

OTTAWA.

Next Officer in Command of the Militia to be a Canadian.

Major-General O'Grady-Haley's Term Expires With the Year—Commission in Gold Coast Policy.

OTTAWA, Sept. 29.—Sir A. P. Caron is about to take up the practice of law in this city. Ottawa workmen are saying anything but nice things about Hon. Mr. Blair, minister of railways and canals. The minister has employed a Chinese cook and a Chinese thorn boy. His other servants, it is said, have shown their resentment by packing their trunks and leaving the aristocratic minister with Chinese help only. For some unexplained reason the revenue and expenditure returns for August which should have appeared in the Canada Gazette the week following expiration of the month, were held back until yesterday. The revenue for two months was \$3,817,062, an increase of \$800,000 over July and August of last year. The expenditure was \$5,389,982, as compared with \$4,173,471, or an increase of \$1,250,000. Possibly Mr. Fielding did not desire the latter fact to be known in Nova Scotia just now.

A STRANGE STORY.

Boston woman who travelled for years in a Man—Death Revealed Her Secret. NEW YORK, Sept. 30.—The strange story of a woman who preferred to pass for a man was revealed by the death of Miss Caroline Hall of Boston, a cabin passenger on the steamer Clita Di Terino, which arrived from Naples on Sunday. On the passenger list Miss Hall appeared as "Mr. Charles Windlow Hall," and with "him" on the ship was Mrs. Hall. It was not until the former was stricken with a mortal illness that the ship's surgeons made the discovery that the supposed man was a woman.

WASHING TON.

WASHINGTON, Sept. 30.—A most unusual case has been reported to the war department. It is the case of Private Peter J. Devine, Troop H, Eleventh Cavalry, who was tried for the crime of "using disrespectful words against the president of the United States" in violation of the 10th article of war. It appears from the evidence that when the news of the shooting of President McKinley was received Devine expressed great satisfaction over the crime and applied an uncomplimentary epithet to the late president. His comrades roughly handled him, but he could be secured in the guard house. He was found guilty of the charge by the court and sentenced to be dishonorably discharged from the service of the United States, forfeiting all pay and allowances due him, and to be confined at hard labor for one year.

CAPTURE OF MISS STONE.

KANSAS CITY, Mo., Sept. 30.—A detailed account of the capture of Miss Ellen H. Stone, the missionary, by brigands in Turkey has been received in a letter from Mrs. H. O. Haskell of Smokov, Bulgaria. She has been holding her usual summer school for girls workers. Brigands were on Sept. 9 a party of six students from the college institute at Smokov, to a place called "Bansko," where Mrs. Stone, who had spent several years in Bulgaria, was held for ransom. From there they were to go to their different homes. At 4:30 o'clock the afternoon, they were resting in the mountains. Miss Stone was surrounded and the party of forty armed men, dressed in Turkish costume, surrounded her. She was taken away from the road to rob and perhaps kill her.

BRITISH VICTORY.

Two Hundred Boers Killed and Three Hundred Wounded or Captured.

In an Attack on Fort Itala on the Zululand Border—Kruger's Son Dead.

DURBAN, Natal, Sept. 30.—A force of 1,500 Boers, commanded by Gen. Buller, made an attack which lasted all day long on September 28 on Fort Itala, on the border of Zululand. The burghers were repulsed, but at heavy cost to the garrison, whose losses were an officer and eleven men killed and five officers and 33 men wounded. In addition 60 men are missing, of which number many are believed to have been killed or wounded. The Boer commandant, Opperman, nineteen burghers are known to have been killed.

B. C. MINING DISASTER.

VICTORIA, B. C., Sept. 30.—Premier Dunsmuir, president of the Wellington Colliery Co., has received the following telegram from Alex. Frisdon, manager of the B. C. Colliery Co., a company situated near Ladysmith: "Frisdon occurred in No. 2 slope at No. 3 level, which was 100 feet below the surface. It was half way up the slope, spreading to the air ways, and workings of No. 2 and No. 3 mines. I was obliged to stop both of the mines after two explosions. It has not been rendered unsafe, but cannot say how many." A special despatch from Nanaimo says: "No 2 slope at Extension is on fire and dense clouds of black smoke can be seen from here. Late reports say that from 8 to 15 men are in danger, if not lost. It is said that it was impossible to get air to them, and that they are probably dead. The fire broke out this evening. The cause is not yet known."

STRUCK BY A SQUALL.

NEW YORK, Sept. 30.—The first American clipper ship to be wrecked in the Atlantic arrived in port this afternoon from San Francisco. The ship was the "Albatross," a clipper ship of 1,200 tons, which was wrecked about her decks, caused by her encounter with a hurricane in the North Atlantic. The ship was wrecked on Sept. 9, in lat. 38.50 N., long. 13.50 W. The ship was struck by a terrific squall from the east-northeast, which blew her masts down, and carried away the mainmast, and the spars and rigging came tumbling down, causing the ship to lose her way, and she was driven upon the rocks. Fortunately none of the crew was injured, and the wreck was not discovered until Sept. 29. The ship was found by the U. S. Fish Commission, and the remains were taken to the shore. The ship was a valuable asset to the United States, and her loss is a great one.

It appeared to be the description of Robert C. Brims, who disappeared from the Royal Hotel a week ago last Tuesday. Corporal Webster held an inquest and the body was identified as that of R. C. A STRANGE EXPERIENCE.

WOODSTOCK, Ont., Sept. 27.—Six weeks' life inside of a straw stack without water is the record of a four-year-old horse belonging to Albert King of Hickson. Five weeks ago Saturday night King's horse disappeared. It was thought to have been stolen, and the police were sent out warning to the police in other places to look out for a stolen horse. Yesterday afternoon some one at King's house mentioned moving inside of the straw stack in the barnyard and it proved to be the missing horse. He had worked his way inside the stack through a small opening and the straw had closed in on him. He had eaten a gap inside the stack twice the size of himself. The horse was becoming weak for want of water, but is getting all right again.
