions we mean one month, yearlies, two years, three years and five years; any amount of subscriptions the total amount of which amounts to the three sums of money specified.

DON'T FORGET EXTENSIONS.

Remember that the best rate of votes that you can get is on extensions of subscriptions issued during the bargain day vote, July 28th to August 14th. These, whether originally issued in your favor or for some other candidate, will count you at the rate of the bargain day offer, and you will get the full benefit of the subscription for the full length of time to which it is extended, minus the vote already issued on it. For instance: Should someone have given you or another candidate a six months' subscription during the bargain day vote, and then give you another six months, it will count you the difference between 8,000 votes and the votes that were originally issued on the six months' subscription (3,000 votes), which would make on the second six months, 5,000 votes to your credit. And this holds good of course, on yearlies which can be made into two, three and five years, taking the increased rate.

If the subscription was new at the time it was first issued, it will count as new on the extension.

THE DARK HORSE.

We are constantly hearing of the proverbial "dark horse" which is liable to be entered a few days before the close of the contest. To safeguard the fears of our candidates, we wish to inform them that no new nominations will be accepted after Saturday night, August 21st. We should think that the names appearing in the list of Monday morning, August 23rd, and of course any of those names which have already been in the list and which we have on file in the office, will be entered as candidates for the prizes.

**TWO KILLED ON THE
PERE MARQUETTE RY.**

Boiler of Passenger Loco-
motive Exploded

Engineer and Driver the Victims—Cars
Were Not Derailed, and No Pas-
sengers Were Injured.

DETROIT, Mich., Aug. 19.—Engineer Wm. Brady and Fireman Fred L. Graves were killed about midnight, when the boiler of a westbound Pere Marquette passenger train exploded two miles east of Grande Ledge, wrecking the train. The coach was overturned and one of the two sleeping cars was derailed, but no passengers were seriously injured.

Automobiles were sent from Lansing carrying physicians to the aid of the injured, a wrecking train was dispatched from Grand Rapids and another train carrying officials of the road was sent to the scene of the wreck.

The wrecked train was made up of a baggage car, coach and two sleepers. Word reaching the railroad officials here indicates that the last sleeper was not badly damaged. The locomotive, baggage car and coach stood the brunt of the shock, and on an ordinary night few passengers are carried in the coach of this train.

Shrubbs is willing to place \$1000 on his ability to defeat Accoee in a match in this city in the distance to be decided. Shrubbs quit in the sixth mile in his match with the Indian and several of his backers feared that he had gone behind in his run. There is every possibility that a match between the runners will take place here in the near future.

**Two Year Old Rudolph Mueller
Missing Since Tuesday—
Wells and Ponds Have Been
Drained; But as Yet No
Trace of the Baby Has
Been Found.**

A message to the Star today from Stellarton, N. B., says the disappearance of Rudolph Mueller, the two year old child of a Bavarian miner living at Mount William, is as complete a mystery as it was on Tuesday evening. Although the little fellow, suffering from a sore foot, could never have walked any distance in the short time which elapsed before the alarm was given, and although hundreds of men have searched every inch of ground in the district, no trace has been found.

On Tuesday Mrs. Mueller and her child went from home to pick blueberries. They stopped at a friend's house, and there the child was put to bed while Mrs. Mueller and her neighbor went after berries. An hour later, on returning to the house, Mrs. Mueller was amazed to find her boy missing. A chair had been dragged to the door, and it is believed that by climbing on this, the boy was able to lift the latch and let himself out. His mother was never very far away from the house, and although she was on the watch she failed to either hear or see him. Heavy brushwood surrounds the house and it would be an easy matter for any child to disappear in a moment in any direction.

As soon as possible the town authorities were notified of the loss of the child and in a very short time Mayor Campbell had a large search party scouring the country. On Tuesday evening the fire department joined in the search which was kept up all night. Yesterday gangs of men from 15 miles assisted, and all last night a very large party tramped over the ground where the little fellow may be. All the wells and ponds in the vicinity were pumped dry, the woods carefully searched, but up till noon today there has been absolutely no trace of the body. Mr. and Mrs. Mueller are said to be almost frantic with grief and anxiety for with the cold weather and rain of the past two nights it is scarcely possible that the child is now alive.

They have come for the purpose of inspecting the new pavement being put down on Queen street, with the idea, if satisfied, of recommending a similar pavement for Germain street, St. John. The gentlemen this morning, in company with Mayor Chestnut, several of the city aldermen, and Mr. Love, the contractor, viewed the scene of operations. The visitors expressed themselves as being highly pleased with the form of pavement being laid, and will no doubt recommend it to their city.

**POPE DENOUNCES
ELIOT'S NEW RELIGION**

Says It is a Negation of Faith, of Christ-
ianity and of Civilization.

NEW YORK, Aug. 19.—A Rome despatch to the Times says that the address delivered by Chas. W. Eliot, President of Harvard, on July 22, at Harvard Summer School of Theology on "The Religion of the Future," has been translated by the Pope's order into Italian that he may more thoroughly understand it.

The translation was read with great care by His Holiness, who expressed profound regret that a man of such authority and culture as Dr. Eliot should spread theories which, he said, were not, in fact, a basis for the religion of the future but a negation of faith, of foundation of Christianity and of modern civilization.
