BAD BLAZE IN NEW YORK

-Heroic Elevator Boy Did

NEW YORK, March 5—Fire broke out last night in the apartments of Jacob Wertheim, president of the National Manufacturing Association, on the eleventh floor of Alwyn Court, one of the handsomest apartment houses in the city, burning downward to the eighth floor, and did \$100,000 damage. There was no loss of life, but there were many thrilling escapes. Alice Nugent, a terror-stricken maid, jumped from the thirteenth floor, but fortunately lodged on a projecting ledge that encircied the building at the twelfth floor and lay there unconscious until found by firemen. Robert Casson, the elevator boy, bravely ran his car up and down through the smoke and flames until he had taken all the tenants out.

fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Tasteless Samaria Prescription, and put it in his coffee as directed next morning and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that had set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive loving husband, comforts and everything else dear to a woman's heart; for my husband had told me that whiskey was vite stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving him the medicine till it was gone, and then sent for another lot, to have on hand then sent for another lot, to have on hand if he should relapse, as he had done from promises before. He never has and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nervine soothes the irritated nerves, and assists the nerve cells to generate nerve force.

SOCIALIST MEETING STOPPED BY POLICE

Berlin Chief Puls a Damper on Enthusiasm of Those Who Object to the Franchise Law.

BERLIN, March 5.—President Jagow of the Berlin police has forbade the Socialists to hold an open air meeting that had been planned for tomorrow as a protest against the existing three class property voting system and the proposed amendments to the franchise law. All the Socialist, Liberal and radical journals as well as some of the moderate Conservative newspapers disapprove of the Prussian government's decision to prevent the peaceful expression by a public assembly of a desire to have greater ballot privileges.

End of Dispute With Steel Company-Settlement Reached.

MONTREAL, March 4.—Another stage in the Steel Coal negotiations was reached this morning at a meeting of the two boards of directors.

At the close of the meeting President Plummer gave out the following statement:—

smear it lightly over the spots, the eruptions, the sallow patches, at night, and notice how quickly your appearance improves. As the rich, refined, herbal essences sink deep into the tissue, the hard, scurfy-like patches are removed. The cuticle is softened. The cells beneath are stimulated to healthy operation. The pores resume their work properly, and a good complexion results. Isn't this better than attempting the impossible task of improving your complexion from the outside?

Smear it lightly over the spots, the completed. Ladies who have thin hair and whose Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a statement:—

CIRLS WITH BAD COMPLEXIONS

The skin should really be so soft and transparent that the blood in the vessels beneath can impart to it the pale, rowy that which is the ideal "bloom of health". Often, however, the skin becomes coarse and rough, and its cells filled with various impurities, which should be thrown off. This results in those "muddy," sallow complexions, spots, blackheads, etc.

Girls who are troubled in this way will find Zam-Buk a perfect skin fool. Smear it lightly over the spots, the eruptions, the sallow patches, at night, and notice how quickly your appearance improves. As the rich, redined.
